# TOWN CLERK'S REPORT

## WARRANT FOR ANNUAL TOWN MEETING

MARCH 5, 1962

To either of the Constables of the Town of Stoneham in the County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs to meet in Town Hall on Monday, March 5, 1962, at six o'clock in the forenoon to act on the following articles of this warrant:

ARTICLE 1. To choose the following officers:

One (1) Moderator for one (1) year.

Five (5) Selectmen for one (1) year.

One (1) Assessor for three (3) years.

One (1) member of the Board of Public Welfare for three (3) years.

One (1) member of the School Committee for three (3) years.

Two (2) Trustees of the Public Library for three (3) years.

One (1) Trustee of the Public Library for two (2) years.

One (1) member of the Board of Health for three (3) years.

One (1) member of the Board of Public Works for three (3) years.

One (1) member of the Planning Board for five (5) years.

Three (3) Constables for one (1) year.

All on one ballot.

The polls will be opened at six o'clock in the forenoon and closed at eight o'clock in the evening.

For consideration of the following articles the meeting shall be adjourned to meet at 7:30 o'clock in the evening on Monday, March 12, 1962, in accordance with provisions of Section 2, Article 1, of the By-laws of the Town of Stoneham.

ARTICLE 2. To choose all other necessary Town officers for the year ensuing in such manner as the Town may determine.

ARTICLE 3. To hear reports of Town officers and committees and to act thereon and to choose committees.

ARTICLE 4. To see if the Town will vote to fix the salaries

of the several elective officers and boards of the Town for the current year.

ARTICLE 5. To see if the Town will vote to raise and appropriate or transfer from available funds such sums as may be necessary to defray Town charges for the ensuing year.

ARTICLE 6. To see if the Town will vote to instruct the Board of Assessors to use the sum of \$309,000.00 for the reduction of the 1962 tax rate.

Board of Selectmen

ARTICLE 7. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1962, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with provisions of Section 17, Chapter 44 of the General Laws.

Board of Selectmen

ARTICLE 8. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with provisions of Section 17, Chapter 44 of the General Laws.

Board of Selectmen

ARTICLE 9. To see if the Town will authorize the Board of Health to make appointments from its own membership to the positions of Health Inspector, Milk Inspector and Sanitarian, and to raise and appropriate money for salaries of said officers, or do anything in relation thereto.

Board of Health

ARTICLE 10. To see if the Town will authorize the Board of Health to enter into a contract for a term of not more than three (3) years for the removal and disposal of garbage, or do anything in relation thereto.

Board of Health

ARTICLE 11. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase or by taking by the right of eminent domain, or otherwise, land for school purposes, being a certain triangular parcel of land located south and west of the Colonial Park School property and bounded and described as follows: northerly by land of the Town of Stoneham 411.63 feet, easterly by land of the Town of

Stoneham 471.08 feet, and westerly by land now or formerly of Louis P. Drinkwater, Jr., and Alfred T. Drinkwater, trustees of Laura Realty Trust, 697.50 feet, containing 1.9 acres, more or less, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

School Committee

ARTICLE 12. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring by purchase the land together with the buildings thereon presently numbered 471 Main Street, owned by the New England Telephone and Telegraph Company, and being all that parcel of land situated in Stoneham, Middlesex County, Massachusetts, shown on a plan of land in Stoneham, Mass., surveyed for Wesley N. Gray, drawn by William Butler Jones, C.E., dated March 5, 1915, and recorded in Middlesex South District Registry of Deeds in Plan Book 231, Plan 33 and bounded as follows: Easterly by Main Street 75 feet; northerly by land now or formerly of Harriet A. Sweetser, as shown on said plan, 100 feet; westerly by land now or formerly of Wesley N. Gray, as shown on said plan, 75 feet; and southerly by other land now or formerly of Wesley N. Gray, as shown on said plan, 100 feet, containing approximately 7,496 feet, more or less, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

School Committee

ARTICLE 13. To see if the Town will approve the construction of a new housing project by the Stoneham Housing Authority, namely, a housing project for elderly persons pursuant to the provisions of Chapter 667 of Massachusetts Acts of 1954, and acts in amendment thereof and in addition thereto, to be known as State-Aided Housing Project 667-2.

Stoneham Housing Authority

ARTICLE 14. To see if the Town will vote to raise and appropriate a sum of money for the purpose of defraying the cost of constructing water mains or relaying water mains within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 15. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing sanitary sewer mains or relaying sanitary sewer mains within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by transfer from the Stabilization Fund, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 16. To see if the Town will vote to raise and appropriate a sum of money to reconstruct certain existing tar sidewalks within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 17. To see if the Town will vote to raise and appropriate a sum of money for the maintenance of highways which have been constructed with State and County aid, under the provisions of Chapter 90 of the General Laws, determine in what manner the said appropriation shall be raised, from taxation, or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 18. To see if the Town will vote to raise and appropriate or transfer from available funds in the treasury, a sum of money for Chapter 90 Highway construction or take any action in relation thereto.

Board of Public Works

ARTICLE 19. To see if the Town will vote to raise and appropriate a sum of money for labor, materials and other necessary expenses for the control of Dutch Elm Disease, in accordance

with provisions of Chapter 657, Acts of 1956, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds or do anything in relation thereto.

Board of Public Works

ARTICLE 20. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department one (1) two and one-half to three ton dump truck with rack platform body, and one (1) four to five ton dump truck, authorize the disposal of one (1) 1949 two-ton Dodge dump truck with rack body and one (1) 1940 Mack dump truck now in service, authorize the Board of Public Works to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 21. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department one (1) three-quarter to one ton dump truck and one (1) one-half to three-quarter ton pick-up truck, authorize the disposal of the 1952 Studebaker dump truck now in service, authorize the Board of Public Works to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 22. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department one (1) two and one-half to three ton dump truck, authorize the disposal of the 1952 International dump truck now in service, authorize the Board of Public Works to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum of money to be used jointly with funds previously raised and appropriated under Article 52 of the 1961 adjourned annual Town Meeting for the construction of a park shelter with rest room facilities at Recreation Park, determine in

what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 24. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department two (2) crawler type sidewalk tractors, complete with snow plows, authorize the Board of Public Works to make said purchase, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 25. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of the drainage brook off Avalon Road, from the end of the existing pipe on the northerly side of property now or formerly of Edward F. Geary on Avalon Road, a distance of 300 feet, more or less, northerly on land of the Town of Stoneham, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Edward F. Geary

ARTICLE 26. To see if the Town will vote to raise and appropriate a sum of money to purchase two (2) new automobiles for use of the Police Department, authorize the disposal of two (2) automobiles now in service, authorize the Moderator to appoint a committee of three citizens to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Captain of Police

ARTICLE 27. To see if the Town will vote to raise and appropriate a sum of money to provide a separate two-way radio communication system for the Fire Department, in accordance with Federal Communications Commission regulations, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Fire Chief

ARTICLE 28. To see if the Town will vote to raise and appropriate a sum of money to replace the underground fire alarm cable from the Central Fire Station to the corner of Main Street and Union Street together with other necessary expense, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto. '

Fire Chief

ARTICLE 29. To see if the Town will vote to raise and appropriate a sum of money to provide the following additional equipment to facilitate voting at elections: two ballot boxes, fifty polling booths and four checking tables, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Town Clerk

ARTICLE 30. To see if the Town will vote to raise and appropriate a sum of money to provide cooperative and complementary facilities to Mental Health Out-Patient Clinics and payment for services to be rendered for such clinics, in accordance with provisions of Chapter 40, Section 5, Clause 40C of the General Laws, any appropriation to be expended under the direction of the Board of Health, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Katherine L. Kenny and 12 others

ARTICLE 31. To see what action the Town will take for the disposition of all or any part of the unexpended balances of appropriations previously voted for specific purposes as follows:

Junior High School gymnasium repairs .....	\$ 253.04
Police Dept. Cruiser, Art. 25 (1961) .....	5.00
Police Dept. Cruiser, Art. 26 (1961) .....	15.47
Police Dept. Signal Desk .....	18.47
Tar Sidewalk Reconstruction .....	328.48
Chapter 90 Maintenance 1961 .....	593.92
P.W.D. Dump Truck .....	92.04
P.W.D. Four-wheel Drive Truck .....	6.15
P.W.D. Crawler-Type Sidewalk Tractors .....	625.40
Poplar Street and Northgate Road Paving .....	19.33
Lucy Street Paving .....	6.33
Walsh Avenue Paving .....	888.12

Town Accountant

ARTICLE 32. To see if the Town will vote to accept as public town ways the following ways as laid out by the Planning Board:

- (1) Celestine Terrace. (2) Randolph Road. (3) Rhuland Road. (4) Evans Road.

Residents of the Streets

ARTICLE 33. To see if the Town will vote to accept as public town ways the following ways as laid out by the Planning Board:

- (1) Felsmere Avenue from Lotus Avenue to Cherry Avenue.
- (2) Greystone Road from Main Street westerly 730 feet, more or less.
- (3) Hotin Road from William Street to Royal Street.

Residents of the Streets

ARTICLE 34. To see if the Town will vote to raise and appropriate a sum of money to pave any and all of the public ways accepted under Article 33 of this warrant, under the laws relating to the assessment of betterments, that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Residents of the Streets

ARTICLE 35. To see if the Town will vote to accept provisions of Chapter 40, Section 6G entitled "Making of Temporary Repairs on Certain Private Ways by Municipalities Regulated; Sections 6E and 6F Not to be Effective in Such Municipalities."

Residents of Birch Street and Carol Street

ARTICLE 36. To see if the Town will vote to raise and appropriate a sum of money to make temporary repairs to Birch Street under provisions of Chapter 40, Section 6G of the General Laws, determine said repairs are required by public necessity and convenience, authorize the Selectmen and/or the Board of Public Works to assess betterments, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Residents of Birch Street and Carol Street

ARTICLE 37. To see if the Town will vote to amend the Zoning By-Law by adding under Article 1, Section 1, entitled "Establishment of Districts," a Class A1 Residence District. And by further amending the Zoning By-Law by adding a new section to be known as Section 1A which provides as follows: A Class A1 Residence District will contain all the restrictions and provisions of the One Family Residence District as provided in this By-Law except that lots in the A1 District must have a minimum lot area of 40,000 feet and a minimum lot frontage of 200 feet.

Planning Board

ARTICLE 38. To see if the Town will vote to amend the Zoning By-Law and map by establishing the following described areas as Residence A1 Districts:

An Area of land known as the Middlesex Fells Reservation in Stoneham of approximately 1,271 acres bounded on the east by the Lynn Fells Parkway and the Stoneham-Melrose town line, on the south by the Stoneham-Malden and Stoneham-Medford town line, on the west by the Stoneham-Winchester town line, and on the north by a line following the present northernmost limits of the land of the Metropolitan District Commission from the Winchester-Stoneham town line to the Melrose-Stoneham town line.

An area of land of approximately 55½ acres in Stoneham known as the Bear Hill Country Club bounded on the north by the Stoneham-Wakefield town line and North Street, on the West by land now or formerly of Adolph C. Farr, Lillian A. McGaffigan, Lester C. and Camille Gaul, John and Alza F. Quimby, Louis A. and Emma J. Thulin, James F. and Janet McDonough, Camella Tenereillo, Tremarco Corp., and on the south by Kenneth Terrace and land now or formerly of Stanley and Florence B. Shiner, Guiseppe DiCicco, and on the east by High Street.

An area of land in Stoneham of approximately 79¼ acres known as the Unicorn Country Club bounded on the north by William Street and land now or formerly of Melvin and Phyllis Keimach, John E. and Edith E. Harvey, Frank J. and Eda M. Pissinis, Anthony J. and Norma J. Gianferri, Edwin K. and Frances F. Hermes, Robert E. and Theresa M. Brown, Louis and Eva Massa, and on the east by land now or formerly of Edna C. Lord, Town of Stoneham, Victor H. Leib, Christina Elizabeth Stinson, and on the south by Montvale Avenue and land now or formerly of Ruby M. O'Toole, Charles F. and Rose C. Day, and on the West by the Stoneham-Woburn town line.

Planning Board

ARTICLE 39. To see if the Town will vote to amend the Zoning By-Law under Article 1, Section 3, by adding a new Sub-section 4 to read: No building shall be erected except apartment or professional buildings on land added to the residence "B" district after the date of passage of this amendment.

Planning Board

ARTICLE 40. To see if the Town will vote to amend the Zoning By-Law by deleting from Article 1, Section 2, Sub-section a, entitled "Exceptions," the following part of the second paragraph "A duplex or semi-detached house may be erected provided" so as to read: "A detached single house may be altered and used as a place of residence for two families provided the area of the lot complies with the area restrictions for two-family houses."

The area restrictions are as follows: 15 feet from any lot line and 30 feet from any residence building on the same lot.

Planning Board

ARTICLE 41. To see if the Town will vote to amend Article 1, Section 3, Residence "B" Districts of the Zoning By-Law as follows: Under exceptions: by deleting the third (3rd) paragraph and adding a new Section 20 under Article 1 of the Zoning By-Law entitled "Regulation of Apartment Buildings" as follows:

Density — A maximum density of 40 dwelling units per acre.

Minimum lot frontage — 150 feet.

Maximum lot coverage — 1. Main Street 25%

2. Other areas 20%

Yard Requirements — 1. Front yards 30'

2. Side yards 30'

3. Rear yards 30'

Height — 1. 60' Main Street

2. 40' Other areas

Off Street Parking: One parking space per dwelling unit—

All parking shall be located to the rear of the front building line.

Recreation Space — 15% of gross site area.

Maximum Length of Structure: 200 Ft.

Planning Board

ARTICLE 42. To see if the Town will vote to amend Article 1, Section 3, Residence "B" Districts, of the Zoning By-Law as follows: under b. Height of Buildings by striking out the word "forty" and numeral (40) and inserting in place thereof the word "fifty-five" and numeral (55) so that it shall read "b. Height of Buildings. The height limit in Residence "B" Districts shall not

exceed fifty-five (55) feet or two and one-half stories; by adding to the second paragraph under Exceptions the words "elevator shafts" so that it shall read "The height limit in feet shall not apply to chimneys, ventilators, elevator shafts, skylights or tanks usually carried above roofs, nor to domes or spires of non-residential buildings"; and by striking out, in the third paragraph the word "forty" and the numeral (40) and inserting in place thereof the word "fifty-five" and the numeral (55) so that it shall read "Apartment houses shall not be restricted to two and one-half stories provided they shall not exceed fifty-five (55) feet in height and shall not occupy more than forty per cent (40%) of the lot area."

William F. D'Annolfo

ARTICLE 43. To see if the Town will vote to amend the Zoning By-Law of the Town of Stoneham by striking out, under Article 1, Section 2, Sub-section 9A in its entirety.

Arthur G. Chapman and 14 others.

ARTICLE 44. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Residence "B" Districts, as heretofore defined and set forth, the following described area: Beginning at a point on the southerly side of Colincote Street 100 feet easterly of Main Street, adjacent to the present limits of the Residence "B" District, thence the line runs easterly to Central Street; thence the line turns and runs southerly on Central Street along a curved line to the Southerly lot line of Tedd J. Syak; thence the line turns and runs westerly along the lot line of land of said Syak 37 feet; thence the line turns and runs northerly along a curved line adjacent to the present limits of the Retail Business District to a point on the northerly lot line of land of said Syak 60 feet westerly of Central Street; thence the line turns and runs westerly along the northerly lot line of land of said Syak to a point 100 feet easterly of Main Street; thence the line turns and runs northerly a distance of 125 feet, more or less, adjacent to the present limits of the Residence "B" District, and parallel to Main Street to the point of beginning.

Tedd J. Syak

ARTICLE 45. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Residence "B" District, as heretofore defined and set forth so as to include in the Residence "B" District the following described area: Beginning at a point on the Southwesterly side of Crosby Street, one hundred fifty-nine and 91/100 (159.91) feet distant from Crosby

Street at boundary of land now or formerly of Palma Costa and land now or formerly of Thomas F. Panetta; thence the line runs southwesterly along land now or formerly of Palma Costa; thence the line runs northerly along land now or formerly of the Commonwealth of Massachusetts; thence the line runs easterly along the land now or formerly of John and Caterina Russo; thence the line runs northwesterly along the land now or formerly of John and Caterina Russo; thence the line runs northeasterly along the land of the Commonwealth of Massachusetts; thence the line runs easterly along the land of the Commonwealth of Massachusetts; thence the line runs in a general southeasterly direction along the land now or formerly of the Commonwealth of Massachusetts; thence the line runs southwesterly along land now or formerly of Phillip L. and Margaret T. Beasley; thence the line runs northwesterly along Hanford Road; thence the line runs southwesterly along Wagner Road; thence the line runs northwesterly along land now or formerly of A. L. D'Annolfo, Inc., thence the line runs southwesterly along the land now or formerly of the following: A. L. D'Annolfo, Inc.; Howard W. and Ethel M. Mulliken; Harry A. and Catherine R. Hamilton; Leo W. and Marion A. Reagan; Diego R. and Elena A. Messina; Frank R. and Blanche H. Wasson, and Richard W. and Norma R. Wasson; Albert S. and Gussie M. Crivello; and Donald A. and Paida M. Bersacola; thence the line runs southeasterly along land now or formerly of Donald A. and Paida M. Bersacola; thence the line runs southwesterly along Wagner Road; thence the line runs southeasterly along Crosby Street; thence the line runs southwesterly along land now or formerly of Thomas F. Panetta to the point of beginning.

Being the same land as described as lot "A" on a plan of land of "Phillips Park, Section 3" dated August 7, 1957 by Dana F. Perkins and Sons, Inc., 270 Main Street, Reading, Mass. appearing as Plan #1428 of 1957 in Book 9030, Page 435 of the South Middlesex Registry of Deeds, excepting that portion of lot "A" which is shown as lots 106 through 115 on a plan of a "Subdivision of Land in Stoneham, Mass." dated October 28, 1958 by Dana F. Perkins and Sons, Inc., Civil Engineers and Surveyors, Reading, Mass. appearing as Plan #1668 of 1959 at the end of Book 9483 of the South Middlesex Registry of Deeds.

William F. D'Annolfo

ARTICLE 46. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth so as to include in the said Residence "B" District the parcel of land situated on

the Westerlly side of Main Street, bounded as follows: Easterly by the westerly limits of the present Residence "B" District by a curved line, about 656 feet; southwesterly by land now or formerly of Rachel H. Steele known as Lots 5 and 6, 90 feet; southeasterly by said Lots 5 and 6, 172.03 feet; again easterly by said Lots 5 and 6, 35 feet; again southeasterly by land of Cedrone, 99.18 feet; again easterly by said land of Cedrone, 41.80 feet; southerly by lands of Goshtigian, Emery and Ucello, 320.16 feet; westerly and southerly, in a curved line, by lands of Wadell, Hedberg, Lindstrom and Clark, 603.2 feet; again westerly by land of Clark, 155.35 feet; again southerly by land of Clark, 100 feet; again westerly by lands of Kenney and Harrington, 223.89 feet; northerly by land formerly of Brown and State Highway 128, 343 feet; again easterly by land of Bordonaro, 70.8 feet; and again northerly by said land of Bordonaro, 345 feet.

Rachel H. Steele

By: Orvis H. Saxby, Attorney

ARTICLE 47. To see if the Town will vote to amend the Zoning By-Law by extending the limits of the Residence "B" Zone as heretofore defined and set forth by including therein the following described area: the land situated on the westerly side of Main Street, bounded easterly by the present limits of the Residence "B" Zone, 204 feet; southwesterly by Westwood Road, 92 feet; and northwesterly by lands of Kemp and Wilson, 180 feet.

John H. Dike

ARTICLE 48. To see if the Town will appoint a committee of nine (9) members to be known as the Capital Outlay Expenditure Committee, which shall draw up a program of "capital outlay expenditures," said committee to consist of the following: a member of the Finance and Advisory Board, a member of the School Committee, a member of the Board of Selectmen, a member of the Board of Public Works, a member of the Planning Board, the Town Accountant and three members appointed by the Moderator, and that the sum of \$1,000.00 be raised and appropriated therefor for the expense of the committee.

James A. McDonough, Jr., and 12 others

ARTICLE 49. To see if the Town will vote to raise and appropriate a sum of money to pay the rent of quarters or lease quarters for use of Leon E. Warren Camp, United Spanish War Veterans; Stoneham Post No. 115, American Legion; Sgt. George J. Hall Post No. 620, Veterans of Foreign Wars; Stoneham Chapter

107, Disabled American Veterans; World War I Veterans, Barracks 395, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Selectmen

ARTICLE 50. To see if the Town will vote to accept the new Massachusetts Code for installation of gas appliances and gas piping, established under provisions of Chapter 737, Acts of 1960.

Building and Wire Inspector

ARTICLE 51. To see if the Town will amend the By-laws of the Town of Stoneham by adding a new article to be known as Article IX A, entitled "Gas Inspector" and to read as follows:

Section 1. The Inspector of Wires shall appoint annually in April an inspector of gas piping and gas appliances in buildings, to be known as a Gas Inspector, who shall hold office for a term expiring on the thirtieth day of April in the following calendar year and until his successor is appointed and qualified. His compensation shall be established by the Personnel Board. He shall have had at least ten years of practical experience in gas fitting. The duties of the Gas Inspector shall be the enforcement of the rules and regulations adopted by the Board established under Section 12H of Chapter 25 of the Massachusetts General Laws, and any acts in amendment thereof and in addition thereto. The Gas Inspector may, so far as is necessary for the performance of his duties, enter any building with the Town at any reasonable hour.

Section 2. The Inspector of Wires may at any time appoint, for such terms as he may determine, one or more Assistant Gas Inspectors to act in the absence or disability of the Gas Inspector and, while so acting, each of them shall have and may exercise all of the powers and duties of the Gas Inspector. Assistant Gas Inspectors shall have the same qualifications as hereinabove set forth for the Gas Inspector.

Section 3. The Gas Inspector shall not be interested in any building contract in the Town or have any interest in the furnishing of materials for any building therein; provided however, that he may, with the written approval of the Board of Selectmen, have such interest if he wholly refrains from acting as Gas Inspector in the particular case. In each such case, the Inspector of Wires shall designate an Assistant Gas Inspector or shall appoint a

disinterested substitute Gas Inspector to act therein, with all the powers and duties of the Gas Inspector; and the compensation paid to such assistant or substitute in such case shall be deducted from the salary of the Gas Inspector.

Building and Wire Inspector

ARTICLE 52. To see if the Town will vote to amend Article III of the Revised By-laws of the Town of Stoneham by adding a new section to be known as Section 7A, to read as follows:

Section 7A. Any elective and appointive official serving on any Town of Stoneham board or committee, or Town office, whose employment is such, whether permanent, part-time, temporary or in a professional or consulting basis, or having any financial interest in, or deriving financial gain from any company, corporation, partnership or individual whose business, when conducted with the Town of Stoneham, requires the approval of, or is regulated by, any Town board or committee of which they are a member, shall, within ten (10) days after either election or appointment to a Town board or committee or office, or within ten (10) days of becoming affiliated with any company, corporation, partnership or individual doing business with the Town of Stoneham, file with the Town Clerk the following information: any financial interest in, or employment by the previously stated company, corporation, partnership or individual. It shall then be the duty of the Town Clerk to have such reports published in the newspapers of the Town of Stoneham within three (3) weeks following receipt of said information.

James F. Rowean and 10 others

ARTICLE 53. To see if the Town will accept provisions of Chapter 647, Acts of 1960, entitled "An Act relative to Increasing the Amounts of Pensions and Retirement Allowances Payable to Certain Former Public Employees," raise and appropriate money therefor, or do anything in relation thereto.

Board of Selectmen

ARTICLE 54. To see if the Town will vote to accept provisions of Chapter 38, Acts of 1962, entitled "An Act Changing the Title of Executive Officer of the Police Department of the Town of Stoneham from Captain to Chief of Police."

Police Captain

ARTICLE 55. To see if the Town will accept provisions of

Chapter 322, Acts of 1961, entitled "An Act Authorizing the Towing of Vehicles from City and Town Ways where such Vehicles are Parked or Standing in Violation of the Law."

Board of Selectmen

And you are directed to have one thousand five hundred (1500) copies of the warrant printed and so serve the same by posting attested copies in at least 10 (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place as aforesaid.

Given unto our hands this thirteenth day of February in the year one thousand nine hundred and sixty-two, A.D.

GEORGE L. SULLIVAN  
DANIEL L. HURLEY  
FRED A. SCHNEIDER  
STANLEY D. WOOD  
DONALD J. MORRISON

Selectmen of Stoneham

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on February 25, 1962 and by publishing duly attested copies of the within warrant in the Stoneham Independent and the Stoneham Press on Thursday, March 1, 1962.

ROBERT E. MOREIRA  
Constable of Stoneham

## **ANNUAL TOWN MEETING, MARCH 5, 1962**

### **Town Election**

Agreeable to the warrant signed by the Selectmen on February 13, 1962, and in accordance with the By-laws of the Town of Stoneham, the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs met in Town Hall on Monday, March 5, 1962 at six o'clock in the forenoon.

The meeting was called to order by the Moderator and the warrant read.

Election officers, appointed by the Selectmen in accordance with provisions of Chapter 54 of the General Laws, were sworn by the Town Clerk and assigned to duty.

At eight o'clock in the evening the polls were declared closed at which time ballot box No. 1 registered 2243 and ballot box No. 2 registered 2142 as ascertained by the Warden. The check list at the entrances had the names of 4385 voters as having received ballots and the check lists at the ballot boxes had the names of 4385 voters as having cast ballots.

#### Moderator — One Year

Robert D. Callahan, 15 Seward Road .....	3190
Blanks .....	1195

Robert D. Callahan, having received the highest number of all votes cast for Moderator, was declared elected for one year.

#### Selectmen — One Year

Daniel L. Hurley, 10 Kenneth Terrace .....	1933
Donald J. Morrison, 8 Highland Avenue .....	1665
Fred A. Schneider, 50 Broadway .....	1926
George L. Sullivan, 109 Park Street .....	2072
Stanley D. Wood, 28 Seward Road .....	1490
Furio Bracciotti, 19 High Street .....	1890
Robert W. Douglass, 531 Main Street .....	1384
Joseph W. Fallon, 592 Main Street .....	1410
David S. Gilson, 153 Orris Street .....	1291
Paul I. McCarthy, 6 Oak Street .....	869
Edmund J. Moreira, 19 Endicott Road .....	1694
Blanks .....	4289
Scattering .....	12

George L. Sullivan, Daniel L. Hurley, Fred A. Schneider, Furio Bracciotti and Edmund J. Moreira, having received the highest number of all votes cast for Selectmen, were declared elected for one year.

#### Assessor — Three Years

Paul R. Campbell, 81 Elm Street .....	1470
Anthony R. Ciampa, 11 Waterhouse Road .....	1263
William S. Coy, Jr., 135 Spring Street .....	1325
Blanks .....	327

Paul R. Campbell, having received the highest number of all votes cast for Assessor, was declared elected for three years.

#### School Committee — Three Years

Julia F. Jenkins, 166 Wiliam Street .....	2304
Betty B. McManus, 5 Forest Street .....	1619
Blanks .....	462

Julia F. Jenkins, having received the highest number of all votes cast for School Committee, was declared elected for three years.

#### Board of Public Welfare — Three Years

Alton W. Estes, 74 Marble Street .....	2958
Joseph S. R. Zagarella, 32 Spring Lane .....	909
Blanks .....	518

Alton W. Estes, having received the highest number of all votes cast for Board of Public Welfare, was declared elected for three years.

#### Trustees of Public Library — Three Years

Kathryn B. English, 2 Poplar Street .....	3431
John W. Farquharson, 14 Myrtle Street .....	3071
Blanks .....	2268

Kathryn B. English and John W. Farquharson, having received the highest number of all votes cast for Trustees of Public Library, were declared elected for three years.

#### Trustee of Public Library — Two Years

Vladimir T. Dimitroff, Jr., 20 Cedar Avenue .....	1440
Kenneth C. Pearson, 18 Stevens Street .....	2188
Blanks .....	757

Kenneth C. Pearson, having received the highest number of all votes cast for Trustee of Public Library, was declared elected for two years.

#### Board of Health — Three Years

Harold C. Hurd, Jr., 11 Lincoln Street .....	3557
Blanks .....	828

Harold C. Hurd, Jr., having received the highest number of all votes cast for Board of Health, was declared elected for three years.

Blanks .....	445

Daniel C. Towse, having received the highest number of all votes cast for Planning Board, was declared elected for five years.

Constables — One Year

Robert E. Moreira, 8 Rowe Street .....	3072
John C. Nelson, 3 Steele Street .....	2757
James F. Mahoney, 76 Hancock Street .....	2278
Ugo M. Roli, 71 Hancock Street .....	1770
Blanks .....	3278

Robert E. Moreira, John C. Nelson and James F. Mahoney, having received the highest number of all votes cast for Constable, were declared elected for one year.

All requirements of law having been compiled with, the meeting was declared adjourned to meet in Town Hall on Monday, March 12, 1962 at 7:30 o'clock in the evening, in accordance with provisions of Article 1, Section 2 of the By-laws of the Town of Stoneham.

All the foregoing truly entered.

WINTHROP A. McCARTHY, Town Clerk

**ADJOURNED ANNUAL TOWN MEETING,  
MARCH 12, 1962**

Agreeable to the warrant signed by the Selectmen on February 13, 1962, and in accordance with the vote of adjournment at the annual Town Meeting held on March 5, 1962, the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs met in Town Hall on Monday, March 12, 1962, at 7:30 o'clock in the evening.

Tellers were appointed to check the names of voters entering the hall and the check lists showed that eight hundred and eighteen (818) voters attended the meeting.

The meeting was called to order by the Moderator and the warrant read.

Article 2. VOTED that the Selectmen be authorized to appoint all other town officers whose appointment is not otherwise provided for by law.

Article 3. VOTED that the reports of town officers and committees as printed in the annual Town Report for the year 1961 be accepted.

VOTED that the following report of the Incinerator Committee be accepted as a report of progress: The Incinerator Committee, appointed at the 1961 annual Town Meeting, has met several times and the following is submitted: (1) Action by the General Court in 1961 resulted in the passage of a law requiring other means of rubbish disposal than open burning. (2) A report on rubbish collection and disposal was made for the Town by the firm of Fay, Spofford and Thorndike. (3) Members of the committee spent considerable time investigating the possibilities outlined in the report as well as other means of disposal. (4) Meetings were held with representatives of surrounding towns to discuss joint incineration. (5) The cost of erecting and operating our own incinerator was investigated. (6) Rubbish disposal by land fill was checked. Operating costs and availability of sufficient land was found to be questionable. (7) Best proposal to date is use of private incineration. A contractor is to start construction of an incinerator in Medford in the Spring and an offer has been made to the Town of approximately \$28,000.00 per year to handle rubbish. (8) Pending definite action by the contractor, coupled with the possibility of other means of adequate disposal, it is recommended that action by the Town be postponed at this time. (9) It is requested that the Incinerator Committee remain intact until firm recommendations can be made at a future Town Meeting.

Paul C. Brown, Chairman

VOTED that the following report of the Stoneham History Committee be accepted as a report of progress: At the Town Meeting in March, 1961, according to Article 51, it was voted to appoint a committee to study the advisability of writing a new history for the Town of Stoneham. Moderator Robert D. Callahan

appointed the following to be that committee: Dr. William S. Coy, Mrs. Helen Mullaley Hamill, Mr. Frank J. Gallagher, Mrs. Eleanor Hovey and Mrs. Helen Baldwin Kinsley. This committee has met and do advise that a history of the Town should be written covering the period from the last published history (1891) to the year of 1960. We would like to continue this study with a larger group to do research and intensive study. We ask for the authority to enlarge this committee for such research.

Mrs. Helen B. Kinsley, Chairman

VOTED that the following report of the Stoneham History Committee be accepted as a report of progress: In accordance with the vote of the Town and appointment of the Committee on History, as listed at the end of this communication, we report progress on such research and history. Since no file has been kept of the progress and happenings of Stoneham since 1900 there will be a great deal of research needed to be done. We think there are many people in the Town who have knowledge and facts to make this research possible. We are asking for authority to augment this committee, from time to time. Those asked may or may not be permanent members of the History Committee. At no time will it be a large, unwieldy committee, but possibly it will be subdivided into research, writing, illustrations and printing. To date, there has been no need for an appropriation of money, but certainly some subsidy will be asked for later as the date for writing comes nearer. Mrs. Helen B. Kinsley, Mrs. Eleanor Hovey, Mrs. Helen Mullaley Hamill, Dr. William S. Coy and Frank J. Gallagher.

VOTED that the following report of the School Survey Committee be accepted as a report of progress: In accordance with a vote passed at the annual Town Meeting of 1957, the School Survey Committee submits the following report for the year 1961. The population of Stoneham is continuing to increase and we estimate an ultimate population of 25,000. In 1940 the population of Stoneham was 10,674; in 1950, 13,028; in 1960, 17,821. In turn, the enrollment of pupils in our schools has increased steadily. In 1940 the enrollment was 1,646; in 1950, 1,887; in 1960, 3,069; currently 3,221, and we estimate a future enrollment of 4,136.

Stoneham is fortunate in having all of its schools in reasonable good condition and our problem, for some time in the future, will be additional classrooms and not a replacement program for our present buildings. The current rate of increase in our enrollment means that five additional classrooms are required each year to take care of this child population growth.

During the year 1961 the Town authorized a sixteen classroom addition to the High School building. A committee has been appointed and they are presently working to have actual construction approved and started as soon as possible. Upon completion of this addition, the ninth grade will be transferred to the High School and thereby relieve the crowded condition in the present three year Junior High School for a period of time. This in turn will provide limited space to help the overcrowded condition in the elementary schools.

The problem now before the School Survey Committee is one of additional space for elementary pupils, since the enrollment for the first grade continues to increase considerably each year. We have six elementary schools with a total of fifty-six classrooms having a normal capacity of 1,680 pupils. Our current enrollment is 1,717 pupils with a classroom shortage already critical. We estimate that in ten years, classroom space will be needed for 2,102 pupils.

The most critical areas are in the North and East School districts. The possibilities of additions to present school buildings or new schools are being studied by the Survey Committee and the citizens of Stoneham should be aware of this critical situation. Definite recommendations will be presented to the Town in the near future. The need for acquiring land for any future schools is also being considered by the Survey Committee. It particularly has in mind a recommendation that if the Town Infirmary on Elm Street should ever be discontinued or any of its land should become available that it be reserved for a future school site.

The recommendations as set forth in the Master Plan for the Town of Stoneham will be carefully considered in any future recommendations presented to the Town by the School Survey Committee. Raymond H. Seitz, Chairman; Helen B. Osgood, Secretary; Thomas J. D. Horne, Horace M. Chase and Millard D. Taylor.

Article 4. VOTED that the Town fix the salaries of its several elected officers for the year 1962 as follows:

Moderator .....	\$ 50.00
Selectmen, each .....	110.00
Town Treasurer and Collector .....	6,460.00

Walsh Avenue Paving .....	888.12

and that the Town Accountant be and hereby is authorized to make such transfers on the books of the Town.

Article 32. VOTED that the Town accept as public town ways the following ways as laid out by the Planning Board: (1) Celestine Terrace; (2) Randolph Road; (3) Rhuland Road; (4) Evans Road.

Article 33. VOTED that the Town accept as public town ways the following ways as laid out by the Planning Board: (1) Felsmere Avenue from Lotus Avenue to Cherry Avenue; (2) Graystone Road from Main Street westerly 730 feet, more or less.

Article 34. VOTED that the Town raise and appropriate the sum of \$12,209.00 to pave the following public town ways accepted under Article 33 of this warrant: (1) Felsmere Avenue, from Lotus Avenue to Cherry Avenue; (2) Graystone Road, from Main Street westerly 730 feet, more or less; under the law relating to the assessment of betterments, raise the said appropriation by transfer from the Excess and Deficiency Account, authorize the Selectmen or Board of Public Works to obtain easements

for the purpose of enabling the Town to enter upon private land where necessary, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 35. VOTED that the subject matter of this article be indefinitely postponed.

Article 36. VOTED that the Town raise and appropriate the sum of \$220.00 to make temporary repairs to Birch Street, under provisions of Chapter 40, Section 6G of the General Laws, determine that said repairs are required by public necessity and convenience, authorize the Selectmen and/or the Board of Public Works to assess betterments, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 37. VOTED that the Town amend the Zoning By-Law by adding under Article 1, Section 1, entitled "Establishment of Districts," a Class A1 Residence District. And by further amending the Zoning By-Law by adding a new section to be known as Section 1A which provides as follows: A Class A1 Residence District will contain all the restrictions and provisions of the One Family Residence District as provided in this By-Law except that lots in the A1 District must have a minimum lot area of 40,000 feet and a minimum lot frontage of 200 feet. Unanimous.

Article 38. VOTED that the town amend the Zoning By-Law and map by establishing the following described areas as Residence A1 Districts:

An area of land known as the Middlesex Fells Reservation in Stoneham of approximately 1,271 acres bounded on the east by the Lynn Fells Parkway and the Stoneham-Melrose town line; on the south by the Stoneham-Malden and Stoneham-Medford town line; on the west by the Stoneham-Winchester town line; and on the north by a line following the present northernmost limits of the land of the Metropolitan District Commission from the Winchester-Stoneham town line to the Melrose-Stoneham town line.

An area of land of approximately 55½ acres in Stoneham known as the Bear Hill Country Club bounded on the north by the Stoneham-Wakefield town line and North Street; on the west by land now or formerly of Adolph C. Farr, Lillian A.

McGaffigan, Lester C. and Camille Gaul, John and Alza F. Quimby, Louis A. and Emma J. Thulin, James F. and Janet Mc-Donough, Camella Tenereillo, Tremarco Corp.; and on the south by Kenneth Terrace and land now or formerly of Stanley and Florence B. Shiner, Guiseppe DiCicco; and on the east by High Street.

An area of land in Stoneham of approximately 79¼ acres known as the Unicorn Country Club bounded on the north by William Street and land now or formerly of Melvin and Phyllis Keimach, John E. and Edith E. Harvey, Frank J. and Eda M. Pissinis, Anthony J. and Norma J. Gianferri, Edwin K. and Frances F. Hermes, Robert E. and Theresa M. Brown, Louis and Eva Massa; and on the east by land now or formerly of Edna C. Lord, Town of Stoneham, Victor H. Leib, Christina Elizabeth Stinson; and on the south by Montvale Avenue and land now or formerly of Ruby M. O'Toole, Charles F. and Rose C. Day; and on the west by the Stoneham-Woburn town line. Unanimous.

Article 39. VOTED that the town amend the Zoning By-Law under Article 1, Section 3, by adding the new Sub-section 4 to read: No building shall be erected except apartment or professional buildings on land added to the residence "B" district after the date of passage of this amendment. Unanimous.

Article 40. VOTED that the town amend the Zoning By-Law by deleting from Article 1, Section 2, Sub-section a, entitled "Exceptions," the following part of the second paragraph "A duplex or semi-detached house may be erected provided so as to read: "A detached single house may be altered and used as a place of residence for two families provided the area of the lot complies with the area restrictions for two-family houses. Yes 553; No 31.

Article 41. VOTED that the Town amend Article 1, Section 3, Residence "B" Districts of the Zoning By-Law as follows: Under exceptions; by deleting from the third (3rd) paragraph the following, "and shall not occupy more than 40% of the lot area" and adding a new Section 20 under Article 1 of the Zoning By-Law entitled "Regulation of Apartment Buildings" as follows:

All apartment buildings constructed in the Town shall meet the following requirements:

Density—A maximum density of 40 dwelling units per acre.  
Minimum lot frontage—150 feet.

Maximum lot coverage—1. Main Street 25%  
2. Other areas 20%

Minimum Yard Requirements—1. Front yards 30'  
2. Side yards 30'  
3. Rear yards 30'

Maximum Height—Forty feet.

Off Street Parking: One parking space per dwelling unit—  
All parking shall be located to the rear  
of the front building line.

Recreation Space—15% of gross site area.

Maximum Length of Structure: 200 feet. Unanimous.

Article 42. VOTED that the subject matter of this article  
be indefinitely postponed.

Article 43. VOTED that the Town amend the Zoning By-  
Law of the Town of Stoneham by striking out, under Article 1,  
Section 2, Sub-section 9A in its entirety. Yes 521; No 26.

Article 44. VOTED that the Town amend the Zoning By-  
Law by adding to the present limits of the Residence "B" Dis-  
tricts, as heretofore defined and set forth, the following described  
area: Beginning at a point on the southerly side of Collincote  
Street 100 feet easterly of Main Street, adjacent to the present  
limits of the Residence "B" District, thence the line runs easterly to  
Central Street; thence the line turns and runs southerly on Central  
Street along a curved line to the southerly lot line of Tedd J. Syak;  
thence the line turns and runs westerly along the lot line of land of  
said Tedd J. Syak; 37 feet; thence the line turns and runs northerly  
along a curved line adjacent to the present limits of the Retail  
Business District to a point on the northerly lot line of land  
of said Syak 60 feet westerly of Central Street; thence the line  
turns and runs westerly along the northerly lot line of land  
of said Syak to a point 100 feet easterly of Main Street; thence  
the line turns and runs northerly a distance of 125 feet, more  
or less, adjacent to the present limits of the Residence "B" Dis-  
trict and parallel to Main Street to the point of beginning.  
Unanimous.

Article 45. VOTED that the subject matter of this article  
be indefinitely postponed.

Article 46. VOTED that the Town amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth so as to include in the said Residence "B" District the parcel of land situated on the Westerly side of Main Street, bounded as follows: Easterly by the westerly limits of the present Residence "B" District by a curved line, about 656 feet; southwesterly by land now or formerly of Rachel H. Steele known as Lots 5 and 6, 90 feet; southeasterly by said Lots 5 and 6, 172.03 feet; again easterly by said Lots 5 and 6, 35 feet; again southeasterly by land of Cedrone, 99.18 feet; again easterly by said land of Cedrone, 41.80 feet; southerly by lands of Goshtigian, Emery and Ucello, 320.16 feet; westerly and southerly, in a curved line, by lands of Wadell, Hedberg, Lindstrom and Clark, 603.2 feet; again westerly by land of Clark, 155.35 feet; again southerly by land of Clark, 100 feet; again westerly by lands of Kenney and Harrington; 223.89 feet; northerly by land formerly of Brown and State Highway 128, 343 feet; again easterly by land of Bordonaro, 70.8 feet; and again northerly by said land of Bordonaro, 345 feet. Yes 454; No 60.

Article 47. A motion was made and seconded under this article. The motion did not prevail. Yes 208; No 246.

Article 48. VOTED that the Town appoint a committee of nine (9) members to be known as the "Capital Outlay Expenditure Committee," which shall draw up a program of "capital outlay expenditures," said committee to consist of the following: a member of the School Committee, a member of the Board of Selectmen, a member of the Board of Public Works, a member of the Planning Board, the Town Accountant and four (4) members appointed by the Moderator, and that the sum of \$1,000.00 be raised and appropriated therefor for the expense of the committee.

Article 49. VOTED that the Town raise and appropriate the sum of \$1,800.00 to pay the rent of quarters or lease quarters for use of Leon E. Warren Camp, United Spanish War Veterans; Stoneham Post No. 115 American Legion; Sgt. George J. Hall Post No. 620, Veterans of Foreign Wars; Stoneham Chapter 107, Disabled American Veterans; World War I Veterans, Barracks 395, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 50. VOTED that the subject matter of this article be indefinitely postponed.

Article 51. VOTED that the subject matter of this article be indefinitely postponed.

Article 52. VOTED that the Town amend Article III of the Revised By-Laws of the Town of Stoneham by adding a new section to be known as:

Section 7A. Any elective or appointive official serving on any Town of Stoneham board or committee, or Town office, whose employment is such, whether permanent, part-time, temporary or in a professional or consulting basis, or having any financial interest in, or deriving financial gain from any company, corporation, partnership or individual whose business, when conducted with the Town of Stoneham, requires the approval of, or is regulated by any Town board or Committee of which they are a member, shall, within ten (10) days after either election or appointment to a Town board or committee or office, or within ten (10) days of becoming affiliated with any company, corporation, partnership or individual doing business with the Town of Stoneham, file with the Town Clerk the following information: any financial interest in, or employment by the previously stated company, corporation, partnership or individual. It shall then be the duty of the Town Clerk to have such reports published in the newspapers of the Town of Stoneham within three (3) weeks following receipt of said information.

Article 53. VOTED that the Town accept provisions of Chapter 647, Acts of 1960, entitled "An Act Relative to Increasing the Amounts of Pensions and Retirement Allowances Payable to Certain Former Public Employees," raise and appropriate the sum of \$168.44 therefor, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 54. VOTED that the Town accept provisions of Chapter 38, Acts of 1962, entitled "An Act Changing the Title of Executive Officer of the Police Department of the Town of Stoneham from Captain to Chief of Police.

Article 55. VOTED that the subject matter of this article be indefinitely postponed.

All the business of the Annual Town Meeting having been completed, the meeting was adjourned.

All the foregoing truly entered.

WINTHROP A. McCARTHY, Town Clerk

ARTICLE 2. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by striking out in its entirety Section 10 and inserting in its place the following:

"Section 10. Physical Examination.—General physical qualifications for employment by the Town may be prescribed by the Personnel Board. Additional special physical qualification for a particular position may be prescribed by the officer or board having authority to employ, subject to the approval of the Personnel Board.

This By-law shall not apply to elected officers or those members of Departments who have passed civil service examinations.

1. Every person hereafter employed under the Wage, Salary and Classification Plan, by the Town except (a) elected officials, (b) those members of Departments who have passed a physical examination by Civil

Service Commission shall first be certified by a physician appointed by the Board of Selectmen, as physically fit and without congenital or chronic disease or disability that could interfere with reasonable continuous performance of the duties of the position. This shall also apply to occasional or substitute employees. The applicant must conform to the particular requirements of the position, if there are any such in force.

2. The cost of all examinations under this by-law shall be paid in full by the Town Department to which the application for employment is made.
3. The examination shall be recorded on a prescribed form, and the details shall, subject to the provisions hereof, be confidential to the applicant and the examiner. The record shall be deposited with the Personnel Board for safe-keeping, the contents subject to future reference only by a physician designated by the Board of Selectmen.
4. The medical examiner may request clinical consultation or laboratory work beyond that specified in the examination form, if in his opinion such information is necessary or advisable.
5. A reasonable interval shall be allowed between the time of examination and certification or rejection for the purpose of allowing the applicant to effect such correction as would make him employable under the regulations.
6. If rejected, the applicant shall be informed by the medical examiner of the cause or causes of his rejection. Appeal from the findings of the medical examiner may be made in writing to the Personnel Board within one week of the filing of the results of the examination. This appeal shall specifically authorize the medical examiner to explain the details of the physical examination to the Personnel Board and to a physician designated by the applicant. In the event no medical agreement is reached, the Board may then order such further examination as it deems advisable, by a third physician and the prevailing medical decision shall be final.

7. No change in employment to a position for which more exacting physical standards are prescribed shall be made without re-examination, and certification of physical qualifications."

Personnel Board

ARTICLE 3. To see if the Town will vote to amend Article XI of th By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by striking out in its entirety, under Section 13, subsection (e), paragraph (3), "Health Officer" and inserting in place thereof the following Section 13, subsection (e), paragraph (3):

- (3) Sanitarian and Health Officer. General description of Duties: Licensed sanitarian by the Commonwealth of Massachusetts, qualified in all branches of health sanitation and whose duties are numerous. Inspections for cleanliness and sanitary conditions are made of the following: Restaurants, drug stores, ice cream manufacturers, bakeries, grocery and variety stores, bottling concerns, candy manufacturers, fish and meat markets, roadside stands, laundries, Home for the Aged, Town Infirmary, nursing homes, hospital, Girl Scout camps, motels, jail cells, swimming pools (public and private), kindergartens and nursery schools, barber shops and beauty parlors, milk plants, gas stations for Methyl Alcohol licenses and public toilet cleanliness, factories, public toilets, apartment houses, etc. and to see that all are properly licensed that are required to be. Investigate complaints consisting of cesspools and septic tanks overflowing, keeping of rabbits, horses, chickens and roosters in restricted areas; odors from factories, brooks, drains, oils, etc., smoke and soot nuisances from factories, burning of trash, garbage and other articles and unsanitary conditions in public places and homes. Garbage complaints and dog bites. Qualified to take soil and percolation tests in preparing a sanitary system. Help to plan sanitary systems in proper area of developments according to the regulations of the State, Town, F.H.A., and Veterans' Housing, and to inspect the same before final covering. Also inspect all sewer connections. Work with the men from Airborne Sprayers on insect and mosquito control and with the Safety Fumigant Company on rodent control.

Personnel Board

ARTICLE 4. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by adding under Section 13, subsection (e) the following:

- (5) Clerk-Agent. General description of duties. Prepares and handles bookkeeping for budgets, payrolls and bill schedules. Handles vaccination certificates for passports; burial permits; garbage complaints; pest complaints; dog bite complaints. Reports all contagious cases to State offices, schools and library; reports tuberculosis cases to State offices, schools, and library and arranges for treatment at County Sanitorium. Notifies State and nurse of any premature births. Mails monthly analysis reports to milk companies, local stores and school department from whom Milk Collector and Analyst has analyzed samples. Notifies kindergartens and nursery schools of license expirations, State and Board of Health regulations and necessary immunization to enter school. Keeps adequate stock of biological and diagnostic outfits for use of Stoneham physicians. Issues miscellaneous licenses. Does routine office work requiring care and accuracy.

Personnel Board

ARTICLE 5. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by adding under Section 13, subsection (f) the following:

- (2a) Assistant Town Engineer. Performs field and office work of a professional and supervisory nature requiring proven education and experience in the various Civil Engineering branches of land surveying, water distribution, sewerage, drainage, road construction and maintenance. Examples: To have charge of a project from the design stage to the completed construction work in the field; to function in a supervisory manner over departmental personnel; to be responsible for inspection of utilities installed by others; plus additional functions as directed by the Superintendent of Public Works or the Town Engineer.

Personnel Board

ARTICLE 6. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by striking out in its entirety,

under Section 13, subsection (j) Moth Department, paragraph (1) "Moth Superintendent" and inserting in place thereof the following Section 13, subsection (j) paragraph (1):

(j) Veterans' Services

- (1) Veterans' Agent. General description of duties. Processing of applications for assistance from needy veterans and their dependents; home visits to determine living conditions and financial need; collecting information relative to discharges, vital records, facts relating to residence, checking with insurance companies, banks, employers, physicians, police records, and other sources to determine eligibility for assistance; determine legal settlements; prepare budgets of family needs and disburse assistance as circumstances justify in accordance with provisions of Chapter 115 of the General Laws of the Commonwealth and the Directives of the Commissioner of Veterans' Services. Furnishes information, advice and assistance to veterans as may be necessary to enable them to obtain the benefits to which they are entitled relative to employment, vocational or other educational opportunities, hospitalization, medical care, compensation, pensions and other veterans' benefits.

Personnel Board

ARTICLE 7. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by striking out, under Section 5, paragraph (a), the words,

"Any proposed rates above the maximum shall become personal rates and apply only to the present incumbent. Such rates are not subject to increase. When the incumbent leaves the employ of the Town or is transferred to another job, the rate shall disappear. No other employee assigned to, or hired for the job shall advance beyond the maximum of the job."

Personnel Board

And you are directed to have one thosuannd five hundred (1500) copies of the warrant printed and so serve the same by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given unto our hands this twenty-seventh day of February in the year one thousand nine hundred and sixty-two, A.D.

GEORGE L. SULLIVAN  
DANIEL L. HURLEY  
FRED A. SCHNEIDER  
STANLEY D. WOOD  
DONALD J. MORRISON

Selectmen of Stoneham

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on March 2, 1962 and by publishing duly attested copy of the within warrant in the Stoneham Press on Thursday, March 8, 1962.

ROBERT E. MOREIRA  
Constable of Stoneham

## **SPECIAL TOWN MEETING, MARCH 12, 1962**

Agreeable to the warrant signed by the Selectmen February 27, 1962, and in accordance with the By-laws of the Town of Stoneham, the inhabitants of the Town qualified to vote in elections and town affairs met in Town Hall on Monday, March 12, 1962 at 7:45 o'clock in the evening.

Tellers appointed to check the names of voters entering the hall and the check lists showed that eight hundred and eighteen (818) voters attended the meeting.

The meeting was called to order by the Moderator and the warrant read.

WINTHROP A. McCARTHY, Town Clerk

## WARRANT FOR BIENNIAL STATE ELECTION

To either of the Constables in the Town of Stoneham, in the  
County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections to meet in Town Hall, in said town, on

**Tuesday, the Sixth Day of November, 1962**

at six o'clock in the forenoon, it being the first Tuesday after the first Monday in said month, to bring in their ballots to the Selectmen for the following: Senator in Congress (to fill vacancy), Governor, Lieutenant Governor, Attorney General, Secretary, Treasurer, Auditor, Representative in Congress, Councillor, Senator, Three (3) Representatives in the General Court, District Attorney, County Commissioner, Sheriff, and the following vacancies: A County Commissioner in Middlesex County and a County Treasurer in Middlesex County, and the following questions:

Question No. 1 Proposed Amendment to the Constitution. Do you approve the adoption of an amendment to the Constitution summarized below which was approved by the General Court in a joint session of the two branches held May 13, 1959, received 143 votes in the affirmative and 118 in the negative, and in a joint session of the two branches held March 29, 1961, received 144 votes in the affirmative and 121 in the negative? SUMMARY. The proposed amendment imposes no new taxes but gives the General Court the power to pass an income tax at graduated or proportioned rates and is a change in the constitutional limitations now in effect on the power of the General Court to pass tax measures. The proposed amendment would add a new Article to the Constitution of the Commonwealth by which full power and authority is granted to the General Court, in the alternative to the power and authority to tax incomes in the manner provided in Article XLIV of the Amendments to the Constitution, to impose a tax on incomes at rates which are proportioned or graduated according to the amount of income received irrespective of the source, from which it may be derived, and to grant reasonable exemptions, deductions and abatements. It further provides that any property the income of which under the provisions of the proposed Article may be exempted from the imposition and levying of proportional and reasonable assessments, rates and taxes as at present author-

ized by the Constitution, and that the Article shall not be construed to limit the power of the General Court to impose and levy reasonable duties and excises.

Question No. 2. Law Submitted Upon Referendum After Passage. Do you approve of a law summarized below, which was approved by both branches of the General Court by vote not recorded? SUMMARY. This act increases the compensation each member of the General Court shall receive for each regular annual session from fifty-two hundred dollars to sixty-seven hundred dollars and increases the additional compensation the President of the Senate and the Speaker of the House of Representatives shall receive from fifty-two hundred dollars to sixty-seven hundred dollars. The act also increases the additional compensation the floor leaders of the major political parties in the Senate and House of Representatives, the Chairman of the Senate Committee on Ways and Means and the Chairman and Vice Chairman of the House Committee on Ways and Means shall receive from twenty-six hundred dollars to thirty-three hundred and fifty dollars, and provides that a member of the General Court chosen to fill a vacancy, or who resigns his seat during a regular annual session, shall receive a per diem compensation at the increased rate of compensation for each regular annual session.

Question No. 3. A. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)? B. Shall licenses be granted in this Town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)? C. Shall licenses be granted in this Town for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Question No. 4. A. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county? B. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

All on one ballot. The polls will be opened at six o'clock in the forenoon and closed at eight o'clock in the evening.

And you are directed to serve this warrant by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said election and by causing an attested copy to be published in some newspaper in

the Town, the publication to be not less than three (3) days before said election.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this twenty-third day of October in the year one thousand nine hundred and sixty-two, A.D.

GEORGE L. SULLIVAN  
DANIEL L. HURLEY  
EDMUND J. MOREIRA  
FURIO BRACCIOTTI  
FRED A. SCHNEIDER  
Selectmen of Stoneham

Pursuant to the within warrant I have warned and notified the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on October 29, 1962, and by publishing duly attested copies of the said warrant in The Stoneham Independent and The Stoneham Press on November 1, 1962.

ROBERT E. MOREIRA  
Constable of Stoneham

## BIENNIAL STATE ELECTION, NOVEMBER 6, 1962

Agreeable to the warrant signed by the Selectmen on October 23, 1962, the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs met in Town Hall on Tuesday, November 6, 1962 at six o'clock in the forenoon.

Election Officers, appointed by the Selectmen in accordance with provisions of Chapter 54 of the General Laws, and amendments thereto, were sworn by the Town Clerk and assigned to duty. At eight o'clock in the evening the polls were declared closed at which time the check lists at the entrance gates had the names of 7867 voters having received ballots, and the ballot boxes registered 2297, 1815, 1868 and 1887 respectively. The number of ballots taken from the ballot boxes, as counted by the Warden and the Clerk, was 7867.

Whole number of ballots cast . . . . . 7867

WINTHROP A. McCARTHY

## **WARRANT FOR SPECIAL TOWN MEETING, NOVEMBER 26, 1962**

To either of the Constables in the Town of Stoneham, in the  
County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs to meet in Town Hall on Monday, November 26, 1962, at eight o'clock in the evening to act on the following articles of this warrant:

ARTICLE 1. To see if the Town will vote to authorize and direct the Stoneham High School Building Addition Committee, said Committee having been created under Article 2 of the warrant for a special Town Meeting held October 23, 1961, to proceed with the construction and originally equipping of the said High School Addition as voted under Article 2 and authorize the Committee to use the balance of the appropriation made under Article 2 in the amount of \$45,000.00 together with such sum or sums that the Town may now raise and appropriate under this Article for the completion of said construction and equipping said High School Building Addition, that the said High School Building Addition Committee be granted all the powers, duties and authority to carry out this vote and be authorized to enter into all lawful contracts and agreements on behalf of the Town of Stoneham to accomplish the purposes of completing construction and originally equipping said Building Addition, and upon completion of all vote or votes passed under this Article the said Building Addition Committee be authorized and directed to accept, on behalf of the Town, the completed Building Addition and transfer said Building Addition to the Stoneham School Committee for educational and school purposes, determine in what manner the said appropriation shall be raised, by transfer from available funds, by transfer from the Stabilization Fund, by borrowing, by the sale of bonds, notes or otherwise, pass any vote or votes deemed necessary for the purposes of this Article.

High School Building Addition Committee

ARTICLE 2. To see if the Town will raise and appropriate a sum of money to construct a sanitary sewer main from the easterly extremity of Merrow Lane in and through land of the Town of Stoneham, George Mann and Company, Inc., The Boston Edison Company and the Boston and Maine Railroad to connect with the sewer main in Elm Street, raise the said appropriation by transfer from available funds or by borrowing, authorize the Board of Public Works or the Board of Selectmen to take land by eminent

domain for sewer easement purposes under provisions of Chapter 79 of the General Laws, and authorize the Board of Public Works to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Edward J. O'Connell and 14 others.

ARTICLE 3. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing sanitary sewer mains, or relaying sanitary sewer mains, within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by transfer from the Stabilization Fund, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 4. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department one (1) three and one-half (3½) ton truck chassis and one (1) ash truck body, authorize the Board of Public Works to make said purchase, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise or do anything in relation thereto.

Board of Public Works

ARTICLE 5. To see if the Town will authorize the Board of Public Works, for and on behalf of the Town, to enter into a contract for a term not to exceed three years to provide for an area outside the Town limits for the disposal of rubbish and refuse; that an appropriation of \$13,500.00 be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto, said appropriation of \$13,500.00 representing the funds needed to provide the rubbish disposal site for a period of one year.

Board of Public Works

ARTICLE 6. To see if the Town will raise and appropriate the sum of \$3,000.00 for the Disability Assistance Relief Account, raise the said appropriation by transfer from the Old Age Assistance Relief Account, or do anything in relation thereto.

Board of Public Welfare

ARTICLE 7. To see if the Town will raise and appropriate a sum of money for the payment of certain liabilities incurred during the flood emergency within the limits of the Town, said emergency having been declared by the Board of Selectmen on October 6, 1962, determine in what manner the said appropriation shall be raised, by transfer from available funds or otherwise, or do anything in relation thereto.

Town Accountant

ARTICLE 8. To see if the Town will raise and appropriate a sum of money for labor, materials and other necessary expense incidental to Christmas Lighting within the limits of the Town, authorize the Moderator to appoint a committee of five citizens to be known as the Christmas Lighting Committee and further authorize the said committee to enter into a contract for providing Christmas Lighting within the limits of the Town if such is deemed in the best interest of the Town.

Stoneham Chamber of Commerce

ARTICLE 9. To see if the Town will vote to amend the Zoning By-law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the following described area: Beginning at a point 100 feet easterly from Main Street on the lot line of land now or formerly of Jacobson and land now or formerly of Gaul, thence the line runs northerly to North Street along a line parallel to Main Street and adjacent to the present Residence "B" District, thence the line turns and runs northeasterly along North Street to land now or formerly of Bear Hill Associates, Inc., thence the line turns and runs southerly, easterly, southerly and westerly respectively along land now or formerly of Bear Hill Associates, Inc., thence the line turns and runs southerly along land now or formerly of Bear Hill Associates, Inc., 229.93 feet, thence the line turns and runs westerly 326.96 feet to the point of beginning.

Adolph C. Farr

ARTICLE 10. To see if the Town will vote to amend the Zoning By-law by adding to the present limits of the Retail Business District as heretofore defined and set forth, so as to include in the Retail Business District the following described area: Beginning at a point 100 feet easterly from Main Street on the lot line of land now or formerly of Jacobson and land now or formerly of Gaul, thence the line runs northerly to North Street along a line parallel to Main Street, thence the line turns and runs northeasterly along North Street, adjacent to the present Retail Business District, to land now or formerly of Bear Hill Associates, Inc., thence the line turns and runs southerly, easterly, southerly and westerly respectively along land now or formerly of Bear Hill Associates, Inc., thence the line turns and runs southerly along land now or formerly of Bear Hill Associates, Inc., 229.93 feet, thence the line turns and runs westerly 326.96 feet to the point of beginning.

Adolph C. Farr

ARTICLE 11. To see if the Town will amend the Zoning By-laws by adding to the present limits of the Residence "B" District, as now existing, the following described area of land adjacent thereto and bounded and described as follows: Beginning at a

point in the southwest corner of said lot where it adjoins lands now or formerly of Syak, Young and Doyle; from this point running in a northerly direction along land now of Tambone for a distance of 106.37 feet; continuing in the same direction for 40 feet across a right of way; again continuing in a northerly direction along land of said Tambone for a further distance of 180.64 feet; thence turning in an easterly direction along land now or formerly of DiCicco for a distance of 289.21 feet; thence turning in a southerly direction along lands now or formerly of DiCicco and Lahey for distances of 142.20 feet and 184.51 feet respectively; thence turning in a westerly direction along lands now or formerly of Lahey and Doyle for distances of 124.71 feet and 178.86 feet respectively to the point of beginning; this area of land is further described on the Town of Stoneham Assessors plans as Plan #334; it is recorded at the Middlesex Registry of Deeds, South District, Cambridge, Massachusetts as Plan #1547 of 1948; received November 1, 1948 and recorded in Book #7356, Page #542; the subject area is entitled Lot #3 on said Town of Stoneham Assessors Plan #334.

Jon A. Asgeirsson, Esq. for A. J. Tambone

ARTICLE 12. To see if the Town will vote to amend the Zoning By-law by adding to the present limits of the General Business District as heretofore defined and set forth, the following described area: Beginning at a point 100 feet west of the westerly side line of Main Street at the present westerly limits of the General Business District, thence the line runs westerly 800 feet by the said present General Business District over lands of Sanborn and Cormier to a point in said Cormier land; thence the line turns at a right angle and runs southerly over said land of Cormier in a straight line parallel to said Main Street and 900 feet westerly therefrom, about 227 feet to a point in said Cormier land; thence again turning at an angle and running easterly by land now or formerly of Syak about 434 feet by said land of Cormier to a point at land formerly of Syak; thence again turning at a right angle and running northerly about 125 feet to a point at land of Sanborn; thence again turning at a right angle and running again easterly by land of Sanborn about 389 feet to the said present westerly limits of the General Business District; thence again turning at a right angle and running northerly about 10 feet by said General Business District to the point of beginning.

Charles L. Sanborn and Raymond E. Cormier

And you are directed to serve this warrant by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this thirteenth day of November in the year one thousand nine hundred and sixty-two, A.D.

GEORGE L. SULLIVAN  
DANIEL L. HURLEY  
EDMUND J. MOREIRA  
FURIO BRACCIOTTI

Selectmen of Stoneham

Pursuant to the within warrant I have warned and notified the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on November 17, 1962 and by publishing duly attested copies of the said warrant in The Stoneham Independent and The Stoneham Press on November 22, 1962.

ROBERT E. MOREIRA  
Constable of Stoneham

## **SPECIAL TOWN MEETING, NOVEMBER 26, 1962**

Agreeable to the warrant signed by the Selectmen on November 13, 1962, and in accordance with the By-laws of the Town of Stoneham, the inhabitants of the Town qualified to vote in elections and town affairs met in Town Hall on Monday, November 26, 1962 at eight o'clock in the evening.

Tellers were appointed to check the names of voters entering the hall and the check lists showed that four hundred and sixty-five (465) voters attended the meeting.

The meeting was called to order by the Moderator and the warrant read.

Article 1. VOTED that the Town authorize the Stoneham High School Building Addition Committee, said committee having been created by vote of the Town under Article 2 of the warrant for a special Town Meeting held on October 23, 1961, to proceed with the actual construction and originally equipping a 16-classroom addition to the Stoneham High School, said construction and originally equipping having been voted by the Town under the said Article 2 above referred to, and that for the purposes of providing the necessary funds for the said construction and originally equipping the committee now be authorized to use the

remaining \$45,000.00, together with any unexpended sum or sums raised and appropriated under the said Article 2, and for which the committee was authorized under said vote not to expend, until further ordered, an amount not to exceed \$30,000.00, and that the Town now raise and appropriate the sum of \$575,000.00 for the purposes of constructing and originally equipping the said building addition and that the said sum be raised as follows: By transfer from the unexpended balances of previous school construction appropriations; Colonial Park School Building Account, \$57,641.26; Robin Hood School Building Account, \$266.02; High School Building Account, \$3,735.17; Robin Hood School Building Addition Account, \$14,000.00: By transfer from the Stabilization Fund, \$25,000.00: By transfer from the Excess and Deficiency Account, \$74,357.55, said sums totalling \$175,000.00, and that the balance of said appropriation be raised by the sale of notes, bonds or other evidences of indebtedness to an amount not exceeding \$400,000.00, payable in accordance with provisions of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948, and any amendments thereto, so that the whole loan shall be paid in not more than ten (10) years from the date of the first note or bond, that the Town Accountant be and hereby is authorized to make such transfers on the books of the Town, that the Town Treasurer be and hereby is authorized to issue on behalf of the Town, with the approval of the Board of Selectmen, notes, bonds or other evidences of indebtedness to carry out this vote, that the Stoneham High School Building Addition Committee be granted all the powers, duties and authority to carry out this vote and that the said Committee be authorized to enter into all lawful contracts and agreements on behalf of the Town of Stoneham to accomplish the purposes of completing construction and originally equipping the said Building Addition, that upon completion of said construction and originally equipping the said Building Addition and satisfaction of all contracts and agreements the said Building Addition Committee be authorized to accept on behalf of the Town the completed building addition and transfer said building addition to the Stoneham School Committee for educational and school purposes, and that the said Building Addition Committee be directed upon said final and complete disposition of its duties to make a report to the Town of its doings at the earliest possible date thereafter. Unanimous.

Article 2. VOTED that the Town authorize the construction of a sanitary sewer main beginning at the easterly extremity of Merrow Lane, thence proceeding northeasterly and northerly

in and through land now or formerly of the Town of Stoneham, George Mann and Company, Inc., Boston and Main Railroad and the Boston Edison Company to connect with the existing sewer in Elm Street, authorize the Board of Selectmen or the Board of Public Works to take land by eminent domain for sewer easement purposes under provisions of Chapter 79 of the General Laws, authorize the Board of Public Works to obtain easements for the purpose of enabling the Town to enter upon private land where necessary, and that funds for the said sewer main construction be taken from the sum of money raised and appropriated under Article 3 of this warrant, that the sum of \$3.00 be raised and appropriated therefor by transfer from the Excess and Deficiency Account, for sewer easement purposes, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town. Unanimous.

Article 3. VOTED that the Town raise and appropriate the sum of \$63,000.00 for the purpose of defraying the cost of constructing sanitary sewer mains within the limits of the Town, that said appropriation be raised by borrowing, that the Town Treasurer, with the approval of the Selectmen, be authorized to issue and sell, from time to time as occasion requires, town notes, bonds or other evidences of indebtedness to an amount not exceeding \$63,000.00, said notes or bonds to be payable in accordance with provisions of Chapter 44 of the General Laws. Unanimous.

Article 4. Voted that the Town raise and appropriate the sum of \$11,370.00 to purchase for the use of the Public Works Department one (1) three and one-half (3½) tone truck chassis and one (1) ash truck body, raise the said appropriation by transfer from the Excess and Deficiency Account, authorize the Board of Public Works to make said purchase, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 5. VOTED that the Town authorize the Board of Public Works, for and on behalf of the Town, to enter into a contract for a term not to exceed three years to provide for an area outside the Town limits for the disposal of rubbish and refuse; that an appropriation of \$13,500.00, representing the funds needed to provide the rubbish disposal site for a period of one year, be raised and appropriated for this purpose, raise the said appropriation by transfer from the Excess and Deficiency Ac-

count, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 6. VOTED that the Town raise and appropriate the sum of \$3,000.00 for the Disability Assistance Relief Account, that the said appropriation be raised by transfer from the Old Age Assistance Relief Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 7. VOTED that the subject matter of this article be indefinitely postponed.

Article 8. VOTED that the Town raise and appropriate the sum of \$500.00 for labor, materials and other necessary expense necessary to Christmas Lighting, that the said appropriation be used together with the appropriation raised under Article 5 of the warrant for the annual Town Meeting of 1962, that the said appropriation be raised by transfer from the Excess and Deficiency Account, that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town, and that the Moderator be authorized to appoint a committee of five (5) citizens, said committee, known as the Christmas Lighting Committee, to have jurisdiction over Christmas Lighting within the limits of the Town, and that the said committee be authorized to enter into a contract for providing said Christmas Lighting if such is deemed for the best interests of the Town.

Article 9. VOTED that the petitioner be granted leave to withdraw this article.

Article 10. VOTED that the petitioner be granted leave to withdraw this article.

Article 11. VOTED that the subject matter of this article be indefinitely postponed.

Article 12. VOTED that the subject matter of this article be indefinitely postponed.

All the business of the special Town Meeting having been completed, the meeting was adjourned.

All the foregoing truly entered.

WINTHROP A. McCARTHY, Town Clerk

## ZONING BY-LAW AMENDMENT

May 10, 1962

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of Stoneham, County of Middlesex, Commonwealth of Massachusetts, hereby certify the following is a true copy of Article 37 of the warrant for the annual Town Meeting of 1962, duly called, warned and held on March 5, 1962, adjourned to March 12, 1962 and further adjourned to March 19, 1962 at which time a quorum was present when said Article 37 was before said meeting.

Article 37. To see if the Town will vote to amend the Zoning By-Law by adding under Article 1, Section 1, entitled "Establishment of Districts," a Class A1 Residence District. And by further amending the Zoning By-Law by adding a new section to be known as Section 1A which provides as follows: A Class A1 Residence District will contain all the restrictions and provisions of the One Family Residence District as provided in this By-Law except that lots in the A1 District must have a minimum lot area of 40,000 feet and a minimum lot frontage of 200 feet.

I further certify that, acting under Article 37, the following action was taken:

Article 37. VOTED that the Town amend the Zoning By-Law by adding under Article 1, Section 1, entitled "Establishment of Districts," a Class A1 Residence District. And by further amending the Zoning By-Law by adding a new section to be known as Section 1A which provides as follows: A Class A1 Residence District will contain all the restrictions and provisions of the One Family Residence District as provided in this By-Law except that lots in the A1 District must have a minimum lot frontage of 200 feet. Unanimous.

A true copy from the records.

WINTHROP A. MCCARTHY  
Town Clerk of Stoneham

I further certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

## ZONING BY-LAW AMENDMENT

May 10, 1962

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of Stoneham, County of Middlesex, Commonwealth of Massachusetts, hereby certify the following is a true copy of Article 38 of the warrant for the annual Town Meeting of 1962, duly called, warned and held on March 5, 1962, adjourned to March 12, 1962 and further adjourned to March 19, 1962 at which time a quorum was present when said Article 38 was before said meeting.

Article 38. To see if the Town will vote to amend the Zoning By-Law and map by establishing the following described areas as Residence A- Districts:

An area of land known as the Middlesex Fells Reservation in Stoneham of approximately 1,271 acres bounded on the east by the Lynn Fells Parkway and the Stoneham-Melrose town line; on the south by the Stoneham-Malden and Stoneham-Medford town line; on the west by the Stoneham-Winchester town line; and on the north by a line following the present northernmost limits of the land of the Metropolitan District Commission from the Winchester-Stoneham town line to the Melrose-Stoneham town line.

An area of land of approximately 55½ acres in Stoneham known as the Bear Hill Country Club bounded on the north by the Stoneham-Wakefield town line and North Street; on the west by land now or formerly of Adolph C. Farr, Lillian A. McGaffigan,

Lester C. and Camille Gaul, John and Alza F. Quimby, Louis A. and Emma J. Thulin, James F. and Janet McDonough, Camella Tenereillo, Tremarco Corp.; and on the south by Kenneth Terrace and land now or formerly of Stanley and Florence B. Shiner, Guiseppe DiCicco; and on the east by High Street.

An area of land in Stoneham of approximately 79¼ acres known as the Unicorn Country Club bounded on the north by William Street and land now or formerly of Melvin and Phyllis Keimach, John E. and Edith E. Harvey, Frank J. and Eda M. Pissinis, Anthony J. and Norma J. Gianferri, Edwin K. and Frances B. Hermes, Robert E. and Theresa M. Brown, Louis and Eva Massa; and on the east by land now or formerly of Edna C. Lord, Town of Stoneham, Victor H. Leib, Christina Elizabeth Stinson; and on the south by Montvale Avenue and land now or formerly of Ruby M. O'Toole, Charles F. and Rose C. Day; and on the west by the Stoneham-Woburn town line.

I further certify that, acting under Article 38, the following action was taken:

Article 38. VOTED that the town amend the Zoning By-Law and map by establishing the following described areas as Residence A1 Districts:

An area of land known as the Middlesex Fells Reservation in Stoneham of approximately 1,271 acres bounded on the east by the Lynn Fells Parkway and the Stoneham-Melrose town line; on the south by the Stoneham-Malden and Stoneham-Medford town line; on the west by the Stoneham-Winchester town line; and on the north by a line following the present northernmost limits of the land of the Metropolitan District Commission from the Winchester-Stoneham town line to the Melrose-Stoneham town line.

## **ZONING BY-LAW AMENDMENT**

May 10, 1962

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of Stoneham, County of Middlesex, Commonwealth of Massachusetts, hereby certify the following is a true copy of Article 41 of the warrant for the annual Town Meeting of 1962, duly called, warned and held on March 5, 1962, adjourned to March 12, 1962 and further adjourned to March 19, 1962 at which time a quorum was present when said Article 41 was before said meeting.

ARTICLE 41. To see if the Town will vote to amend Article 1, Section 3, Residence "B" Districts of the Zoning By-Law as follows: Under exceptions; by deleting from the third (3rd) paragraph the following, "and shall not occupy more than 40% of the lot area" and adding a new Section 20 under Article 1 of the Zoning By-Law entitled "Regulation of Apartment Buildings" as follows:

Density — A maximum density of 40 dwelling units per acre.

Minimum lot frontage — 150 feet

Maximum lot coverage — 1. Main Street 25%  
2. Other areas 20%

Yard Requirements — 1. Front yards 30'  
2. Side yards 30'  
3. Rear yards 30'

Height — 1. 60' Main Street  
2. 40' Other areas

Off Street Parking: One parking space per dwelling unit —  
All parking shall be located to the rear of the front building line.

Recreation Space — 15% of gross site area

Maximum Length of Structure: 200 feet.

I further certify that, acting under Article 41, the following action was taken:

ARTICLE 41. VOTED that the Town amend Article 1, Section 3, Residence "B" Districts of the Zoning By-Law as follows: Under exceptions; by deleting from the third (3rd) paragraph the following, "and shall not occupy more than 40% of the lot area" and adding a new Section 20 under Article 1 of the Zoning By-Law entitled "Regulation of Apartment Buildings" as follows:

All apartment buildings constructed in the Town shall meet the following requirements:

Density — A maximum density of 40 dwelling units per acre.  
Minimum lot frontage — 150 feet.

Maximum lot coverage — 1. Main Street 25%  
2. Other areas 20%

Minimum Yard Requirements — 1. Front yards 30'  
2. Side yards 30'  
3. Rear yards 30'

Maximum Height — Forty Feet

Off Street Parking: One parking space per dwelling unit —  
All parking shall be located to the rear of the front building line.

## BY-LAW AMENDMENT

May 21, 1962

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of Stoneham, County of Middlesex, Commonwealth of Massachusetts, hereby certify the following is a true copy of Article 52 of the warrant for the annual Town Meeting of 1962, duly called, warned and held on March 5, 1962, adjourned to March 12, 1962, and further adjourned to March 19, 1962 at which time a quorum was present when said article was before said meeting:

ARTICLE 52. To see if the Town will vote to amend Article III of the Revised By-Laws of the Town of Stoneham by adding a new section to be known as Section 7A, to read as follows:

Section 7A. Any elective and appointive official serving on any Town of Stoneham board or committee, or Town office, whose employment is such, whether permanent, part-time, temporary or in a professional or consulting basis, or having any financial interest in, or deriving financial gain from any company, corporation, partnership or individual whose business, when conducted with the Town of Stoneham, requires the approval of or is regulated by, any Town board or committee of which they are a member, shall, within ten (10) days after either election or appointment to a Town board or committee or office, or within ten (10) days of becoming affiliated with any company, corporation, partnership or individual doing business with the Town of Stoneham, file with the Town Clerk the following information: any financial interest in,

or employment by the previously stated company, corporation, partnership or individual. It shall then be the duty of the Town Clerk to have such reports published in the newspapers of the Town of Stoneham within three (3) weeks following receipt of said information.

I further certify that, acting under Article 52, the following action was taken:

ARTICLE 52. VOTED that the Town amend Article III of the Revised By-Laws of the Town of Stoneham by adding a new section to be known as:

Section 7A. Any elective or appointive official serving on any Town of Stoneham board or committee, or Town office, whose employment is such, whether permanent, part-time, temporary or in a professional or consulting basis, or having any financial interest in, or deriving financial gain from any company, corporation, partnership or individual whose business, when conducted with the Town of Stoneham, requires the approval of, or is regulated by any Town board or committee of which they are a member, shall, within ten (10) days after either election or appointment to a Town board or committee or office, or within ten (10) days of becoming affiliated with any company, corporation, partnership or individual doing business with the Town of Stoneham, file with the Town Clerk the following information: any financial interest in, or employment by the previously stated company, corporation, partnership or individual. and WHIL

## **REPORT OF THE SCHOOL COMMITTEE**

To the Citizens of Stoneham:

The seventy-second annual report of the Superintendent of Schools is submitted to you herewith, together with the report of your School Committee.

This annual report is our opportunity to get away from the constant activity of the day-to-day operation of the school system, to take a broader look at where we have been, and to anticipate some of the long-range future needs of education in the Town of Stoneham.

To this purpose, perhaps it will add perspective to make a few ten-year comparisons:

Since the school year 1953-54 pupil enrollment has increased from 2235 to an estimated 3660 next year—about two-thirds in ten years.

The number of teachers has gone up from 88 to a projected 165, an increase of over 85% and an obvious indication that our pupil-teacher ratio has decreased, as it should.

Salaries in 1953 ranged from a starting figure of \$2600 a year to a Level IV maximum of \$4400. In September, 1963, the starting salary for a beginning teacher will be \$4600. The maximum of Level IV at \$8700 is nearly twice what it was ten years ago.

Ten years ago, the school budget was \$469,000, or about \$210 per pupil. Next year it will be \$1,495,000, or nearly \$410 per pupil.

Back in September of 1953, the Robin Hood School had already been in use for two years. The new High School opened in the fall of 1955; the eight-room Colonial Park School opened that same year; then the ten-room addition opened at the Robin Hood School in 1960. And now we look forward hopefully to the sixteen-room High School addition in late 1963. Including the original Robin Hood School Building, our physical plant has just about doubled.

The trend to more pupils, more teachers, more money, and increased physical facilities will continue. It may decelerate, but it will not stop. Already there is urgent need for additional elementary classroom space, and for an administrative area to replace the present rented quarters.

These are the changes in quantity. The changes that have taken place in quality are certainly of greater importance, if more difficult to define. One of the biggest changes has come in course content. New emphasis on science at the elementary level, backed by new books and equipment, plus TV instructional programs, has made this a strong subject. Add an enriched science program

for selected pupils as well as an elementary French course starting with the fourth grade. Arithmetic has also been accelerated in the sixth grade, while reading, spelling, writing, and language have been more closely co-ordinated by combining them into a new subject area called language arts, designed for improved learning.

All of these changes are carried through the junior high and high school levels, where we now offer advanced courses in mathematics, biology, and chemistry which are modified advanced placement courses. Our four-year French and Latin offerings are recognized as outstanding.

As a result, 55.2% of last year's graduating class continued its education in some form, with 31.5% going on to take the full four-year college course. These percentages are almost exactly double those of the class of 1953.

Nor does the emphasis on liberal arts mean neglect of the interests of those for whom the high school is terminal. Much more flexibility is provided today to enable each student to participate in the language, science, and mathematics offerings, and placement for those taking business courses is almost 100%.

Fifty-four of our teaching staff, more than one third, now have masters' degrees, or beyond. This is a significant fact as it speaks for the level of preparation of our staff and is one important index of the quality of our teaching.

Looking ahead to the next ten years, it is quite evident that changes in quality will dwarf the mere increase in size of our educational institution. Course content will continue to expand, with the public schools moving further and further into the areas formerly occupied by college level teaching. The efficiency and effectiveness of teaching as a profession will show an even more marked gain through better utilization of manpower, better materials of teaching, and a more highly developed supervisory school organization. Eventually, this progress will make obsolete much of our present physical plant.

No brief chronicle of the past ten-year life of our Stoneham school system would be complete without mention of two other changes which have taken place. The first is the return to respectability of our athletic program under the able and devoted guidance of our augmented staff. Rightly or not, athletic performance often weighs heavily in the judgment of our effectiveness as an organization.

The second, and final, and most important fact of all is the total morale quality of the school system and of the Town with relation to it. We have had two school building proposals passed by unanimous vote of the Town Meeting. In relative terms, we do not have an ethnic or religious problem. We have a professionally competent and dedicated staff, a non-political administration, and a concerned townspeople. In all of this we are indeed fortunate.

Amongst all of the people who contribute to the welfare of the schools, particular notice should go at this time to the School Survey Committee and to the High School Addition Committee who have and are giving much time and thought to our problems.

Finally, it is our hope that there might be a greater expression of what might be termed constructive dissatisfaction with the school system. We have our weaknesses, and there is nothing that can't be done better. It is particularly up to the people of the Town to set the standards of performance that they expect.

DAVID C. WHITEHOUSE, Chairman

HUGH R. BOYD, Vice-Chairman

MRS. RICHARD T. JENKINS

DR. MAX J. KLAINER

ROBERT L. MURPHY

## **ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS**

To the School Committee:

I believe that this report and the reports from the various school principals, supervisors, and others will help you, parents and other citizens, to be better informed about the school system.

Facing the realities of a long period of cold war and occasionally a climactic crisis bordering on a hot war, the schools and education become the ultimate weapon. This greatly changed focus of attention is a far cry from the purpose of the schools from colonial days in 1637 to the threshold of World War II in 1941. In Jefferson's day, schooling and education were considered necessary for preservation or developing a democracy. In recent years, education has become a necessity for national security and even national survival.

This changed emphasis or goal necessitates a different type

of school program. It can no longer be stationary. It must be more dynamic and flexible. The schools must constantly strive to improve standards to attain more quality education for more and more young people. In addition to the need for national and western security and even national and western world survival, we must even extend our goal of education for freedom to education for world understanding. This may be the key to survival. In Stoneham we implement this idea by broadening our curricular in science, mathematics and languages.

## STAFF

It may be trite to restate, but we firmly believe that any school system is as good as its instructional staff. Our new staff members recruited from many of the best colleges and universities in the country have proved to be worthy additions to our staff. Of the thirty-two new teachers, sixteen had previous experience. Of the sixteen inexperienced teachers, six had master's degrees. Eleven of our new teachers had master's degrees and one had a Ph.D in science.

Thoroughly cognizant that mediocrity of teachers tends to develop mediocrity in students, we are determined that mediocre teachers will not be recommended for employment and if by chance appointed will not be retained.

We are pleased to report that many of our veteran teachers have been taking professional improvement courses.

One outstanding staff change has occurred with the retirement of Miss Alice Fernow, Supervisor of Elementary Education, for over twenty years prior to her retirement on December 1, 1962. We would be remiss in not recognizing her excellent work.

## INSTRUCTION

The diligent work of our staff in preparing courses of study, participating in professional meetings and constantly striving for improved instruction and evaluation of students is reflected by the large number of requests for our materials from other school systems and colleges throughout the country.

In addition, we are pleased to report that our instructional program and our emphasis on the importance and value of an education are definite factors in inducing more and more of our students to continue their education beyond high school.

We have remodeled two classrooms into up-to-date fully equipped science rooms. Our science program has been strengthened at all levels. We have added assistant chairmen of the various departments to increase our instructional efficiency.

When our new addition becomes available the ninth grade will be moved to the high school thereby forming a four-year high school for a short period. This will enable the junior high school to have more available room for lowering the size of the classes. We hope to have a few rooms at the junior high school for a few sixth grade classes for a short time until we obtain more elementary classrooms. There is also a great necessity to decrease the size of the elementary school classes.

The enrollment in the language department has constantly increased. The use of audio-visual aids and equipment has been helpful. With the acquisition of the new language laboratories even more progress will be attained.

In mathematics we are planning to expand our offerings because of the accelerated program at the lower levels and the need to try to work in some of the new concepts in mathematics instruction.

We send a few students to vocational schools out of town. Plans are being discussed for a Regional Vocational School encompassing approximately ten neighboring communities. We are involved in the planning. Our decision to participate in the final project will be determined somewhat by the curricular offerings of the proposed vocational school. We definitely do not have sufficient demand from our students to sponsor and support a vocational school with local funds.

## FINANCE

With school costs constantly increasing it becomes necessary to consider other sources of revenue than the local real estate tax. Some other sources may be increased by federal and state funds.

In Stoneham we have tried to take advantage of every opportunity to apply for and to obtain state and federal funds. State aid amounting to \$173,558.96 was received last year. In addition we obtained federal funds for science rooms, language facilities, and guidance.

Because of our shortage of elementary classrooms in several areas, our rapidly increasing costs for transportation of pupils is causing us great concern.

## PHYSICAL PLANT FACILITIES

We believe that the program in preventive maintenance is bearing fruit. Our school plant is in the best condition I have seen in my five years in Stoneham.

The sixteen-room addition to the Stoneham High School is expected to be ready by Christmas, 1963.

Equally important and likewise needing immediate attention is the critical situation caused by the shortage of classroom space in the elementary schools.

We have been continuing our remodeling program at the junior high school and cordially invite the public to visit the interior of the old building to be pleasantly surprised by the modern improvements. The new boiler has greatly improved the heating system.

More extensive information concerning the physical plant will be found in the report of the Chairman of the School Committee and the report of the Director of Special Services.

## SCHOOL-COMMUNITY RELATIONS

Accepting and implementing the premise that an effective instructional program and participation by the School Department in improving the atmosphere for youth in the community are important ingredients for good school-community relations, we are pleased to report that we continue to make progress in both. Some indications are the unanimous endorsement of the Stoneham High School Addition by the voters and the good "image" portrayed by the schools.

In addition, we are extremely happy to report the continued resurgence and ascendancy of our athletic and extracurricular programs which produce vigorous influence and enthusiasm on the schools and the community in general.

The extensive use of the school facilities by the various youth and adult organizations also tends to be an important part of our relations with the townspeople.

## CONCLUSION

In conclusion, the Superintendent wishes to thank the school staff both professional and non-professional who have helped in providing a good educational program for the youth of Stoneham and related services for the townspeople.

Appreciation is extended to the members of the School Committee for their advice and counsel for devoting much time and effort to this gigantic task of running a good school system.

A word of appreciation is given to the Stoneham High School Building Addition Committee, School Survey Committee, P-T-A's, School Councils, and all others who have given time and effort to the schools.

The Superintendent is extremely appreciative of the confidence, co-operation, and support given to him by the students, parents, and other citizens of Stoneham.

MICHAEL SCARPITTO, Ph.D.  
Superintendent of Schools

The Foundation of Every State Is the Education of Its Youth

## **Report of the High School Principal**

Again during the past year the enrollment at Stoneham High School continued to rise, with a total of 782 students as of October 1. This was an increase of 128 over the total for the preceding year, and an additional increase of 75 is anticipated in September.

A student body in excess of the optimum capacity of the present building made necessary the use of several specialized facilities as study halls or classrooms. Among these are the auditorium, the cafeteria, and the art, home economics, mechanical drawing, and music rooms. This made it possible to maintain class sizes at reasonable levels and to avoid curtailing the variety of subjects offered. Lack of space will remain a problem until the completion of the new wing.

Our graduates continue to seek further education in increasing numbers. Fifty-five per cent of the Class of 1962 entered some type of post-secondary school, with thirty-one per cent attending four-year colleges or universities. Recent graduates are now enrolled at a large majority of the leading colleges and universities in New England and the East, many of which are among the most selective in the nation. Only superior students with outstanding records, of course, can hope for admission to such institutions.

A substantial segment of the Class of 1962, thirty-seven per cent, chose to go to work right after graduation, and the demand for graduates with specialized skills in the business field especially

remained high. With the assistance of our placement office, many of these had a choice of jobs at good starting salaries.

Opportunities of an advanced placement nature were expanded this year, and more offerings of this sort are in prospect. Half-year courses in advanced biology and advanced chemistry, both college level in content, were added; and a course in calculus is scheduled for next September if enrollment permits. Also under consideration is a senior course in advanced composition.

Significant changes are under way in several subject areas. Increased emphasis on the audio-lingual approach to French, with the use of English in the classroom restricted to a minimum, will reach its full potential when the language laboratory in the new wing becomes available. Modern mathematics, with its emphasis on concepts as opposed to skills, is being combined with the traditional approach for the more able students in algebra and geometry. Two physics courses will be offered in September, one of the traditional and the other the P.S.S.C., a new and more challenging approach for superior students.

Recognition of academic achievement has received new emphasis. Four seniors qualified as semi-finalists in the current National Merit Scholarship competition, and three others received Certificates of Merit for their performance on the same test. Our first annual awards assembly in the school gymnasium last June featured the presentation of academic honors formerly announced at graduation, thus dramatizing for every student the importance of such achievements.

Extra-curricular activities, both athletic and non-athletic, continue to enjoy wide and enthusiastic student participation and support. Additions to the program this year on an after-school basis include a science club and a dance group.

The recruitment and retention of good teachers is and will remain an urgent problem. Twelve of our present faculty of thirty-seven were new to Stoneham in September. Nine were replacements; three additions to staff because of increased enrollment. The replacements were necessary for the following reasons: on promotion within the system, two retirements, two resignations to accept positions at higher salaries, two resignations by married women whose husbands were relocated, and two resignations for miscellaneous reasons.

We were most fortunate in the quality and potential of our twelve new teachers, six experienced and six beginners, but the

necessity for adding so many dramatizes the problems inherent in any attempt to achieve a reasonable stability of staff. Some of these, we know, will be teachers for a relatively short time, and then their successors must be found. It fast becomes a vicious circle.

By preference we would hire only proved and experienced teachers, but so would every other town, and there are just not enough to go around. Only the town with a markedly superior salary schedule can hope to secure such teachers in the present market, and ours has not yet attained that status.

It is imperative therefore that we continue to improve the position of our experienced personnel and to make it increasingly worthwhile for promising young teachers to come to and remain in Stoneham.

We do not intend to sound pessimistic, for by any competitive standard we have an able and dedicated faculty. We are, however, jealous of our position, and eager to maintain or further improve it. Only as we continue to explore every possible avenue for attracting and keeping good teachers can this be possible.

We are indebted to Dr. Scarpitto for his inspiring leadership and to the School Committee for their constant concern with a still better education for Stoneham children and for their constructive efforts to make it possible.

Our thanks go also to all high school personnel for their cooperation and for their loyal service to the student body.

The courses of study follow this report.

Respectfully submitted,  
WENDELL W. HORTON, Principal

### **The Report of the Junior High School Principal**

The opening of school in September found the Stoneham Junior High School to have a capacity enrollment of 862 students. This figure represents a continuous increase over previous years of about thirty students. The only satisfaction in this situation was the conversion of the superintendent's office area into classroom space. This was possible because the superintendent's office has been relocated in Stoneham Square. Thus we were able to house the additional group of students.

With an enrollment of this size it seems almost impossible to plan any new programs because of the crowded conditions within the junior high school building. However some strides have been made in this direction. Our long-range plan still calls for increased offerings in shop, mechanical drawing, home economics, and type-writing.

Acceleration has become one of the key considerations at all levels of education today. We find the Junior High School has increased offerings in French, mathematics, science, and social studies. In grade nine we have an accelerated French group which started in grade five and is now taking an advanced course in French. Our accelerated mathematics program has continued to operate and has now reached grade eleven with plane geometry still available in grade nine for exceptionally good students. The accelerated algebra program in grade eight has continued to be very successful. This fall we increased our offering in reading by conducting two special reading classes; one for corrective reading and the other for developmental reading. It is hoped that this will increase the reading level of all students in the Junior High School. Ancient history has been added as a new course in the social studies area.

The staff of the Junior High School has increased by three new positions bringing our total professional staff up to forty-two full-time members and two part-time teachers. We find that one half of our faculty has advanced degrees and many more close to achieving the Master's degree. Although there are thirteen new teachers we find the professional attitude of the school at a very high level. The staff of the Junior High School has developed into a well-rounded educational organization for which we are very happy and proud.

Three classrooms of furniture have been added to the building, including new furniture for one of the art rooms. This means that most of the furniture now in use in the Junior High School has been purchased within the last seven years. Under a grant of the National Defense Education Act by which fifty per cent of the cost was reimbursed to the town from Federal funds, we have succeeded in modernizing three rooms for science. One of these rooms was developed especially for biology, a second room for general science, and a third room for ninth-grade science course involving chemistry. We are quite well pleased with the addition of these three science rooms.

During the coming year one of the major problems we will face is the movement of grade nine to the new addition at the high school. This will ease our housing problem for the present. We are also looking forward to the installation of a language laboratory — again using National Defense Education Act funds — sometime during the year 1963.

In closing I would like to thank the faculty in the Junior High School for the work they have done during the past year. Our faculty has worked hard to offer the children of this community a fine type of education they deserve.

DANIEL W. HOGAN, JR.  
Principal

## **Annual Report of the Elementary Supervisor**

During the past two decades it has been my good fortune to direct the activities of the Stoneham elementary schools. This has been a challenge during the forties and fifties with notable changes in the community that have entailed corresponding adjustments in the elementary schools. Among these changes may be noted the growth in school population, elementary buildings, staff, as well as the constant need to give attention to the curriculum offerings.

The elementary school population has increased from eight hundred to eighteen hundred pupils between 1941 and 1962, the staff from twenty-seven to sixty-two. Instead of four elementary schools, six buildings are now filled to capacity in 1962 with an anticipated need for five more elementary classes in 1963.

During the past twenty years the areas of social studies, science, mathematics, language arts and handwriting have been revised frequently to keep pace with current trends in these various fields.

During the past two years members of the staff have revised the social studies curriculum on the first and fourth grade levels. The grade one and four courses of study were edited and prepared for use during the summer and are now in the hands of the teachers for use during the current year.

The units which appear in these courses are in harmony with the belief that some of the purposes of elementary education can best be achieved through learning experiences and activities provided in a unit of work.

It is our hope that the plans for study in this area will help the child to understand his social and physical environment better. Few other approaches offer so many concurrent opportunities for the development of attitudes and ideals which we feel must be attained before children develop into effective, contributing citizens in a democratic society.

Further curriculum work, experimentation, and investigation of current methods and trends in elementary mathematics are being pursued by the staff this year.

In the intermediate grades we are continuing the enrichment of the science program with selected pupils who have shown a special aptitude and interest in science.

In reading, there is an opportunity for special help for those who have particular needs through the developmental reading classes which meet after school three days a week for periods of five weeks in each of the elementary schools.

All fourth grade pupils are included in the TV French lessons. The opportunity to continue with second and third year French through television and the help of a special French teacher is made available to a large number of fifth and sixth grade pupils.

Our annual standardized achievement tests indicate a steady

increase in the number of children on each grade level who are making excellent progress in the fundamental work of the elementary grades, reading, arithmetic, language, and spelling.

All of the credit goes to a dedicated and conscientious staff of elementary teachers who strive unceasingly to engage their best talents and skill in behalf of the children of Stoneham.

May their future endeavors be equally rewarding.

Supervisor of Elementary Education

ALICE FERNOW

## **Annual Report of the Director of Guidance**

The addition of a full-time guidance secretary has facilitated the operations of this department. This has freed the guidance personnel to devote more counseling time to students and conduct useful research.

A follow-up study of the class of 1962 has just been conducted. Figures show that 31.5% of this class are attending four-year schools, while 55% are following post-graduate training. Some of the schools to which our seniors were admitted are Bates, Boston College, Boston University, Bryn Mawr, Dartmouth, University of Maine, R. P. I., Simmons, Tufts, and Wheaton. We also have a student who was nominated and accepted at the Air Force Academy.

The testing program has been augmented in that the Differential Aptitude Tests are now being given in the Junior High School. These tests are of immeasurable assistance to the counselor in plotting the aptitudes and abilities of a youngster.

Guidance classes in grades eight and ten continue to offer both academic and vocational guidance to students. The course in grade ten is geared to meet the different needs of the various students in our college and commercial courses.

Follow-up studies of students graduating from the Stoneham school system are being conducted. This includes a study at one, two, and three-year intervals.

MARTIN MARTINIAN

Director of Guidance

## **Annual Report of the Art Supervisor**

The Art Department has continued to provide many and varied creative experiences at all age levels which fills requirements found

in all students' development such as the urge to create, to achieve, to explore, to succeed, to gain in skills and appreciation of the work of others. It is our belief that art is also fundamentally involved in all the students' personal development in other fields of education as well as in later years.

I would like to commend our excellent, conscientious group of elementary teachers, under the leadership of Mrs. Gardner, who have helped our boys and girls to explore creatively and acquire control of many materials bringing forth an awareness of beauty, a feeling for color, form, and organization.

In the ever-expanding junior high school, which now requires two art teachers, Miss Krustans and Mr. Collins, students have had the opportunity to continue their art education, developing inventive powers, imagination, exploration, and self-expression with many media. Thus, they acquire skills, a basis of judgment, and an appreciation of other peoples' cultures. They have also participated in various school activities.

In the high school, which this year has expanded greatly, units of creative art for all who elect it have been offered in drawing, painting, and design in many media, in lettering, and poster making for all school events, in stage designing, and construction of scenery and properties for the Carnival Ball, in decorating and flower arranging for school activities, and in appreciation lessons in art through the use of visual aids and exhibitions.

A deep interest in crafts, such as jewelry, metal craft, enameling, leather craft, and ceramics has been shown in our high school art classes this year.

Highlights of our work included an elementary art exhibit in the spring, enthusiastically attended by a very large number of parents who saw not only creative art work from all elementary children but representative groups of our school children painting and creating with all kinds of art materials.

An interesting and beneficial Art Workshop was held this fall for all elementary teachers, including demonstrations of art materials and opportunities for all to experiment and create with them.

We hope and believe that through the creative efforts of our students in Stoneham this year, they have made better individual adjustment to their environment, that art has contributed to enrichment of living, motivation of interests and clarification of thinking while developing appreciation and skills.

ELEANOR M. BAKER  
Art Supervisor

## **Annual Report of Supervisor of Music**

Music is an important and essential part of the education of all and it is absolutely necessary in learning and in life.

According to M. E. Whitner, "Music may be performed, listened to or created; and whatever the means by which it reaches individual consciousness, there is no part of the whole man which it leaves untouched."

Opportunity is provided for students to participate in some music activity, through a broad and widely differentiated program geared to meet their needs and abilities. The opportunity for musical growth is consistent with the interest and ability of each student.

Presently, the stress is on the gifted child. In music, opportunities are provided for the talented and gifted to participate in solo, ensemble and group activities which are challenging to them.

Another objective of the music department and probably the most important is the encouragement of the pursuit of music as a means of emotional release in this technological age.

Because of the increased school enrollment it has been recommended that a full time vocal teacher be added in the junior high school thereby contributing to the continuous growth of the vocal program from elementary school through high school .

The instrumental program continues to expand under the fine direction of both Mr. Harold Sawyer and Mr. Alfred Todaro.

I would like to acknowledge the elementary school teachers who have always been a most co-operative and understanding group.

Our performing units participated in the Christmas Festival at the Boston Common, school assemblies, Carnival Ball, Spring Concert, community activities, Northeastern District Festival and All State Music Festival in Pittsfield, Massachusetts.

Where else but in music could we have opportunity so stimulating and so gratifying.

GILDA V. WIPPERMAN  
Supervisor of Music

## **Annual Report of the Physical Education Supervisor**

In achieving progress toward the goals set for this department,

namely the proper education and physical well-being of our young people, full use is being made of all the facilities at hand.

At the elementary level, play areas outdoors and inside are taxed to capacity during and after school hours. Increasingly crowded conditions present difficulties, but these are being met with continued co-operative effort on the part of staff and classroom teachers to satisfy the growing demands for acceleration. In the absence of gym space, the program is carried on in the classroom; wherever possible, time allotments are being increased through ingenious budgeting of time; recesses are directed toward controlled activity; classes are grouped for cycle-teaching to segregate boys and girls in the fifth and sixth grades, and after school activity is now provided on a three-days-per-week basis during the entire year for boys and girls in general games and recreation.

The program functions from a correlated course of study from grades one through twelve and although the publication is but two years old, revisions are already being prepared to make it more completely practical for the local system. Equipment is being gradually provided which is suitable for the nature and size of the individual school.

Of great concern is the situation at the junior high school. It is during this transitory period that our young people become more discerning and quite capable of assessing their status in the national picture. It is here also that the greatest progress is made in the development of a young person toward being "physically fit." It is here that the groundwork for potential athletic and recreative capacity is laid; it is here that poor facilities, crowded locker and shower rooms, inadequate gym space and outdoor play areas have a great derogatory and negative effect. In spite of qualified and enthusiastic teaching, progress is here restricted by the very nature of the situation.

Equipment must be minimized because there is no place to use it or store it; classes in the Fall will be so large that indoor gym space cannot accommodate the desired activity; increased lunch periods will further reduce gym time; growing athletic needs interfere with gym locker and shower use and vice-versa, and so on, ad infinitum. Community response to the situation is imminent and rest assured that this department will make every effort to strive for improvement and progress.

The program at the high school level, under the direction of Mr. John Fawcett and Mrs. Eleanor Scheirer, continues to be outstanding in the Commonwealth.

Worthy of mention as milestones of progress during the past year are the Robin Hood gym demonstration, the grade schools' track meet, the fitness testing, the teachers' workshop, the increased attendance at after-school play periods and the excellent handling of the difficult task at the junior high school by Mr. Wherrity and Miss Gill. The work of all our grade school teachers in co-operation with Mr. Cooper merits continued appreciation and thanks.

KARL P. ELERIN

Supervisor of Physical Education

## **Annual Report of the Director of Athletics**

Democracy is based on competition, and our athletic program for the youth of Stoneham provides it. Every age group is afforded the privilege of participating in the broadest possible variety of athletic activities. The athletic department has made every effort to stimulate student participation in a program that produces rich and satisfying experiences for all.

Our program attempts to develop the basic areas of strength, endurance, power, flexibility, agility and balance. We attempt to develop a well-conditioned youth that will get more enjoyment out of life — look better, study better, work harder, get the most fun out of living.

The athletic student is better prepared than the non-athletic student to meet the challenges of life. Participation in our athletic program will build a good foundation which will carry over into later life. One learns to give and take, lead and follow and practice self-discipline. The athlete learns that advancement is gained only through long hours of hard work and sacrifice. They develop self-confidence, self-reliance, and stature as a result of their experiences. Young people who have the opportunity to play under rules and regulations of games — understand better the results of living under civic laws — and will pursue life vigorously with aggressiveness. The athletic participant's entire outlook is different from the non-participant.

I would like to establish a vital point or two before another athletic year begins. First, the Town of Stoneham desperately needs additional land for athletic and recreational use.

According to the 1961 Summer Master Plan Report — for the Town of Stoneham, the following statement was stressed regarding recreational facilities: "With Stoneham's current population, the

minimum area devoted to public use should total about **126** acres. Only **40** acres are presently available."

It is an established fact that Stoneham is probably one of the most short-changed schools in the area when it comes to space for intra-mural, interscholastic and recreational activities. Where others are able to partition large field areas to conduct various sport activities, Stoneham crams everything onto the 7.9 acre Pomeworth Field layout.

The present High School athletic area is dangerously overcrowded. It should have ten acres to operate a safe wholesome program. We use Pomeworth Field which is 7.9 acres in its entire area; however, only approximately 6.0 acres can be used for athletics. The Junior High School's expanded program also requires a ten-acre athletic area, and is presently operating without an outdoor area. It becomes necessary for our two largest schools to use the same area for athletic team practice, boys and girls physical education classes, and outdoor intramural recreational activities.

The rule of thumb generally followed in the physical education "bible" is ten acres of open space allotted for every 1000 students. Alarmingly, Stoneham has only 20.5 acres of cleared land available as play areas for its eight schools. The use of Pomeworth Field (7.9 acres) and Recreation Field (7.0 acres) makes a grand total of 35.4 acres. The school enrollment alone requires a minimum of 50.5 acres.

Our fall and spring outdoor athletic seasons present many hardships, and a great concern for the safety of our youth. Several different sports and age groups are crowded into a field of six acres. We have been fortunate enough not to have a serious accident occur here, and only through strict supervision by our coaches during practice sessions have we prevented mishaps.

With the ever-increasing school population and demands for more non-interscholastic recreational sport activities, Pomeworth Field and Recreation Park are being pressed for space and time.

We need facilities and area to provide for the majority of students who do not participate in any athletic endeavors on an interscholastic basis. The intra-mural program needs attention badly. Numbers are being cheated out of a good intramural program, which up to now has been impossible for want of more space.

The Emerson, North, and South schools provide very limited play areas — approximately 2.5 acres for an enrollment of 735 pupils, that generally require a minimum of 20 acres. However,

the East, Colonial Park, and the Robin Hood elementary schools at present have adequate recreation areas adjacent to their buildings.

We are using every available play area to conduct our athletic program. The Park and Public Works departments of the town have given our school athletic department outstanding cooperation enabling our present interscholastic program to operate successfully under adverse crowded conditions.

Our athletic activities are backed by a loyal, enthusiastic following of students and townspeople. The number of students taking part in our boys' and girls' programs speak well for the pupil appreciation of the valuable program offered.

Our athletic teams are well equipped for efficient participation, and personal safety.

We take pride in the number of excellent professional-minded coaches that conduct our interscholastic activities in the Middlesex League. The deeds of our various teams reflect good coaching and achievement in good sportsmanship.

A continuous, conscientious interest in the development of a sound, well-balanced program for our youth has been a primary objective of our School Committee members and our Superintendent of Schools. I attribute our rejuvenated athletic success to their dedicated loyalty and assistance. They supply the main driving force in our all-out effort to make our youth respond and perform athletically as well as academically.

I gratefully acknowledge the assistance given our program by the various school principals, administrators, coaches, faculty members, office personnel, athletic secretary, and the custodial staff for their efforts in helping us develop a healthy respect and attitude towards recreation and sports in general.

I believe the year 1962 has seen the Stoneham athletic program achieve a high record of accomplishment, and I can foresee a brighter future as our program matures.

JOHN H. FAWCETT  
Director of Athletics

## Annual Report of the School Nurses

During the past school calendar year, the health department was staffed by a school doctor, two full time nurses and a part-time state approved worker who conducted the screening program for vision and hearing.

Assisted by the two school nurses, Dr. Henry E. Leavitt examined 1063 pupils for sports participation and physical examination which is required every three years by state law. There were one hundred and thirty notices sent to parents by the nurses to

notify them of defects found during physical examinations. Of this number, ninety-five were seen by their family doctors for correction.

All students were screened for vision and hearing. There were two hundred vision failures out of this group. One hundred and sixty-three were seen by eye specialists and one hundred and sixty accepted as correct referrals. There were sixty-one hearing defects and of this group, forty-four were taken under treatment by family doctors.

The school health staff assisted the Board of Health Staff with the Mantoux Tuberculin screening program in the first, fourth and eleventh grades of all schools. Positive reactors were followed up by the Board of Health. Oral Polio vaccine was administered to first graders by the school health staff and Board of Health Staff.

A health education film of growth and development was shown to all sixth grade girls and their mothers.

"Health reflects dynamically the measure of man's control over his environment and his ever changing adjustment to it." Our school health program attempts to help our future citizens to recognize these facts and to maintain optimal health.

MRS. BEULAH E. FORBES, R.N.

MRS. JANE McHUGH, R.N.

### **Annual Report of Attendance Officer**

Truancy is not a problem in the Stoneham Public Schools. During this past year, there were three attendance cases referred to the attendance officer and only one case warranted court action. The efforts of the entire school staff and the co-operation of parents has kept a high per pupil attendance in the Stoneham Public Schools.

JOHN K. BOYLE

Director of Special Education

### **Annual Report of Cafeteria Supervisor**

The two cafeterias have had greater pupil participation over the past year. The Junior High School is fortunate in having a new freezer enabling them to care for their own food supplies. The High School Cafeteria has shown a marked increase in pupil participation which is most gratifying.

It is becoming more and more difficult each year to operate the cafeterias without a deficit, because of the increasing labor costs and the fixed price of student meals.

Government commodities were appreciated as again in the year 1962 the cafeteria was operated without a deficit.

Cafeteria Supervisor

MRS. Y. ARZELIE CROSS

## **Annual Report of the Director of Special Services**

I submit my second annual report of completed repairs, replacements and improvements to our buildings and grounds.

### **NORTH SCHOOL**

Classroom window shades have been replaced or repaired. Maps and basketball lines have been repainted on the exterior asphalt play area. We have started to clear the brush at the rear of the building so that more area may be utilized by our pupils.

### **SOUTH SCHOOL**

School grounds and the wooded area at the rear of the school have been cleared of brush. We received help from the school Scout Troop for this project. The chimneys have been repaired and the mortar joints repointed. Sanding and refinishing of floors have been started in a program to modernize the building. Floodlights have been attached to the rear corner of the building and, as a result, a minimum amount of damage has been done to the building and grounds. The tree planting program, a school project, was again expanded with the installation of a tree furnished by the Public Works Department. Flowers were planted in the front lawn area, and again many favorable comments were received. Stair treads and thresholds were repaired as part of a safety campaign to minimize the possibility of accident. The flagpole, maps, basketball court and other game lines have been repainted on the asphalt area.

### **EAST SCHOOL**

A new incinerator was purchased and installed and has alleviated the smoke and fire hazard which has been a problem for some time. An automobile turn-around has been installed at the school end of Beacon Street and has thereby eliminated a traffic and pedestrian problem. Two classrooms were installed in the gymnasium area of the basement and rear flood lights installed.

The result has been a saving in glass breakage in the school building. The painting at the school consisted of the flagpole, chalkboards, fire escapes and play area, maps and games. Gutters and roofs were repaired, shades repaired or installed and new shrubbery planted. Our modernizing program has resulted in the sanding and finishing of many floors of the building.

#### EMERSON SCHOOL

The interior painting consisted of two storage rooms and two walls which were repaired. The flagpole was also painted. Floodlights were installed to light the rear of the building, the play area was cleared and the boiler combustion chamber arch repaired.

#### COLONIAL PARK SCHOOL

The installation of stage drapes has been completed. Exterior window frames repaired and play area, maps, basketball court and game outlines have been repainted.

#### ROBIN HOOD SCHOOL

Two interior doors have been replaced, window shades installed and floodlights attached to the building. Through the cooperation of the Robin Hood Building Addition Committee, the area has been neatly enclosed with a fence.

#### JUNIOR HIGH SCHOOL

The two areas formerly occupied by the school administration personnel were vacated, renovated and restored to classroom use to alleviate slightly the crowded conditions.

Three rooms were renovated, painted, re-equipped with new furniture and new science equipment installed. Fifty-five window sashes were replaced. Vinyl asbestos floor tile has been installed in two rooms in keeping with our modernization program. Stair treads were installed on the center staircase, from the first to the second floor. The lavatory was replaced in the principal's office. The second floor guidance office was repainted. A new tennis court fence has been installed in preparation for building three tennis courts to be used by students and townspeople. Obsolete ducts have been removed from the fan room in the boiler area. A basement storage area has also been renovated. The building gutters were repaired, an obsolete electric meter removed, and a new cabinet sink is in the process of being installed in the art room on the second floor.

## HIGH SCHOOL

Flexible sleeves have been replaced on the boiler induced draft fans, and new temporary lighting has been installed in the auditorium to allow it to be used as a study room. Lighting requirements are being considered for the music room as this area is also being used as a study room. The patio area at the front entrance has been temporarily repaired. Doors have been installed on the open shelf area in the faculty dining room. Ceilings in the rest rooms have been repaired. A portable fume exhaust cabinet has been installed in the chemistry room. Window frames have been repaired; shrubbery replaced, and the flagpole has been painted. The new steam trap inserts installed throughout the heating system resulted in a saving of one thousand dollars.

## ADMINISTRATION OFFICES AT 375 MAIN STREET

The area was partially repainted before being occupied.

LESLIE F. KANNHEISER  
Director of Special Services

Note: Column A5 will be B5 and also A2 next year, and it will affect the 1964 Budget; however, all school year figures will be different if there are staff and salary changes between now and the school year 1963-64.

**Breakdown of \$126,720.00**

Additional Staff .....	\$20,000.00	
Increments .....	8,900.00	
Increases due to salary schedule changes .....	38,034.00	
Additional allocation for substitutes .....	1,000.00	
Additional allocation for E/C Athletics .....	400.00	
Additional allocation for Evening School .....	570.00	
<b>TOTAL</b> .....	<b>\$68,904.00</b>	<b>(Same as Column A3)</b>
1962 Salaries held over from 1962 for payment in June,		
1963 (Column C2 above, less Column B3) .....	\$57,816.00	
<b>TOTAL</b> .....	<b>\$126,720.00</b>	<b>(Same as Column C6)</b>

**Books:**

	1962	1963	Difference
(1) Elementary Schools .....	\$ 9,180.00	\$ 9,967.00	\$ 787.00+
(2) Junior High School .....	6,407.00	6,721.00	314.00+
(3) High School .....	6,498.00	8,846.00	2,348.00+
Totals .....	\$22,085.00	\$25,534.00	\$3,449.00+

The increase of \$3,449 results from:

(1) In the elementary schools for additional books needed to take care of the anticipated increase in enrollment.

(2) In the Junior High School the increase of \$314 is included for the purchase of additional books to take care of the anticipated increase in enrollment.

(3) In the High School \$1069 accounts for two new science courses—advanced biology and advanced chemistry, \$439 for replacing old sets of books in the business department, \$371 for new books needed in the foreign language department, and the rest of the increase for more books to take care of additional pupils in the English, industrial arts, and home economics classes.

**Supplies and Other Expenses of Instruction, Including  
General Control Expenses:**

	1962 Appropriation	1963 Budget Request	Difference
(1) Elementary .....	\$17,965.00	\$20,124.00	\$2,159.00+
(2) Junior High .....	8,719.00	9,809.00	1,090.00+

(5) School Committee .....	500.00	500.00	00
(6) General Control .....	6,327.00	13,557.00	7,230.00+
Totals .....	\$42,984.00	\$56,086.00	\$13,102.00+

(1) The increase of \$2,159.00 in the elementary schools is included to take care of additional supplies due to anticipated enrollment increases in the regular classes, and the art and music classes. Included here also is a tuition item of \$600 earmarked to be used for the payment of courses to be taken by teachers.

(2) Of this increase of \$1,090, \$600 is for teacher tuition, and the rest of \$490 is for regular supply items needed to take care of the anticipated increase in enrollment.

(3) Of this increase of \$2,558.00, \$600 is earmarked for teacher tuition, the rest for additional workbooks for the business department needed because of increase in the pupils enrolled in this department, tapes and maps for the foreign language department, and supplies for new courses in the science department.

(6) The additional amount of \$7,230 for the general control item (superintendent's office expenses) covers:

(a) Rent of office spaces .....	\$5,400.00
(b) Electricity .....	260.00
(c) Additional cost because of new telephone system .....	600.00
(d) Transferred from Directors and Supervisors' telephone account to Supt.'s Office telephone account .....	700.00
(e) Increase in recruitment costs and census- taking expenses .....	270.00
Total .....	\$7,230.00

# Summary of Operational Salary Recapitulation

1 Legend	2 School Year Salary Rate	3 Increments Affecting Calendar Year	4 Increments Affecting School Year	5 School Year Salary Rate	6 Total Salary for Calendar Year
A Column 2, School Year 1962-63; Columns 3 and 6, Calendar Year 1963; Columns 4 and 5, School Year 1963-64	\$79,200.00	\$2,600.00	\$5,200.00	\$84,400.00	\$81,800.00
B Column 2, School Year 1961-62; Columns 3 and 6, Calendar Year 1962; Columns 4 and 5, School Year 1962-63	75,100.00*	3,200.00	4,100.00*	79,200.00	78,300.00
C Difference	\$4,100.00 +	\$600.00 —	\$1,100.00 +	\$5,200.00 +	\$3,500.00 +
Breakdown of \$3,500.00					
Increments		\$400.00			
Increments due to salary schedule changes		2,200.00			
Additional amount reflecting staff changes within year (Column C2 less Column B3)		900.00			
Total		\$3,500.00			

Note: Column A5 will be B5 and also A2 next year, and it will affect the 1964 Budget; however, all school year figures will be different if there are staff and salary changes between now and the school year 1963-64.

\*The salary of one man from the operational account is reflected in these changes. The money was transferred to the maintenance account because of an urgent need in that department. To replace this, a man has been added this year.

	1962 Appropriation	1963 Budget Request	Difference
Fuel .....	\$21,450.00	\$20,750.00	\$700.00—

It has been possible to reduce the amount for fuel because of the increased efficiency of the vacuum return system in the heating plant at the High School. The vacuum system was repaired last winter.

**Operation Miscellaneous:**

	1962 Appropriation	1963 Budget Request	Difference
(1) Electricity .....	\$19,750.00	\$20,300.00	\$550.00 +
(2) Gas .....	2,440.00	2,440.00	00
(3) Telephones .....	2,854.00*	2,257.00	597.00—
(4) Water .....	1,485.00	1,485.00	00
(5) Truck Expenses .....	315.00	315.00	00
(6) Miscellaneous .....	5,800.00	6,000.00	200.00 +
	<hr/> \$32,644.00	<hr/> \$32,797.00	<hr/> \$153.00 +

\*Exclusive of \$185 for the cafeteria telephone included in the auxiliary services account, and \$2,000 for telephone service in the Superintendent's Office (General Control Budget). The \$2000 includes an amount of \$700 formerly charged to this telephone account for directors' and supervisors' telephones.

- (1) The increase of \$550 for electricity is necessitated because two classrooms were added in the basement room of the East School which will add approximately \$225 to the cost in that building. In the Junior High School the amount was increased \$325 to take care of the extra cost because of the addition of spotlights, full-time use of two laboratory rooms, and also because of the additional electrical equipment in the cafeteria, motors in boiler room, and additional univents and exhaust units for the building.
- (3) This represents \$700 transferred to the General Control (Superintendent's Office) Budget, less an addition of \$103 because of increased telephone usage of which \$50 is for the Robin Hood School, \$8.00 for the Junior High School, and \$45 for the High School.
- (6) The \$200 additional cost in the operation miscellaneous item was caused by the necessity for more cleaning and operating supplies in all schools resulting from the increased enrollment.

Additional amount reflected by transfer of funds and staff salary changes during year (Column C2 less Column B3)		4,650.00			
Total (Same as Column 6C above)		\$4,900.00			

Note: Column A5 will be B5 and also A2 next year, and it will affect the 1964 Budget; however, all school year figures will be different if there are staff and salary changes between now and the school year 1963-64.

\*One man was added to this account during the year and the money transferred from the custodial account. This was necessary because there was great urgency for the use of a maintenance craftsman to keep the buildings in better condition.

**MAINTENANCE****Section A****Repairs, Replacements, and Upkeep  
of Physical Plant:**

	1963 Budget Request
<b>Elementary Schools:</b>	
(a) Replace glass block — North .....	\$ 150.00
(b) New exterior doors — North .....	475.00
(c) Modernize lighting (yearly appropriation) North .....	450.00
(d) Install radiation in basement classroom — South .....	450.00
(e) Install new floor receptacles — South .....	190.00
(f) Remove trees (about 6-8 trees) — South .....	250.00
(g) Modernize lighting (yearly appropriation) — South .....	450.00
(h) Replace two outside doors — South .....	200.00
(i) Fabricate and install new screens — South .....	100.00
(j) Check and install traps — South .....	100.00
(k) Paint exterior — South .....	400.00
(l) Install steam traps — Emerson .....	350.00
(m) Install new sash and frames — Emerson .....	450.00
(n) Install basement window grills — Emerson .....	170.00
(o) Repair roof leaks — Robin Hood .....	400.00
(p) Install glass blocks — Robin Hood .....	400.00
(q) Install new hot water heater — Robin Hood .....	300.00
(r) Install new automatic changeover on heating systems — Robin Hood ..	200.00
(s) Install three new window grills — Robin Hood .....	385.00
(t) Window frame repair — Colonial Park .....	200.00
(u) Relocate fire detector unit and custodian's closet — Colonial Park ...	100.00
(v) Install automatic door for incinerator — Colonial Park .....	100.00
(w) Repair roof — Colonial Park .....	200.00
(x) Paint classrooms, corridor and auditorium — Colonial Park .....	1,370.00
(In 1962 it was \$2,000.00) .....	\$7,640.00

**Junior High School:**

(a) Paint building trim and fire escape ..	\$3,700.00	
(b) Install two sill faucets .....	125.00	
(c) Repair interior doors and casings ....	300.00	
(d) Install twelve new door checks .....	150.00	
(e) Install acoustical tile (in rooms and corridors) .....	1,000.00	
(f) Install floor tile .....	800.00	
(g) Install two emergency lights .....	220.00	
(h) Paint classrooms .....	3,500.00	
(i) Install four double grills in the gym	485.00	
(In 1962 it was \$11,750.00)		10,280.00

**High School:**

(a) Repair roof leak in cafeteria .....	\$ 300.00	
(b) Repair boiler feed water piping .....	400.00	
(c) Install new floor outlets in type- writing rooms .....	275.00	
(d) Repair and caulk sidewalk .....	250.00	
(e) Repair sills and frames .....	250.00	
(f) Maintain cafeteria equipment (sta- tionary) .....	500.00	
(g) Paint corridor and stair wells .....	1,500.00	
(h) Replace locker locks .....	100.00	
(i) Paint ten second floor classrooms ....	1,000.00	
(j) Repair lathes in Machine Shop .....	200.00	
(In 1962 it was \$2,200.00)		4,775.00

**All Schools:**

(a) Paint fence .....	\$ 225.00
(b) Install window shades .....	400.00
(c) Repair boiler combustion chambers ..	400.00
(d) Purchasing fertilizer and weed control	450.00
(e) Maintenance of truck and mowers ....	300.00
(f) Emergency plumbing and electrical repairs .....	1,300.00
(g) Emergency heating .....	2,000.00
(h) Emergency repairs to equipment and buildings .....	3,500.00
(i) Replace lawn mowers .....	250.00
(j) Replace two truck tires .....	50.00
(k) Purchase of 20 uniforms @ \$35.00	700.00
(l) Travel allowance for three staff members .....	600.00

(In 1962 it was \$11,300.00)	_____	10,175.00
Total for Section "A" above .....		\$32,870.00
1963 Budget Request for Section A .....	\$32,870.00	
1962 Appropriation .....	27,250.00	
Difference .....	\$ 5,620.00 more	

In order to service the eight school buildings efficiently, a planned program of maintenance and preventive maintenance is being initiated and scheduled yearly.

## **MAINTENANCE**

### **Section B**

#### **Repairs, Replacement and Upkeep of Educational Equipment:**

#### **1963 Budget Request**

##### **(1) Elementary Schools:**

Repairs to educational equipment .....	\$ 250.00	
100 Desk top replacements .....	355.00	
Trade-in of electric typewriter .....	325.00	
(In 1962 it was \$350.00)	_____	\$ 930.00

##### **(2) Junior High School:**

Repairs to educational equipment .....	280.00	
Replacements of 80 desks, 3 teachers' desks and 3 teachers' chairs .....	2,480.00	
Replacement of mechanical drawing class- room furniture .....	1,700.00	
Replacement of 25 science laboratory chairs .....	250.00	
(In 1962 it was \$4,405.00)	_____	4,710.00

##### **(3) High School:**

Business Department		
10 typewriter replacements .....	\$1,250.00	
Repairs .....	400.00	
Miscellaneous .....	47.00	
English Department .....	10.00	
Home Economics Department repairs .....	145.00	
Print Shop repairs .....	60.00	
Print Shop replacements .....	48.00	

Wood and Metal Shops repairs .....	30.00	
Wood and Metal Shops replacements .....	100.00	
Mechanical Drawing replacements .....	95.00	
Science Department repairs .....	50.00	
Office equipment repairs .....	300.00	
(In 1962 it was \$2,649.00)		2,535.00

**(4) Art Department:**

Maintenance of art equipment in elementary schools .....	24.00	
Maintenance of art equipment in Junior High School .....	38.00	
Maintenance of art equipment in High School .....	58.00	
(In 1962 it was \$194.00)		120.00

**(5) Music Department:**

Elementary Schools		
Pianos tuned and repaired .....	100.00	
Organ repaired .....	50.00	
String instruments repaired .....	150.00	
Record player repair .....	40.00	
Replacement of 1 studio piano (South)	600.00	
Junior High School		
Pianos tuned and repaired .....	40.00	
Band instruments repaired .....	200.00	
High School		
Pianos tuned and repaired .....	60.00	
Organ repaired .....	25.00	
50 choir robes cleaned .....	50.00	
Band instruments repaired .....	200.00	
Alterations and repairs of majorette uniforms .....	45.00	
(In 1962 it was \$1,510.00)		1,560.00

**(6) Physical Education Department:**

Elementary schools, repair seven mats ..	\$ 35.00
Junior High School, repair five mats .....	25.00
Junior High School, repair equipment .....	30.00
High School, lockers rearranged and extended in locker room .....	275.00
High School, clean shower curtains .....	12.00

High School, repair six mats .....	30.00	
(In 1962 it was \$428.00) .....		\$407.00

**(7) Visual Education:**

Elementary schools, repairs VA equipment .....	525.00	
Elementary schools, projector bulbs and lamps .....	250.00	
Junior High School, repairs VA equip. ....	140.00	
Junior High School, projector bulbs, lamps .....	66.00	
High School, repairs VA equipment .....	200.00	
High School, projector bulbs, lamps .....	75.00	
High School, equipment for minor repairs .....	25.00	
High School, repair auditorium screen ....	50.00	
(In 1962 it was \$1,240.00) .....		1,331.00
Total for Section B .....	\$10,776.00*	\$11,593.00

\*Listing is not done separately for 1962 because requests for 1962 and 1963 are not all for comparable items.

1963 Budget Request .....	\$11,593.00
1962 Appropriation .....	10,776.00

Difference .....	\$817.00 more
------------------	---------------

The increase of \$817 in the repairs and replacement account — Section B — results from the following:

In the elementary schools — for trade-in of a very old typewriter, and the replacement of 100 desk tops .....	\$580.00
In the Junior High School — for replacements of classroom furniture .....	305.00
In the music department — for repairs on musical instruments .....	50.00
For repairs of audio-visual education equipment ..	91.00
Total increase .....	\$1,026.00

Less budgets with decreases in this account:

High School .....	\$114.00	
Art Department .....	74.00	
Physical Education Department ....	21.00	
		\$209.00—
Net increase .....		\$817.00

**AUXILIARY AGENCIES:**

	1962	1963	Difference
<b>Libraries:</b>			
(1) Elementary Schools ....	\$ 800.00	\$ 850.00	\$ 50.00 +
(2) Junior High School ....	1,000.00	1,000.00	00
(3) High School .....	1,975.00	2,175.00	200.00 +
	<hr/>	<hr/>	<hr/>
	\$3,775.00	\$4,025.00	\$250.00 +

- (1) The \$50 extra is included for the purchase of additional books to take care of the increased demand for reading material resulting from the READING FOR PLEASURE program.
- (3) The \$200 extra is included for the purchase of additional books to take care of the increased demand for reading material resulting from the READING FOR PLEASURE program.

# Summary of Health Division Salary Recapitulation

1 Legend	2 School Year Salary Rate	3 Increments Affecting Calendar Year	4 Increments Affecting School Year	5 School Year Salary Rate	6 Total Salary for Calendar Year
A Column 2, School Year 1962-63; Columns 3 and 6, Calendar Year 1963; Columns 4 and 5, School Year 1963-64	15,000.00	\$640.00	\$1,200.00	\$16,200.00	\$15,640.00
B Column 2, School Year 1961-62; Columns 3 and 6, Calendar Year 1962; Columns 4 and 5, School Year 1962-63	13,800.00	400.00	1,200.00	15,000.00	14,200.00
C Difference	\$1,200.00+	\$240.00+	00	\$1,200.00+	\$1,440.00+
Breakdown of \$1,440.00					
Increments		\$200.00			
Increases due to salary schedule changes		440.00			
Total		\$640.00	(Same as Column A3)		
1962 Salaries held over from 1962 for payment in June, 1963 (Column C2 less Column B3)		800.00			
Total		\$1,440.00	(Same as Column C6)		

Note: Column A5 will be B5 and also A2 next year, and it will affect the 1964 Budget; however, all school year figures will be different if there are staff and salary changes between now and the school year 1963-64.

**AUXILIARY AGENCIES**

**Health Division Expenses**

	1962 Appropriation	1963 Budget Request	Difference
(1) Nurses' travel and in- surance on cars .....	\$520.00	\$520.00	00
(2) Supplies .....	535.00	676.00	141.00+
Totals .....	\$1,055.00	\$1,196.00	\$141.00+

The increase is due to medical items and printed forms re-  
quired to take care of increased number of pupils.

**AUXILIARY AGENCIES**

**Transportation to and from school: Section A**

	1962 Appropriation	1963 Budget Request	Difference
(1) Pupil transportation out of town .....	\$700.00	\$600.00	\$100.00—
(2) Physically handicapped	100.00	180.00	80.00+
(3) Special Class .....	3,000.00	3,200.00	200.00+
(4) Overcrowded conditions	300.00	2,880.00	2,580.00+
(5) Bus pupils .....	8,550.00	9,999.00	1,449.00+
	\$12,650.00	\$16,859.00	\$4,209.00+

**Section A Increases:**

- (2) This item is being increased because of an additional pupil in this group.
- (3) This item is being increased because of an additional pupil in this group.
- (4) This item is needed because pupils are being transferred outside of their school districts because of crowded conditions — from the North and East School districts to the South, Emerson, Robin Hood and Colonial Park Schools.
- (5) This item had to be increased because the overcrowded conditions require an additional bus run from the Emerson School to the Robin Hood School.

**Field Trips: Section B**

(1) Junior High School classes	\$160.00	\$190.00	\$30.00 +
(2) High School classes ....	125.00	125.00	00
(3) Art classes .....	50.00	50.00	00
(4) Music classes .....	250.00	205.00	45.00—
Totals .....	\$585.00	\$570.00	\$15.00—
Total Transportation			
(Sections A and B) ....	\$13,235.00	\$17,429.00	\$4,194.00 +

**AUXILIARY AGENCIES:**

	1962 Appropriation	1963 Budget Request	Difference
Tuition .....	\$1,119.00	\$1,500.00	\$381.00 +

The tuition item is one that cannot be controlled. State regulations make it compulsory for the town to provide education at special institutions to those who are physically or mentally handicapped. Also, tuition rates increase each year. We now have a pupil attending the Medford Sightsaving Class where the tuition rate is \$479. We also have pupils in and out of the Children's Hospital, and the Massachusetts General Hospital in Boston. The City of Boston has to be paid, at the tuition rate set for that city, for visiting teachers sent to hospitals there.

**AUXILIARY AGENCIES:****Miscellaneous:**

	1963 Budget Request
(1) Elementary Schools:	
Museum charges .....	\$ 10.00
Membership dues .....	26.00
Rental for four or five additional classrooms .....	5,000.00
Auxiliary services (Includes advertising expenses, auditing charges, receptions, liability insurance, printing and mailing costs of bulletin, posters, workshop) .....	594.00
(In 1962 it was \$2,388.00)	_____
	\$5,630.00

**(2) Junior High School:**

Assembly programs .....	\$200.00	
Student Handbook .....	175.00	
Membership in organizations including museum admission charges .....	35.00	
Auxiliary services (Includes advertising expenses, auditing charges, recep- tions, liability insurance, printing and mailing costs of bulletin, posters, workshop) .....	310.00	
(In 1962 it was \$585.00)	<hr/>	720.00

**(3) High School:**

Home Economics Department .....	\$ 50.00	
Assembly programs .....	150.00	
Christmas decorations .....	60.00	
Membership dues in professional organi- zations .....	50.00	
Guest expenses .....	20.00	
Graduation expenses .....	700.00	
Office expenses .....	201.00	
Senior tea .....	200.00	
Organist for Spring Concert .....	70.00	
Auxiliary services (Includes advertising expenses, auditing charges, recep- tions, liability insurance, printing and mailing costs of bulletin, posters, workshop) .....	368.00	
(In 1962 it was \$2,355.00)	<hr/>	1,869.00

(4) Evening School .....	220.00
(In 1962 it was \$155.00)	

**1963  
Budget Request**

**AUXILIARY AGENCIES:**

(5) New England School Development Council Dues .....	\$ 500.00
(In 1962 it was \$387.00)	
(6) Community Services Assessment An- nual Charge .....	100.00
(In 1962 it was also \$100.00)	

(7) Advertising and organization dues ....	185.00	
(In 1962 it was \$155.00)		
(8) *Rental of storage room at 354 Main Street .....	840.00	
(9) Cafeteria expenses including \$185 for telephone .....	215.00	
(In 1962 the telephone item was \$130, and the total for Cafeteria for this section was \$190)		
(10) Athletics .....	20,000.00	
(In 1962 it was \$23,000.00)		
		\$30,279.00

\*Paid from federal funds in 1962.

Note: Listing is not done separately for 1962 because requests for 1962 and 1963 are not all for comparable items.

1963 Budget Request .....	\$30,279.00
1962 Appropriation .....	29,160.00

Difference .....	\$1,119.00 more
------------------	-----------------

This increase would be greater because of the addition of two rental items — \$5,000 for four or five classrooms for the elementary schools, and \$840 for rental of a storage room at 354 Main Street; however, since \$3,000 was cut from the athletics budget, and the request for some of the routine items is less for this year than it was for last year, the actual increase is only \$1,119.00.

STONEHAM HIGH SCHOOL  
GRADUATION EXERCISES — CLASS OF 1962

Wednesday Evening, June 13, 1962  
Town Hall, Stoneham, Massachusetts  
at eight-fifteen o'clock

## PROGRAM

Entrance of Graduates — War March of the Priests  
(from Athalia) Mendelssohn  
High School Orchestra  
Rolland Tapley, Conductor  
(The audience will remain seated as the graduates  
enter the hall)  
Class Marshals  
Carol E. Huntoon, Class of 1963  
Joseph E. Murray, Class of 1963  
Graduation Hymn (the audience uniting) Hemy-Walton

## FAITH OF OUR FATHERS

## 1

Faith of our fathers, living still  
In spite of dungeon, fire and sword,  
O how our hearts beat high with joy  
Whene'er we hear that glorious word.

## 2

Faith of our fathers, we will strive  
To win all nations unto thee;  
And through the truth that comes from God  
Mankind shall then indeed be free.

## 3

Faith of our fathers, we will love  
Both friend and foe in all our strife,  
And preach thee, too, as love knows how  
By kindly words and virtuous life.

## Refrain

Faith of our fathers, holy faith  
We will be true to thee till death.

Prayer

Reverend R. Berwyn Daniel

Speech of Welcome

## REPORT OF THE LIBRARIAN

To the Trustees of the Stoneham Public Library:

It is my pleasure to present to you herewith the one hundred and third Annual Report of the Stoneham Public Library.

This year new records were set in growth within the Library as well as in use made of it. A new high was set in the number of books circulated this year, 207,285, as opposed to only 143,251 in 1958. The use made of our School Collection increased phenomenally.

The lack of adequate space in the Library, particularly in staff work areas, the Young Adult, and Children's Departments, has become more obvious this year than ever before. By all published standards on library buildings the Stoneham Public Library is inadequate. In view of the ever-increasing school enrollment in the years to come it becomes obvious that the Library must enlarge its physical plant. In preparation for this we had an impartial survey of our building needs made by the Division of Library Extension of the Department of Education of the Commonwealth. The very enlightening report of this agency is available at the Library for interested townspeople to borrow and study.

The excellent staff remained very much as it was last year with one major exception. Mrs. Janet Freedman, a graduate of Simmons College with a major in Library Science, became the Library's new Reference-Circulation Librarian. Largely because of her enthusiasm and interest in the Library we have made great strides forward in service in the Reference and the Young Adult departments. We are very fortunate in having Mrs. Freedman on the Library staff. We are also very happy to have Miss Ivy Brautigam and Miss Karen O'Brien, pages in the Children's Room, join us this year. We regret the resignation of Miss Laura Richards, Library Assistant, in April, and Miss Susan Mahoney, part-time Student Assistant, in August.

Staff activities were many and varied this year. Staff members attended several meetings including those of the Children's Librarian group of the area, the Charles River Library Club, the New England Library Association, the Massachusetts Library Association, the University of New Hampshire Publicity Workshop in September, and the first Governor's Conference on Libraries in April, held at the Hotel Somerset. In addition to attending several of the above, the Librarian attended meetings on regional library planning for this area, spoke at a book fair at the Robin

Hood School, and became a regular book reviewer for *Library Journal*, a national library magazine. To better serve the citizens of Stoneham and be better informed of what is being done in Library Circles the Librarian became Vice-President and President-Elect of the Charles River Library Club, and Secretary of the Membership Committee of the Massachusetts Library Association, as well as a member of the Education Committee of the Greater Boston Public Library Administrators, the Education Committee of the Public Library Administrators Section of the Massachusetts Library Association, and the Adult Education Committee of the same Association. Finally, the Librarian was privileged to attend the eighty-first annual American Library Association Conference at Miami Beach, June 17-23. The theme of this excellent Conference was "The Librarian and Society." The proceedings are available at the Library for interested citizens.

Several changes were made which were designed to help the Library provide even better service to townspeople. A new magazine rack which displays up to seventy magazines and provides storage room for back issues has been installed in the Adult Reading Room. (Incidentally, the George Washington Collection, which was given to the Library by the heirs of W. Padilla Gray, was moved when the magazine rack was put in. The collection is now being temporarily stored downstairs in preparation for its being catalogued and thereby made a more useful part of the collection.) The Library subscribed to fourteen new magazines. A picture rack was installed in the stacks to accommodate the increasing collection of reproductions of famous paintings which are framed and suitable for hanging. Bulletin boards were put up on each side of the front entrance to display new books and publicize events of interest. A new telephone was installed for the Children's Room. Now one wishing to call the Children's Room may do so direct by dialing 438-1325. A telephone extension in the kitchen was given by the Friends of the Library. The reference collection has been increased greatly and an attempt has been made to include books of interest to the business man and the college student, both here and in the book collection in general. Because of the greatly expanding reference collection and our lack of adequate shelving space, it has been necessary to put some of the lesser used reference volumes, along with the college catalogs, in the stack area by the offices. A small collection of musical scores of the more popular "classical" works has been added to the music collection. The program of microfilming the *Stoneham Independent* is underway. By May

of 1963 we hope to have the *Independent* from 1874 to about 1915 available for viewing at the Library. Books have continued to be sent on a regular basis to the Home for the Aged. Finally, Library Hall was used 180 times in 1962 by twenty-one different groups.

The Friends of the Library groups continued active as usual. The Great Books Discussion Group, the "Friendly Squares," and the Duplicate Bridge and Choral Groups had regularly scheduled meetings, as also did the Art Group, which sponsored several art exhibits.

I cannot begin to thank the staff enough for their help, enthusiasm and initiative. To single out individuals for commendation would be unfair. They all deserve it. Again, it has been a pleasure working under so fine, enthusiastic, and enlightened a Board of Trustees. I wish to thank the Garden Club for keeping the niches by the circulation desk decorated. Finally, I wish to thank all those who have given books to the Library as well as those who have suggested the purchase of specific titles. All suggestions from the public on any subject whatsoever are heartily welcomed and given sincere consideration.

## REPORT OF THE SUPERINTENDENT OF PUBLIC WORKS

To the Board of Public Works

Gentlemen:

The report of the Superintendent of Public Works for the year 1962 is hereby submitted. In writing this report, it is my intent to give as clear a picture as possible of the functions and accomplishments of the various divisions of the Department over the past year. In the case of specific functions such as the installation of sanitary sewer, this report will list definite quantities and locations, thus serving not only as a report but as a definite record for future reference. The Public Works Department consists of six basic divisions; these divisions being Highway, Water, Sewer, Park, Tree, and Cemetery. These divisions are supplemented by various physical properties throughout the Town consisting of four sewer pumping stations, the dump site, a gravel pit, traffic standards, the Stevens Street pipe yard, the Pine Street yard and buildings, the cemetery land and building, and various parks. The budgetary funds voted at the Annual Town Meeting are for the carrying out of the functions of these various divisions and for the maintenance and improvement to the physical properties referred to above. I have gone into some detail here for I feel a basic knowledge of the Department's responsibilities is necessary for a better understanding of this report.

While the personnel of the various divisions are trained primarily for a definite type of work such as water main installation, road construction, etc., interchange of personnel and equipment takes place frequently for the overall efficiency of the Department as the demand dictates. The Highway Division, for example, may be required to install water or sewer pipe, the Water Division called upon to install drainage, or the Park Division aid the Tree Division in tree removal. This interchanging of personnel and equipment is invaluable in keeping up with the various type of work demands the Department is subject to. It should be stressed however, that all divisions represent a vital type of work in their own right and that progress should never be sought in one division at the cost of another. It is my belief that the growth of the Town in recent years, with the resulting addition to the work load of the Department, has been met to a considerable degree through the ability to interchange personnel and equipment as the need arises, the use of labor saving machinery, and proper planning.

The policy of planned work with emphasis not only on new

construction, but also on the necessity of performing more maintenance work in established sections of the Town has been maintained. The latter is very important as existing streets, drainage, parks, sidewalks, water and sewer distribution systems represent an extremely sizeable financial investment which must be protected through proper maintenance.

The northwest sewer pumping station and the athletic building at Recreation Park were completed during the year 1962 and are now in use. The addition of these two buildings to the properties of the Town, considering the benefits that will be derived from their use, is a definite step forward of progress. The athletic building at Recreation Park, incidentally, is the third building designed by and constructed under the supervision of the Public Works Engineering Division.

Extremely strong concentration was put on the road program this year with the result that a total of 5.43 miles of existing roads were resurfaced. This does not of course include any Chapter 90 work. In the case of Chapter 90, as proposed for 1962 in last year's report, a section of Spring Street consisting of 1,480 feet was rebuilt. Before this reconstruction took place, the Highway Division installed some 2840 feet of twelve inch water main in Spring Street. This again was in accordance with our planned program, and will result in minimizing the possibility of tearing up a newly constructed roadway for utility work in the near future.

The amount of sewer lines installed this year, as mentioned in the Board of Public Works report, represents the most installed to date in any one year period. This is excellent progress in the supplying of this utility to the people of the Town. The area to the east of Main Street, located opposite the Redstone Shopping Center, including Marie Avenue, Celestine Terrace, Kenneth Terrace, and Bear Hill Road is now completed in accordance with the intent mentioned in last year's report. There follows below a brief breakdown of the various departmental functions with respect to the work accomplished in the year 1962.

### **Highway**

As mentioned previously, strong concentration was put on the road surfacing program which resulted in doing 4.02 miles of armor coating and 1.41 miles of tar and sand in 1961. Work of this nature aids considerably in minimizing the development of pot holes, broken gutters, etc., and gives us a safer and more attractive appearing Town.

During the year, the Department installed 853 feet of drain pipe, plus eleven drain structures throughout the Town. This work is made possible under a drain bond voted for this purpose and is vital in the protection it can offer residents from street water. The constant new construction in the Town many times necessitates the extension of drain systems. An excellent example here would be the construction of an apartment house located on the corner of Park and Marble Street. Prior to this construction, a good deal of the water from Park Street would discharge into the land. After the new construction took place, and the land was filled no discharge into private property would of course be possible, thus a drain extension was necessitated from Marble Street to provide a proper discharge for the street water. The brooks of the Town require constant maintenance, supplemented by personnel of the Department whose function during extreme storms is to keep the various grates at the culverts free of debris. This has been of definite aid in keeping to the minimum flooding conditions occurring with the property abutting these open waterways. The year also saw the addition of 4233 feet of drain pipe installed in various sub-divisions throughout the Town at the developer's expense.

### **Street Construction**

The above heading refers to streets accepted at the Annual Town Meeting to be constructed under the Betterment Act. The Board of Selectmen hold public hearings for all street acceptance, and give to the voters of the Town at the Town Meeting their recommendations on specific streets, as listed in the Town Warrant. At the March 12, 1962 Town Meeting, the following streets, recommended favorably by the Board of Selectmen, were accepted with the following work done during 1962.

Article 33. Felsmere Avenue—Work completed by Public Works Department personnel.

Graystone Road—Water and sewer mains now installed. The sewer main was installed by L. Maiuri & Sons, Inc., the low bidder, resulting from competitive bids obtained July 16, 1962 by the Board of Public Works. The extension of the water main was done by personnel of the Public Works Department. The remaining work consists of completing the roadway including surfacing with bituminous concrete.

### Sewer Construction

As mentioned previously the year 1962 has been outstanding from the viewpoint of additional sewer facilities made available to the residents of the Town. An actual report of the sewers installed follows below:

#### Sewer Construction by Public Works Department Personnel:

Bear Hill Road .....	750.7 feet
Celestine Terrace .....	465.0 "
Crescent Ave. and Green St. ....	233.5 "
Franklin Street .....	588.4 "
High Street .....	240.4 "
Kenneth Terrace .....	984.7 "
Main St., near Collincote St. ....	58.0 "
Main St., opposite Redstone Shop- ping Center .....	736.7 "
Main St., north of Gorham Ave. ....	64.8 "
Marie Avenue .....	618.0 "
North Street .....	572.9 "
Prospect Street .....	342.6 "
Randolph Road .....	112.8 "
Rhuland Road .....	22.0 "
Trunk Sewer (from Redstone shop- ping Area to the east side of Main St.) .....	362.0 "
Wyoming Avenue .....	55.0 "

---

6206.9 feet = 1.18 Miles

#### Sewer Construction—Under Contract To Town

##### Northwest Area—

Gravity sewer .....	1051.8 feet
Force Main .....	2700.0 feet

---

3751.8 feet = .71 Miles

Graystone Road .....	513.8 feet = .097 Miles
----------------------	-------------------------

Sewer Construction—By private contractors in subdivisions at the expense of the developers.

Alden Ave. and Easement .....	421.5 feet
Carmen Avenue .....	479 "
Danby Rd. and Easement to Rhu- land Road .....	1163.4 "
Redstone Manor .....	304 "
Rodgers Road .....	95 "

Spruce Street .....	297.3	"
Lee Street .....	410.0	"

---

3170.2 feet = .60 Miles

The above factual data illustrates properly the improvement to the Town of Stoneham's sewerage distribution system that occurred during 1962. At the time of this writing, 78.5% of the existing buildings in the Town of Stoneham are serviced by the municipal sewer.

### **Chapter 90 Maintenance**

The \$4500 made available for this work was used on the following street: Main Street—From South of William Street to Hersam Street, 1861 Feet.

The above street was resurfaced with 1½" of bituminous concrete, thus continuing the Chapter 90 road program initiated some five years ago. The majority of the Chapter 90 streets are well constructed, thus the resurfacing referred to above is, practically speaking, a new wearing surface. We feel the success of this program is apparent, and are pleased with the progress made on the Chapter 90 streets. Two-thirds of the cost of this work, incidentally, is returned to the Town by the State and County. The installation of the above bituminous concrete took place within a 24-hour period, thus keeping to a minimum interference with traffic and normal business operations.

### **Tar Sidewalks**

The funds, consisting of \$3,000 used for these walks are derived through an article inserted in the warrant yearly for this purpose. Though the expenditure is a modest one, this is a vital article to this community, insuring the upkeep of the present tar, so-called, sidewalks. During the year 1962 we are pleased to state that approximately 3148 feet of existing sidewalks on various streets were resurfaced with hot top. While it is true we are in a motorized age, I feel the maintenance of sidewalks, and as time allows, the construction of more new walks should be emphasized particularly for the benefits of those groups of our population representing the children in lower grades, and the elderly.

### **Water Services**

In the course of the year, 100 new water services were added

to the system bringing the total of active services in the Town to 4,697. This represents an increase of 89% more services added in 1962 as compared with 1961. We also relaid 44 old water services, installing copper tubing. This work, that is the relays, is done at the request of the home-owners, with the Town absorbing the cost on the street, and the home-owners paying the cost on their property. The program of pulling the old services has been extremely successful. This method, when successful, lowers the cost to all concerned considerably. The variable is, of course, the condition of the old pipe, whether or not it is still strong enough to withstand the strain of pulling. All water services in the Town are metered, read semi-annually.

### **Sewer Services**

This year saw the addition of 175 sewer services added to the sewer distribution system, an increase of 96% as compared with the 89 sewer services added in 1961. The applicant pays the entire cost of the service. A total of 3530 services now exist in the Town. It is worth mentioning this figure deals only with the active services, not the various homes where sewer is available in the street, but is not yet connected to the property. The installation of sewer services is a constant job, the applicant paying the entire cost of the service. Once installed, the sewer service, that is, from the home to the street, is maintained without charge to the homeowner. Generally speaking the maintenance problem occurs as a result of improper waste put into the line, or the growth of tree roots into the pipe. The latter problem has been minimized considerably through the use of asbestos cement pipe.

### **Street Signs and Beacons**

Under this account all traffic signs, traffic markings, traffic lights, etc., are installed and maintained by this Department. The actual determination of the type of sign and location rests with the Police Department and the Selectmen, functioning as Police Commissioners. The labor required for the installation and future maintenance is done by personnel of this Department. I stress this point for it has been my experience that many residents interested in posting a street for speeding or perhaps requesting a stop sign, are not familiar as to where this authority rests.

During the year 1962, some 12.52 miles of white center lines were put on various roads throughout the Town. I firmly believe these lines are of definite value to the safety of the public and hope to continue this program during the coming year.

## **Engineering**

This division functions under the control of the Town Engineer and is responsible for the maintenance and enlargement of the Town water, sewerage and drain distribution systems plus the construction and maintenance of the Town's roads. This work basically consists of the drafting of initial plans, the supervision of the work during construction, from the viewpoint of providing adequate construction lines and grades, to the final step of preparing record plans. The Town Engineer also provides all cost estimates on such matters as street construction for acceptance, sewer and water main extensions, sidewalk construction, and their miscellaneous items requiring estimates throughout the year. The engineering and estimating for any projects under State control, such as Chapter Ninety and Ninety-one is of course done by the respective groups of the State Department of Public Works.

In the case of all Betterment projects, such as road construction, sewer and water installations, etc., final cost figures are checked and submitted to the Board of Assessors by the Town Engineer upon completion of the work. The Engineering Division is also responsible for the approving of subdivision plans from the engineering viewpoint to the Planning Board, and for the recommendation of the monetary sum that is used by the Planning Board to determine the necessary bond. This is a courtesy the Public Works Department is pleased to extend to the Planning Board. All construction work done in subdivision is also supervised by the Engineering Division and it is on the satisfactory completion of this work that bonds are released.

The above work is supplemented by such functions as establishment of street lines, inspection of houses before blasting, various traffic surveys, etc.

## **Administrative Staff**

The administrative staff actually functions as the nerve center of the entire organization, the main function being to route all business into the correct channels, thus having a direct bearing on the Department's ability to serve the public's needs. When it is considered that this business concerns the functions of water, sewer, highway, park, tree and cemetery divisions, in a Town exceeding 18,000 people, some idea of the demands upon the administrative staff is gained. A sizeable portion of the work consists of preparing contracts, computing weekly payrolls and bill warrants, computing and mailing of approximately 9,000 water

bills yearly, purchasing of necessary materials, maintaining various cost records, etc. Other functions are of such a nature that they must be routed to the men responsible for the work; for example, requests to read meters, to shut off water, to relieve sewer plugs, requests for sanding, requests concerning tree problems, etc.

### **Road Machinery Maintenance**

Th mechanical equipment of the Department is maintained for the most part by our mechanic. He is directly responsible for the upkeep of all vehicles and equipment which includes such units as a grader, bulldozer, mechanical shovel, road roller, snow loader and trucks of varying size. This ability to do the majority of our own maintenance work is strongly reflected in lack of time lost and monetary savings. Repair of equipment, painting and periodic greasing and oil changing is carried on throughout the year.

### **Road Machinery**

Th Board of Public Works by authorization of the 1962 Annual Town Meeting selected and disposed of the following equipment under the respective Articles listed below:

Article 20—Purchased one 5 Ton Mack Dump and disposed of one 1940 5 Ton Mack Dump Truck.

Article 20—Purchased one 3 Ton International Dump Truck with Rack Platform Body, and disposed of one 1949 2 Ton Dodge Dump Truck with rack body.

Article 22—Purchased one 3 Ton International Dump Truck and disposed of one 1952 International Dump Truck.

### **Snow and Ice**

The total accumulation of snow for the winter season was approximately 53½ inches in Stoneham. In our reports, we refer to the season as that period of winter from November 1961 through April of 1962. Plowing and sanding operations took place frequently as weather conditions merited. We are keenly aware that the winter season is a difficult one for both motorist and pedestrian alike, and we do our best to remedy snow and ice conditions as soon as possible. As in past reports, I again feel obligated to stress the value of municipally-owned equipment, both from the monetary viewpoint, and the mechanics of the actual plowing operation.

### Sidewalk and Curbstone Construction

As a result of the construction of Perkins Street during 1961, which due to the 75% participation of the State and County resulted in an extremely reasonable price for sidewalk and curbstone construction on this street very little installation of new sidewalks and curbstone was done in other areas. Realizing this, in 1962, a strong effort was made to do as much of this work as the funds would allow throughout the Town. The result was the installation of 1023.4 feet of new sidewalk and 1133.2 feet of curbing in various locations throughout Stoneham. This work is done under the Betterment Act, the applicant paying one half the cost, the Town the other half.

### Water Construction

Under this account, the most important work was the installation of 2840.3 feet of twelve inch water main in Spring Street, from East to Green Street. The installation of this new twelve inch water main, replacing the old six inch cement main, will aid greatly in the providing of more water to this area for consuming purposes, plus increased fire protection. This improvement will be most apparent during periods of hot weather resulting in a strong draw on the system. It is worth noting that where the Sewer and Water Division were engaged on another project, the Highway Division installed the Spring Street water main. The ability to interchange the work of various divisions has proven invaluable in aiding us in meeting the various work loads. The year also saw an additional .38 miles of water mains added to the system by Public Works personnel plus .65 miles added by various developers at their expense in various subdivisions throughout the Town. The amount of water pipe installed by Public Works Personnel, including relays and new lines, during 1962 is approximately three times what was installed the previous year. This strong increase was due primarily to the need to install the Spring Street water main prior to the road reconstruction. It is also worth noting the installation of some 619.7 feet of twelve inch water main in North Street completed the loop of twelve inch pipe running through the Northwest area of the Town initiated around 1948.

As in the past, I would like to express my sincere thanks to Fire Chief Crosby for his aid and suggestions in the improvement of the water distribution system of the Town. The entire maintenance and development of the water distribution system is supported by the revenue collected through the sale of water.

### **Park Division**

The main function of the Park Division is the maintenance and improvement of the parks of the Town. This is supplemented by the maintenance of the Town Hall grounds, various play areas for the Division's recreational program located on School property, the two Little League fields, and twelve triangles throughout the municipality. During the year 1962 the following additional work was performed by the Division working within the limits of the annual labor budget:—

1. The interior of the new Recreation Building was painted throughout and a partition erected within the building forming two team rooms of equal size.
2. The ice skating rink at Recreation Park was repaired where needed and completely repainted.
3. The remaining old dugout at the main Little League Field located on lower Pomeworth was ripped down and a new one constructed.
4. The playground equipment at Pomeworth was relocated to an area which should be better from the viewpoint of minimum interference with the abutters and more freedom to the youth using these facilities.

The year also saw the construction of a back-stop at the small field recently developed at Recreation Park, and the installation of a gate at the back-stop servicing the main baseball diamond. The building, authorized under Article 52 of the 1961 Annual Warrant and Article 23 of the 1962 Annual Warrant, is now completed. I feel strongly this building, designed by our Engineering Division, will prove to be a definite asset to the youth of the Town during the year's activities at Recreation Park.

### **Tree Division**

This year in particular saw strong emphasis put on the tree planting program with the result that approximately 242 trees were planted in many locations throughout the Town. The beautification effect of trees is well appreciated when one looks at streets such as West Street, Steele Street, and Flint Avenue, where trees planted years ago have today reached maturity. The two Town operated nurseries continue to be our main sources of plantable trees. This method consists of purchasing the trees while quite small at a reasonable price, allowing them to reach a street plantable height in the nurseries, and then transplanting in various street location in the Town.

The spread of Dutch Elm disease continues to be the main problem facing our Tree Division. Through the planned use of sprays, and the quick removal of the diseased Elm, the disease is presently under reasonable control in the Town. It is the hope of all concerned that a definite cure will be developed, thus stopping the spread of this disease.

We are presently removing stumps through the use of a hired machine cutting them below grade. This method to date has proven to be the most economical. The gravel pit continues to serve as the area for brush disposal, necessitating the use of a bulldozer to push the debris over the banking from time to time. The Tree Division has aided in the plowing and sanding operations throughout the Town, and has assisted both the Cemetery and Park Divisions in times of need.

### **Cemetery Division**

Lindenwood Cemetery consists of a presently developed area of approximately thirty acres that must be kept constantly mowed and in good condition. Work has continued on the development of the west side of the cemetery with an area consisting of approximately 650 grave sites seeded during the year.

The program of hot-topping the various roads in the cemetery has been continued with the result that approximately 85% of the roads are now newly surfaced within the last few years. This work is accomplished with funds from the sale of lots and graves, and thus is independent of the tax rate.

As in past years, the cemetery truck and personnel have proven invaluable during the various winter storms.

During the year 1962, sixty-one interments took place, and fifty-eight new graves were sold. For a list of the receipts during the year 1962, your attention is respectfully directed to the report of the Town Accountant.

### **Rubbish Disposal**

This collection takes place weekly throughout the Town. As a result of the November 26, 1962 Special Town Meeting funds were appropriated under Articles 4 and 5 for the purchase of an additional load packer, and the Board of Public Works was authorized to engage in a contract, not to exceed three years, to provide for an area outside the Town limits for the disposal of rubbish. These two articles were the recommendation of the Incinerator Committee appointed by a prior Town Meeting for a study of this problem. It is our hope a contract will be entered into effective in the Spring of 1963. This will in all probability require some

change in the present routes which can only be determined from actual experience. We respectfully request the cooperation of the Stoneham residents while in the process of this change, and will do our utmost to bring this about as quickly and as efficiently as possible. This will, of course, mean the elimination of the open burning dump presently in operation at Spring Lane.

### Chapter 90 Construction

Article 18 of the 1962 Annual Town Warrant raised the sum of \$29,000 for the Chapter 90 work scheduled to be done during 1962. Continuing the planned program, Spring Street was reconstructed, beginning at East Street, and continuing westerly for a distance of 1,480 feet. It is our intent to continue the reconstruction of this street westerly during 1963 as far as the funds will allow. This work is done under the engineering control of the State Department of Public Works. The contract for this year's project was awarded to S. Rotondi and Sons, the low bidder as a result of competitive bidding. In the case of Chapter 90 reconstruction, the Town raises the entire recommended sum through an article in the Annual Town Warrant. After completion of the work, seventy-five per cent of the funds expended are returned to the Town by the State and the County.

It should be stressed that prior to the reconstruction of Spring Street, new utilities such as sewer and water mains were installed. This will hold to a minimum the need to tear up a newly constructed road in the near future. We are also pleased to state that a new sidewalk was installed on the south side of Spring Street from East Street to Beacon Street. This work was done jointly with the street reconstruction and resulted in a cost saving for the Town.

I would like to take this opportunity to thank Mr. Martin Jordan, a foreman with the Public Works Department, for his many years of efficient and faithful service to the Town of Stoneham, also my thanks to Mr. Simon Doucette for his many years of loyal service, both men having retired from the Public Works Department during 1962.

In concluding this report for 1962, I would like to express my appreciation to the Board of Public Works, the many other Boards and Committees of the Town, the residents of Stoneham, and the departmental personnel for their aid and cooperation throughout the year.

Respectfully submitted,

EDWIN D. CALLAHAN

## REPORT OF THE BOARD OF PUBLIC WORKS

The Board of Public Works, meeting March 12, 1962 organized for the year as follows: John E. Finnegan, Chairman of the Board, with members Cornelius J. Sweeney and John E. Shaughnessy. Mr. Sweeney was re-elected to the Board March 5, 1962 for a three-year term. Miss Geraldine O'Grady was appointed Clerk of the Board, and Mr. Edwin D. Callahan was appointed Superintendent of Public Works.

The Board is pleased to report that the Northwest Sewer Pumping Station, authorized by Article 51 of the 1961 Annual Town Warrant, is now completed, and presently providing sewer facilities to a portion of the area. The development of land in close proximity to the station during 1962, and the cooperation of the Planning Board with the Board of Public Works in insisting that this land be serviced with sanitary sewer facilities which were dependent on the completed construction of the sewer pumping station, is deeply appreciated. The completed sewer station is the result of competitive bidding with the contracts in all cases being awarded to the lowest bidder by the Board of Public Works as follows:

1. Construction of the Station Building—Allied Contractors Corp.
2. Installation of Force Main from the Station to the discharge point at Sherwood Road, and installation of gravity feeds to North Street and Crosby Street—N. Cibotti & Sons Co.
3. Procurement of and installation of pumps in the station—Ralph P. Hall, Inc.

This completed sewer pumping station will now be in a position to provide future sewer facilities to the area bounded roughly by Route 128 to the North, Interstate 93 to the West, a section of Forest Street, North Street to the South, and Curve Road to the East. It is the intent of the Board to begin the installation of sanitary sewers in this area this coming Spring. The initial concentration will be put on the installation of the trunk sewer line which will run from Wagner Road to Hanford Road through to the Erickson Street and Drummond Road area in the vicinity of Paula Avenue. It should be stressed that the providing of sewer to the entire area as described initially will have to be done over a period of years, dependent upon the funds recommended for sewer construction by the Finance Board, subject to the vote of the Town Meeting. The Board would like to add

that every effort was made on the part of the Board and the Superintendent to design the sewer station building along architectural lines that would be a credit to the Town.

The year 1962 also saw the installation of 18 miles of sanitary sewer lines added to the system by personnel of the Public Works Department supplemented by .60 miles of sewer line intalled in developments at the developer's expense, plus .71 miles of sewer lines including a force main installed by contractors for the Town as a result of competitive bidding. The Board is extremely pleased with the progress made as illustrated by the above figures, and respectfully points out that at the time of the writing of this report approximately 78.5% of the existing buildings in the Town are serviced by the municipal sewer. In particular, this year saw the installation of gravity sewer in a sizeable portion of the northeasterly section of Stoneham requiring an extension out of the Redstone Area to the east side of Main Street which resulted in the provision of sewer facilities to Marie Avenue, Celestine Terrace, Bear Hill Road, and Kenneth Terrace.

The Recreation Building, located at Recreation Park is now completed, and to date has been a definite asset to the athletic facilities of the Town. This building was designed by the Engineering Division of the Public Works Department, and the contract for the construction awarded to Marini Construction Co., the lowest bidder in the sum of \$24,950. The painting of the interior of the building and the installation of the partition forming the two team rooms was done by personnel of the Public Works Park Division. The construction of the concrete platform and the steps outside the building, including the grading of the site was done by personnel of the Highway Division to aid in keeping construction costs as low as possible.

The Board believes that every effort should be made to utilize the skills, and equipment of the various divisions of the Public Works Department, working jointly on a common project for the overall good of the Town, many times doing additional work within the limits of existing budgets as illustrated in the case of the Recreation Building.

The Board of Public Works has continued its planned program including, not only sewer installations as previously mentioned, but park improvements, water installations, road work, sidewalk construction, a definite tree planting program, improvements to Lindenwood Cemetery, etc. This work is put on a definite planned basis, thus establishing concrete goals, and whenever possible is accomplished within the limits of the existing budget, thus eliminating requests for additional funds.

In conclusion, the year 1962 also saw the installation of a twelve-inch water main in Spring Street from East Street to Green Street prior to the reconstruction of 1480 feet of this road under Chapter 90. This will result in more adequate water for fire protection, and consumption purposes to the residents of this area, and also minimizes the possibility of tearing up the new road for future installations.

In the late summer of 1962, a section of Main Street was resurfaced with hot top under Chapter 90 Maintenance and consisted of 1861 feet that was completed within one day, thus keeping to a minimum interference with traffic and normal business operations.

During the year 1962, Mr. Martin M. Jordan and Mr. Simon Doucette, employees of the Department for many years, retired. We would like to take this opportunity to express sincere appreciation to Mr. Jordan and Mr. Doucette for their competent and faithful service over the past years.

The Board would also like to take this opportunity to express their appreciation to the people of Stoneham, to the many Boards and Committees, and to the personnel of the Department for their assistance and aid throughout the year.

For a more detailed explanation of the functions and accomplishments of the various divisions of the departments, your attention is respectfully directed to the report of the Superintendent of Public Works.

Respectfully submitted,

By: JOHN E. FINNEGAN, Chairman  
CORNELIUS J. SWEENEY  
JOHN E. SHAUGHNESSY

## **ANNUAL REPORT OF TOWN COUNSEL**

Upon my appointment as Town Counsel in March of 1962, I was given the fullest and most courteous cooperation by former Town Counsel, Kenneth A. Currie in briefing me on the Town's pending cases and routine of the Legal Department.

What with the ever increasing problems of a growing Municipality, this writer has handled some one-hundred-twenty-seven cases having to do with various subject matters since taking office.

The Town Counsel, under our By-Laws, has the responsibility and duty of complying with any requests for legal opinions, having to do with Town affairs, submitted by any of the several Town Departments.

With these facts in mind our Municipality may, in the not too distant future, find it necessary to bring to the attention of the citizens the need to elevate the position to a full time office, as is being done in similar type Communities.

At this writing there are no serious or substantial claims by or against the Town and the citizens may well pride themselves in having various Administrative Offices and Elected Officials which are constantly concerned with the welfare of the Inhabitants of the Town of Stoneham.

FRANK M. GEREMONTE

Town Counsel

## REPORT OF THE PLANNING BOARD

To the Citizens of Stoneham:

The Planning Board held its 1962 Organizational Meeting on April 4th. Board Members Daniel Towse, Paul Brown, Louis Vacca, Thomas Leahy and Millard Taylor elected Daniel Towse, Chairman and Paul Brown Secretary of the Board for the year.

During the year two valued members of the Board, Millard Taylor and Thomas Leahy resigned after long and faithful service to the town.

Robert O'Brien and William Coy, Jr. were appointed to fill the vacancies created by these resignations.

The Planning Board held 29 regular meetings, 3 Special Meetings, 11 Public Hearings during the year. Joint meetings have been held with the Board of Selectmen, Board of Appeal, Urban Redevelopment Authority and Building Code Committee during the year. The Board was represented at all Board of Appeal hearings and Selectmen Site Plan Hearings. Many hours of study and conferences have gone into furthering the Planning goals of the Town.

During the year 41 plans were signed as not requiring approval under the sub-division control law. Five new sub-division plans were approved. They are: Windsor Road Extension, Nixon Lane, Gigante Drive, Sunset Road Extension, Danby Road. Two other plans are pending, High Cliff Terrace and Walsh Avenue Extension.

On March 29, 1962 the State Division of Planning announced that a planning grant from the federal government for a complete zoning by-law study and revision had been approved. The approval of the application filed by the Planning Board assured the Town federal funds for two-thirds of the cost of this study which is now under way.

On May 2nd the Board voted to accept the Master Plan. The complete text of the plan has been published in the 1961 Annual Report and a Public Hearing was held on January 3, 1962.

On May 23rd the Urban Redevelopment Authority presented a General Neighborhood Redevelopment Plan to the Planning Board. The Board voted a resolution that the General Neighborhood Redevelopment Plan agreed with the basic concept of the Master Plan.

Recommendations of the Board for amendments to the zoning by-laws were acted upon favorably at the Annual Town Meeting. These changes in the By-laws were prompted by a study of apartment housing controls completed in January, 1962 and recommendations of other recent studies.

In conclusion these recommendations are made part of this Annual Report—

1. The Town should accept an up-to-date zoning by-law.
2. Acquire vacant land now for proposed parks, schools and public use.
3. Consider retaining professional planning consultants on a continuing service basis.
4. Insist on a more literal enforcement of the zoning by-laws.
5. Develop a workable capital budgeting program.

The Planning Board wishes to take this opportunity to thank the citizens, Town officials and their staff for their consideration and help during the year.

Respectfully submitted,

DANIEL C. TOWSE, Chairman  
PAUL C. BROWN, Secretary  
LOUIS VACCA  
ROBERT O'BRIEN  
WILLIAM S. COY, JR.

## REPORT OF THE PERSONNEL BOARD

To the Honorable Board of Selectmen:

The 7th Annual Report is herewith submitted.

Under Section VI of the Town By-laws it is the duty of the Personnel Board to review all Salary and Wage rates and Classifications and recommend to the Town any action it deems necessary to maintain a fair and equitable plan. Under the rules of procedure set by the Board, letters were written all department heads inviting them to appear before the Board to discuss any proposed changes or adjustments in the Wage and Salary Plan.

Following much discussion with department heads a revised Wage and Salary Schedule was written and presented by the Personnel Board to the townspeople at the annual Town Meeting in March, at which time it was accepted.

Due to a business transfer, Mr. James E. Lowthers was no longer able to continue as a member of the Board and his resignation was accepted on February 7th.

Mr. Alan W. Philbrick was appointed by the Board of Selectmen to fill the unexpired term of Mr. Lowthers.

The Board of Selectmen reappointed Mr. Frank R. Noyes for another term of five years, expiring in 1967.

At its organizational meeting in May, the Board re-elected Mr. Frank R. Noyes, chairman and Mr. Joseph F. MacSweeney, secretary.

A booklet with the revised By-laws and new Wage and Salary Schedule was printed and distributed to all Town departments. Many new people serve on Boards and Committees within the town each year and the Personnel Board feels it important all understand the Wage, Salary and Classification Plan and its purpose.

In November, Mr. Frank Noyes was elected a member of the Board of Directors of the Mass. Municipal Personnel Boards Ass'n.

FRANK R. NOYES, Chairman

JOSEPH F. MacSWEENEY, Secretary

## REPORT OF POLICE DEPARTMENT

January 16, 1963

Board of Selectmen  
Town Hall  
Stoneham, Massachusetts  
Gentlemen:

As Chief Executive Officer of the Stoneham Police Department and in compliance with the provisions of Article 3, Section 8, of the By-laws of the Town of Stoneham, I have the honor to submit the following report of the work accomplished by the Police Department during the year ending December 31, 1962.

### Table of Organization

- A. Chief — Bernard C. Vacon, Chief Executive Officer and Administrator
- B. Lieutenant — William H. O'Toole, Traffic Bureau and Department Prosecutor
- C. Sergeant-Investigator — Andrew J. Tuney, Investigation and Fingerprint Bureau, Firearms, Missing Persons
- D. Platoon Sergeants — Edward F. Geary, Dominic A. Lucci, George R. O'Brien
- E. Investigative Bureau — Inspector Robert E. Moreira, Patrolman Francis F. Mahoney
- F. Safety Officer — George J. McDonough, attached to the Traffic Bureau
- G. Patrolmen — George N. Savard, Fabian S. Koprek, Robert D. O'Melia, George C. MacDonald, William F. McNulty, Tony J. Asci, Edward P. McLaughlin, Stanley F. Konopacka, Henry C. MacKay, Edward J. Pinato, William E. Gorse, Gerald D. Mahoney, William G. Joy, Albert J. Duff, Jr., Harold E. Balboni, Raymond B. Blauvelt, Robert J. Jenkins, David F. Roberts and Frederick C. Mahn (military leave)

## Traffic

Another reduction in the total number of accidents was reported by the Traffic Bureau. A total of 205 accidents involving personal injury and property damage exceeding \$200.00 occurred in Stoneham during the year 1962, as compared to 236 for 1961 and 252 for 1960. This proves once again that effective law enforcement can bring about a decrease in auto accidents.

A total of 155 persons were injured as a result of motor vehicle accidents in 1962 as compared to 189 for 1961, revealing a decrease of 34. Three youngsters operating bicycles were injured as compared to 10 during 1961. Thirteen pedestrians were injured by motor vehicles as compared to 9 in 1961.

Only one fatality was recorded and that occurred on Interstate Route 93.

A breakdown of accident locations reveal that the following six streets have the highest accident frequency record for 1962: Main Street leads with 84 accidents, showing a reduction of 4, followed by Franklin Street with 25 as compared to 30 for 1961. Elm Street had an increase of 7 reporting 16 in 1962, compared to 9 for 1961. Montvale Avenue had 10 accidents indicating an increase of one. William and Pond Streets recorded 7 accidents each, showing a decrease of 3.

North Main Street which had a previous high of 46 accidents had a reduction of 10; reporting 36 accidents in 1962.

A continuous and strict traffic enforcement program was conducted on North Main Street resulting in the apprehension of 205 motor vehicle violators during 1962. This, no doubt, was a contributing factor to the 22% reduction in traffic accidents in the general area.

An accident age group study was conducted by the Traffic Bureau to determine whether minors actually were involved in more accidents than adults. Results showed that out of 205 accidents reported in 1962, a total of 51 minors were recorded as operators of cars involved. This clearly indicates that last year 25% of our accidents involved a minor behind the steering wheel.

A total of 1250 motor vehicle violations were recorded, consisting of 922 no-fix tickets issued and 328 warnings. A total of 788 illegal parking notices were also issued.

Safety Officer George J. McDonough conducted an active Safety Program which included talks and films at all elementary schools.

A bicycle safety program sponsored by the Junior Chamber of Commerce and run in coordination with the Safety Officer was inaugurated for the first time in 1962. This program was a suc-

cess and contributed to a substantial reduction in bicycle accidents. It should be pointed out that we have a total of 5732 bicycles registered in Stoneham, and that under present legislation the operators are now subject to the rules of the road.

### Crime

A total of 33 burglaries were reported and investigated in 1962 compared to 35 in 1961. A total of 8 arrests for burglary and breaking and entering were made in 1962 compared to 9 arrests in 1961. Every arrest in this category was made after a lengthy investigation.

Larceny by check showed a tremendous increase with 52 reported in 1962 compared to 7 for 1961. Restitution was made in 46 of these cases and no prosecution ensued. Seven forgeries by check were reported and 4 arrests were made.

A total of 29 larcenies over \$50.00 were reported in 1962 as compared to 20 in 1961. Seven arrests were made for this offense compared to 8 in 1961.

Eight automobiles were reported stolen in 1962 compared to 9 in 1961. Eight persons were arrested for this offense compared to 6 in 1961.

Sex offenses decreased, showing a total of 7 compared to 12 in 1961. Seven persons were arrested for these offenses compared to 8 arrests in 1961.

Arrests for drunkenness increased to 99, compared to 94 in 1961, showing an increase of five. It should be pointed out that only four minors were arrested for this offense. Also, according to our age group study, it should be emphasized that out of 99 drunk arrests, a total of 36 persons were over 50 years old. Twenty-two persons were between 40 and 50 years old; 24 persons between 30 to 40 years old, and 13 persons were between 21 and 30 years old.

The above facts indicate that drunkenness is an adult problem and at the present time should not be considered a major factor in teenage delinquency.

A total of 36 minors were arrested for various criminal offenses excluding motor vehicle violations as compared to 42 minors arrested in 1961, showing a decrease of six.

Other offenses included, 9 persons arrested for assault and battery; 5 persons arrested for carrying dangerous weapons; 2 arrested for violation of the narcotic laws; 4 arrested for receiving stolen property; 2 arrested for vagrancy and disorderly conduct; 2 persons were also arrested for aiding a prisoner to escape and assault and battery on a police officer.

## **Training**

During the year, four officers were graduated from the State Police Academy after a six week training course. The officers who attend this fine school receive training in accident investigations, patrol procedures, communications, Court Demeanor, public relations, fingerprinting and photography, narcotics, birth emergencies, first aid, handling of mentally disturbed persons, fire arms, motor vehicle law and criminal law.

Two officers attended Northeastern University where specialized courses were given on the proper handling of the sex offender and the juvenile delinquent.

In-service training consisted of a Spring and Fall F.B.I. Pistol Course, held at the M.D.C. range. A special course on Search and Seizure was also conducted last Spring by Agent Thomas McLaughlin of the F.B.I.

## **Other Duties**

During the year a total of 455 persons were conveyed to various hospitals in the police ambulance. This is an increase of 58 over last year and during the near future we will probably be conveying over 500 persons annually.

Three sudden deaths, one suicide, and one attempted suicide were investigated.

Twenty-five children reported as lost were found by our officers who at times were assisted by the Fire Department.

Twelve persons were reported missing and all were located in various parts of the country. A total of 91 pistol permits and 62 sets of fingerprints were processed by the Investigative Bureau.

Because of the current defense program, a total of 160 character and record checks were made for the various governmental agencies.

A total of 1455 various types of complaints were investigated by the department.

The total value of property recovered amounted to \$23,528.79.

## **Commendations**

1. January 30, 1962 — Board of Selectmen officially commended Officer Robert J. Jenkins for his act of bravery in attempting to save a woman from further serious injury when a moving vehicle went out of control.

2. October 9, 1962 — Board of Selectmen officially commended Officer Tony J. Asci for the single-handed apprehension of five

men wanted for questioning by the State Police. Two of the wanted men were unlawfully carrying firearms.

3. November 13, 1962 — Board of Selectmen officially commended Officers Raymond B. Blauvelt and Thomas D'Onofrio for the apprehension of two men operating stolen cars and wanted for several burglaries committed in Somerville and Medford.

Respectfully submitted,

BERNARD C. VACON, Chief

### **Table of Organization, Auxiliary Police**

Chief, Albert Murphy

Lieutenants: Lawrence Russell, Milton Roberts

Sergeants: Walter Arnold, Arthur Cole, Endecott Osgood,  
Paul Woods

Patrolmen: Carl Bagge, George Bates, Edward Boudreau, Stephen Brezinski, Reynold Davidson, Edward Doyle, Merle Eastman, David Fix, Edward Gay, Edward Gillespie, Clifford Jones, Neil Knudsen, Leo Lawrence, Joseph Lupo, Ernest McBay, Philip McColgan, Alfred Minghella, Patrick Minghella, Carl Moore, Lawrence Olson, Benjamin Pasquariello, John See, Francis Soley, Robert Spencer, Guerino Tamburrini, John Walsh, and Robert Walsh

## **REPORT OF THE FIRE DEPARTMENT**

To the Honorable Board of Selectmen  
Gentlemen:

The following report of the Fire Department for the year 1962 is respectfully submitted.

The personnel of the Fire Department consists of one (1) Chief; three (3) Captains; four (4) Lieutenants; twenty (20) Privates; one (1) Mechanic; one (1) Call Fire Fighter.

The Department during the past year answered 1170 alarms, of which 120 were bell alarms (32 of which were false), 20 mutual aid calls, 1020 still alarms including 52 inhalator calls.

There were used at fires during the year 20,550 feet of 2½" hose, 12,350 feet of 1½" hose, 25,550 feet of booster hose, 1,546

feet of ladders, 250 pounds of CO<sub>2</sub>, 45 water extinguishers, and three ansul extinguishers, and 1,980 cubic feet of oxygen.

The amount of property endangered by fire was \$2,962,147.00.

The amount of property lost by fire was \$35,232.74.

The amount of insurance paid was \$31,432.74.

The net loss for the year was \$3,800.00.

During the year there were 30 complaints received which were investigated by the department, some of these with the cooperation of the State Fire Marshal's office and our local Building and Wire Inspector.

During the year 214 hours were spent on Fire Prevention work, which included the following:

269 inspections were made, and 212 hazardous conditions and violations of the law were noted, and the owners and tenants ordered to correct these conditions, also 30 recommendations were made in the interest of Public Safety.

Nursing Homes and Hospitals .....	40
Schools .....	22
Churches .....	7
Oil Burners .....	78
Mercantile .....	200
Special Inspections .....	6
L.P. Gas .....	11
Blasting Permits .....	48

Fire Drills were conducted by the Department in all public schools once during the year, for a total of 11 schools.

During the past year the members of the department have drilled with the equipment at various times throughout the year to remain thoroughly familiar with the equipment and the use of it.

The motor equipment consists of two 750 gallon Seagrave pumping engines with auxiliary pumps capable of delivering up to a thousand pound pressure for use as a fog pump; a 750 gallon Seagrave pumping engine; a 200 gallon pumping engine, equipped with a 300 gallon booster tank, two 300 foot booster reels and 1500 feet of 1½" hose, a 65 foot Seagrave Junior Aerial ladder truck, a Chrysler Chief's car and an aerial equipped Ford service truck for Fire Alarm use.

I wish to express my thanks and appreciation to Mr. Daniel Hurley, Supervisor of the Fire Department, and to the Board of Selectmen, for the cooperation shown by the Board in dealing with the problems of the Department.

In concluding this report, I wish to express my thanks and appreciation to the Police Department, the Building and Wire Inspector, and all other Town officials, department heads and the officers and members of the Fire Department and the citizens of the Town for their cooperation and assistance during the past year.

Respectfully submitted,

WILLIAM E. CROSBY  
Chief of the Fire Department

## **REPORT OF THE DEPARTMENT OF CIVIL DEFENSE**

Board of Selectmen:

As Director of Civil Defense of the Town of Stoneham, I submit the following annual report of the training and work accomplished by the various segments of the Department of Civil Defense, Town of Stoneham during the year ending December 31, 1962.

As of January 1, 1962, Stoneham's Civil Defense organization consisted of an Auxiliary Police Department under the direction of Chief Alfred H. Murphy. This department has been in existence for several years and has been a definite asset to the Town of Stoneham. Since that date the Civil Defense Department has organized a very efficient Communications Department under the direction of Communications Officer Harmon E. Brammer, 30 Ledge Street. We also have an Auxiliary Fire Department training weekly under the able direction of Chief Crosby and Lieutenant Charles Beckwith. Our Radiological Section is still in it's infancy because of lack of equipment but under the able direction of Dyer E. Carroll and William S. Coy, Jr., both highly qualified in this field, we expect to organize and train an excellent radiological team.

On January 1, 1962 the Department of Civil Defense, through the Corps of Engineers, U. S. Army, started a Fallout and Shelter Survey Program, which consisted of an inspection of buildings within the various cities and towns to determine the degree of protection offered by these buildings against fallout. This is a long range program and will not be completed for several years but Stoneham has a few buildings that have 100% protection at present and several buildings that with minor construction changes can be made 100% protective. Stoneham's Civil Defense Department is working very closely with the State and Federal Civil Defense Shelter Survey Program.

On August 30, 1962 Stoneham's Civil Defense held a "Practice Alert" from 7 p.m. to 9 p.m. The purpose of this alert was to prepare the reorganized Civil Defense Departments for the best protection of the citizens of Stoneham in the event of a hurricane. Several simulated incidents were scheduled that might occur during a hurricane. Various Town departments were alerted and the following departments reported:

- Regular Fire Department and Police personnel
- Red Cross personnel
- New England Sanitarium personnel
- Public Works personnel
- Public Utilities — gas, electric, and telephone
- Civil Defense personnel — Headquarters, Communications, Radiological Survey, Auxiliary Police, Auxiliary Fire Department

Boy Scouts from various troops were used as casualties

Simulated incidents were reported by Police, Auxiliary Police and mobile communications vehicles by radio to headquarters and the proper personnel were dispatched to alleviate the condition as quickly as possible.

The Civil Defense Department considered the test a complete success.

Police Chief Vacon was gratified with the excellent performance of the communications team and stated that communication would serve the vital part in an emergency of this kind. He brought out the point that the rapid occurrence of events was realistic, inasmuch as this would happen in an actual emergency.

On October 6, 1962 a state of emergency was declared in the Town of Stoneham by the Board of Selectmen and the Director of Civil Defense was notified at 1 p.m. by Chairman George Sullivan. Director of Civil Defense immediately alerted all the Town Departments of the emergency and conditions. The emergency was caused by an excessive torrential rainfall which caused flooding conditions in many areas of the Town. Over 800 cellars were flooded and many residents were forced to leave their homes until this condition was relieved. The most serious condition existed in the south end of the town in an area bordered by Wilson Road, South Street, Pond Street and North Border Road, an area that included about 85 homes. Existing drains were unable to allow the water to drain off as fast as it settled in this area from the surrounding hills in the Middlesex Fells. By Tuesday, October 9, 1962, it became evident, and through the advice of the Town of Stoneham engineers, that additional drainage must be obtained. An appeal was made to the

Governor and the State Director of Civil Defense, General John J. McGinnis, who immediately arranged for units of the United States Coast Guard with pumping equipment to move into the area. The water was pumped from Doleful Pond into an area called Whip Hill Swamp, 700 feet. This was accomplished by several pumps that moved the water at the rate of 37,000 gallons per minute to the new area so that within 24 hours the area was relieved. Director of Civil Defense called the State Board of Public Health and three representatives with Stoneham's representative of the Board of Health, Frederick Mosley, inspecting the area. Miss Kay Kenny, Board of Health nurse, immediately composed a pamphlet explaining the conditions and explaining the precautions to take and had them distributed to every home in the area. During this period the Stoneham Fire Department with help from the Auxiliary Fire Department working 'round the clock pumped out over 800 cellars, disconnected and saved several oil burners and assisted the residents of this area in many ways. The Stoneham Police and Auxiliary Police kept a close 24 hour surveillance on the area and assisted many residents. The Red Cross furnished hot coffee and meals throughout the entire period with an assist from the Salvation Army. Civil Defense communications teams were on duty and kept all departments informed of the conditions.

When the water was lowered to a point of safety, the public works moved into the area with their trucks and helped the residents remove the debris from their homes and transported it to the dump. It is the hope of the Civil Defense of Stoneham that adequate drainage be installed to handle an emergency of this kind.

Stoneham Civil Defense Department has four qualified instructors in the new Government Medical Self-Help Program and will be conducting classes during 1963, with the hope of qualifying at least one member in each home in the Medical Self-Help Program. This training will prepare the individual to protect, administer medical assistance and care for individuals in the event of radioactive fallout.

The Director of Civil Defense has attended many schools, meetings and discussions held throughout the state to better prepare himself to operate as Director of Civil Defense and will continue to do everything possible to better prepare the Town of Stoneham to protect itself in the event of a disaster.

Respectfully submitted,

DONALD G. MOORE

Director of Civil Defense

Stoneham Auxiliary Police

E. I. GILLESPIE, Secretary

### **Auxiliary Fire Department**

December 31, 1962

To: Donald G. Moore, Director

Civil Defense, Town of Stoneham

Subject: Report of Auxiliary Fire Department

The Stoneham Auxiliary Fire Department was activated on  
April 8, 1962 with 11 men.

During the months of April, May, June 1962 these men were  
instructed at training sessions and drill classes in the use of vari-  
ous tools and equipment of the Fire Department. They were also  
drilled in the use of the various Fire Department ladders and  
raised and lowered the same.

Each man has been issued regulation rubber coat, rubber boots  
and fire helmet.

The month of September, various members of the Auxiliary Fire Department put in approximately 20 man hours helping to clean out the Infirmary barn so that it could be used for storage of all Civil Defense equipment.

They also restored to service a 500 gallon pump that had been in dead storage for a number of years.

During the period from October 6th to the 11th, when the regular department was hard pressed with calls for flooded conditions in our south end section of town, a state of emergency was called in the town and the Auxiliary Fire Department with their pump put in over 114 man hours pumping out several sections of the area.

I wish to thank Director Moore and the other Civil Defense departments for the cooperation shown to the Auxiliary Fire Department.

Respectfully,

CHARLES E. BECKWITH, Lieut., Fire Dept.  
Instructor, Auxiliary Fire Dept.

### **Communications**

The Civil Defense Communications group has finished its first complete year of operation under Director Donald Moore. It has taken part in several drills and one actual alert plus a public service.

The drills are conducted for the communications group once a month and involve setting up a control center in the fire station. Here communication is established with Area ID control center and also with other towns in this area. This is at present being done using the two-meter amateur band. Since most of the surrounding towns and area do not use two-meters we have had our problems maintaining good communications and usually this is done by having Melrose, which operates both two- and six-meters, do relaying work for us. We have a plan for 1963 to try to overcome this problem which will be outlined later in the report.

At our control center we also have communications with a group of local amateurs who operate on the ten-meter amateur band. This group operates both mobile and/or fixed stations on this band giving good communications coverage in the town. The equipment used here is owned and operated by the individuals.

On August 27, 1962 the director called a simulated hurricane alert in which all Civil Defense groups took part. The communications group established communications between the fire station, New England Sanitarium and Hospital, the Town Hall parking lot

on two meters. The station at the Town Hall was used to dispatch automobiles being used as ambulances and also communications with a first aid station in the Town Hall.

The town was broken up into sections and a mobile was assigned to each section to provide service for that area. These were under control of the control station also and used the ten meter amateur band. The group was able to spot some of the shortcomings of our communications plan and steps were taken to start correction of these.

On Saturday, October 6, 1962 Stoneham was hard hit with heavy rainfall. At noon the communications group was alerted and a control center was set up. Communications was established in the different areas of the town again using the mobiles operating in the ten meter amateur band. A two meter amateur band station was also set up in the C. D. director's office to maintain contact with him. These stations were operated at different periods until midnight of October 9, 1962 with about 300 man hours involved. The tasks performed were not communications alone but varied from this to helping operate portable water pumps. The amateurs concerned with this operation co-operated to their fullest extent and it is a pleasure to have them in the group.

On Hallowe'en a group of the mobiles under control of the station at the fire house patrolled the different areas of the town to help watch out for the younger children out that night and to help spot any vandalism. Our purpose was to watch and report situations and not take any action against the individuals. The mobiles would report to the control station and he in turn would relay it to the police desk.

The amateurs taking part in all of these drills and emergencies are to be thanked for their help and co-operation. They will be working with us again this year and we are hoping to raise our equipment level and operations level to that of surrounding communities.

A list of calls and names are as follows: WI AUO, Frank Arena; WI IXA, Roger Sweetser; WI WYC, Fred Garside; KI DIX, Dick Watts; KI HBM, Gene Brammer; KI LIH, George Emery; KI NOE, Fred Lorange; KI NTY, Milt Dykstra; KI RGD, Ralph Stetson, Jr.; KI VKW, Steve Ray.

The Town now owns two 2-meter units and two 10-meter units. As pointed out earlier an addition of equipment is needed to bring us to the level of surrounding communities. Rather than try to build it up completely in one year we are trying to expand it a little at a time. The plan for 1963 involves acquiring a new 6-meter sta-

tion and a new 2-meter station along with associated antennas and supporting equipment.

The use for this equipment will be as follows:

One 6-meter station — Sector Communications.

One 2-meter station — Control Station.

One 2-meter station — New England Sanitarium

One 2-meter station — Field First Aid Station.

One 10-meter station — Control Station.

This gives us a good basic plan for communications then without the expense of trying to do it all at once.

Another phase of the group is to establish a warning system for the Town. At present there are several sirens in town but none are operational. These will have to be repaired and placed in operation during 1963.

This I believe gives in detail the operation of the group during 1962 and the plan of the group for 1963. No doubt emergencies will arise and we hope we can meet and handle them.

GENE BRAMMER, KI HBM  
Civil Defense Radio Officer

## REPORT OF BUILDING AND WIRE DEPARTMENT

To the Board of Selectmen and to  
the Citizens of the Town of Stoneham:

The following is the Annual Report of the Building and Wire Department for 1962.

### Number of

Permits Issued	Nature of Permits	Fee Received
255	Building	\$3,654.00
395	Wiring	2,101.50
12	Demolition and Moving	169.00
14	Elevator Licenses	28.00
Total		\$5,952.50

Below is a breakdown of the 255 Building Permits issued, giving the estimated value of the work to be done, as shown on the applications:

86	New Homes	\$978,700.00
132	Alterations, Additions and Repairs	422,159.00
179	Apartment Units	762,860.00
1	High School Addition	500,000.00

3	Business Buildings	42,000.00
2	Elevators	18,563.00
1	Swimming Pool	1,500.00
9	Private Garages	8,620.00
8	Signs	

---

Total	\$2,734,802.00
-------	----------------

Respectfully submitted,

ANTHONY R. CIAMPA  
Building Inspector

JOHN W. BIGGIO  
Wire Inspector

To the Board of Selectmen and to the

Citizens of the Town of Stoneham:

The following is the report of the Building and Wire Inspectors for the year 1962.

January 31, 1962	Building Permits	(6)	\$ 78.00
	Wiring Permits	(24)	79.00
February 28th	Building Permits	(6)	522.00
	Wiring Permits	(33)	258.00

## REPORT OF THE BOARD OF HEALTH

To the Citizens of Stoneham:

Your Board of Health herewith submits its Annual Report to you.

The Board organized on March 13, 1962 as follows:

Frederick F. Mosley, Chairman

John Quimby, Secretary

Harold C. Hurd, R. S. Member

The following appointments were made:

Dorothy V. Flynn, Clerk-Agent

John J. Devine, Collector of Milk and Ice Cream Samples  
and Analyst

Harold C. Hurd, Health Officer and Sanitarian  
Katherine L. Kenny, Board of Health Nurse  
Henry E. Leavitt, M.D., Board of Health Physician  
M. A. Kennett, D.V.M., Slaughtering Inspector  
Phyllis D. Lovering, Dental Hygienist  
John Smallcomb, D.M.D., Board of Health Dentist  
Mildred B. Tufts, Clerk to the Board of Health Nurse

At the Annual Town Meeting in 1962 this board had an article in the warrant seeking permission to make appointments from its membership to certain positions. You were kind enough to vote approval and as a result the work of the board has progressed smoothly through the year.

The entire town had one complete and two partial sprayings in the lowlands and swampy areas against insects and other pests. This program proved successful, although we feel that one more complete spraying would make a complete success. This we will endeavor to do in 1963. We also plan on continuing our rat control program which is very necessary and which has proved quite successful.

The garbage contract was awarded Mr. Bror Y. Berg of North Wilmington, who we believe has done an excellent job. We are pleased that his health has so improved that he is now able to continue his good service to the town.

The Board of Health approved the administering of Sabin Oral Polio Vaccine to persons of all ages. Clinics have been set up by our Health Nurse with her usual efficiency and with the help of the Board of Health personnel and many volunteer workers it proved to be a success.

We are also supporting a Mental Health Program as set up by the Eastern Middlesex Mental Health Association. We now appeal to the citizens of Stoneham to cooperate by giving their fullest support.

We trust you will read the following reports concerning various phases of this Health Department.

In closing we wish to thank our personnel for their fine cooperation and faithful service to the Health Department and to the Town of Stoneham.

Respectfully submitted,

FREDERICK F. MOSLEY, Chairman  
JOHN T. QUIMBY, Secretary  
HAROLD C. HURD

## REPORT OF THE HEALTH INSPECTOR AND SANITARIAN

It is a pleasure to submit herewith my report for 1962.

First I am happy to report that I have been accepted as a member of the National Association of Sanitarians.

The following number of inspections were made for cleanliness and sanitary conditions during the year 1962:

Installations of Septic systems and Cesspools .....	8
Installation of Dry Wells .....	20
Motels .....	6
Nursing Homes .....	14
Grocery and Variety Stores .....	200
Bottling Concerns .....	2
Candy Manufacturers .....	6
Restaurants .....	140
Drug Stores .....	70
Home for Aged .....	8
Girl Scout Camps .....	10
Gas Stations for Alcohol Licenses and Toilet Cleanliness .....	129
Bakeries .....	30
Swimming Pools .....	20
Hospitals .....	3
Ice Cream Manufacturers .....	8
Milk Plants .....	16
Kindergarten and Nursery Schools .....	18

Received and investigated numerous complaints consisting of cesspool and septic tank overflow, keeping of chickens, horses, goats and rabbits in restricted areas; odors from factories, brooks and burning of rubbish and garbage; also numerous garbage complaints and rat and mice menaces. Flood conditions, unsanitary conditions in public places, private homes. There were also many other complaints too numerous to mention.

I have also worked along with representatives of the Safety Fumigant Company and Bedford Sprayers on rat and mosquito control.

On many occasions I have accompanied the Building Inspector, Plumbing Inspector, State Public Health Officials, Board members, the Milk Analyst, the Superintendent and Engineers of the Public Works Department.

In conclusion I wish to thank the Board of Health Clerk-Agent, Nurse, Doctor and Board members as well as other town officials who have aided me in the past year. And thanks to you townspeople of Stoneham for your fine cooperation.

Respectfully submitted,

HAROLD C. HURD, R. S.

### COMMUNICABLE DISEASE REPORT

Following are cases that have been reported to us:

	1958	1959	1960	1961	1962
Chicken Pox .....	52	52	225	84	113
Diphtheria .....	0	0	0	0	0
Dog Bites .....	93	104	79	91	97
German Measles .....	122	13	23	25	17
Infectious Hepatitis .....	0	0	1	0	2
Malaria .....	0	0	0	0	0
Measles .....	361	69	84	211	138
Mumps .....	99	9	71	38	69
Polio .....	0	0	0	0	0
Salmonella .....	0	4	6	0	2
Scarlet Fever .....	3	8	14	34	17
Tuberculosis .....	4	7	1	2	2
Whooping Cough .....	4	0	7	3	1
Other .....	0	0	0	1	4

Two dog clinics were held in the spring of 1962 with 311 dogs being inoculated against rabies by Dr. Kennett, D.V.M. of Stoneham.

274 Burial Permits were issued to local undertakers upon presentation of proper death certificates.

The following licenses and permits were also issued in 1962:

#### Milk:

Pasteurization .....	2
Wholesale .....	21
Retail .....	44
Oleomargarine .....	19
Ice Cream	
Sale of .....	38
Manufacture .....	1
Beverage Bottling .....	1
Methyl Alcohol .....	24
Cesspool and Septic Tank Permits .....	5
General Licenses .....	15

Total amount of cash turned over to the Treasurer's Department on Licenses and Permits, and money collected from the Dog clinic was \$466.50.

Amount turned over to the Treasurer on Oral Polio Program was \$4,404.74.

Biological products were issued to Stoneham physicians, the New England Sanitarium and to the Board of Health Clinics as were needed.

Respectfully submitted,

DOROTHEA V. FLYNN, Clerk-Agent

### REPORT OF DENTAL HYGIENIST

The following report is submitted for the year ending in December 1962:

Total number of examinations .....	1736
Total number under treatment .....	1514
Total number without defects .....	782
Total number of defects .....	954
Total number of notices sent home .....	222
Total number of children taken to Forsyth for cleaning .....	623
Total number of cleanings done in Dental Clinic .....	171
Total number of home visits .....	26
Total number of appointments accomplished by Dr. Smallcomb .....	345

Dr. John Smallcomb's work, done at his office, consisted of the following:

Number of amalgam fillings .....	311
Number of cement fillings .....	54
Number of novocain injections .....	163
Number of porcelain fillings .....	23
Number of extractions .....	80
Number of zinc oxide treatments .....	40
Number of surgical extractions .....	3
Number of consultations .....	3
Number of cleanings .....	9
Number of X-rays .....	65
Number of sutures .....	3
Number of spacers .....	1

The Dental Hygienist participates in carrying out the following functions:

1. Examination of each school child from Grade 1 through 6 and the Special Classes.

2. Charting each mouth, noting all fillings, cavities and defects.
3. Filing all charts in Dental Clinic.
4. Acquainting each child with their own particular dental needs such as daily dental care and regular dental visits.
5. Notifying parents when excessive cavities are present.
6. Conferring with parents in the home relative to dental care or work.
7. Interpreting to parents, teachers and pupils findings of dental examinations and assisting in arranging for correction when possible.
8. Taking children to Forsyth Dental Infirmary for oral prophylactic treatments.
9. Giving oral prophylactic treatments in the Dental Clinic when requested.
10. Helping to promote good health, appearance and acceptability through regular dental visits.
11. Keeping accurate record of daily work, financial transactions and appointments.
12. Transporting the children to and from the Dental Clinic and the dentist's office.
13. Acquainting the parents of pre-school children at the orientation meetings regarding the dental program.

Respectfully submitted,

PHYLLIS D. LOVERING, Dental Hygienist

#### **ANNUAL REPORT OF THE BOARD OF HEALTH NURSE**

In 1962 we had an adult and a child admitted to the Middlesex County Sanatorium for Tuberculosis care and treatment. The adult entered in June and is still under treatment. The child went in August and returned home and school in November. We are very pleased with our low admission rate these past few years and pray it shall continue.

The Mantoux Tubercular Screening tests have been used on all 1st, 4th, and 11th grade pupils and while this program is still in its infancy we feel that this may possibly have some bearing on our low admission rate especially in the homes and contacts of those children tested. The screening enables us to keep a close surveillance on the community as all positive reactors and contacts are x-rayed. In the past this has been the means of having

persons admitted for care long before they manifested any symptoms of the disease.

Some 1100 children were screened in all Stoneham Schools, under the combined efforts of the School Department, School Nurses, and the Board of Health.

Approximately 600 new born and pre-school children attended our 4 Spring Clinics and 4 Fall Clinics last year. These clinics provided immunization against whooping cough, diphtheria, tetanus, and polio.

The nurse is required by State law to provide nursing service to the parochial schools in a given community. The nursing service covers physical examinations given by Henry Leavitt, M.D. Vision and hearing screening and retesting, dental examinations, weights and measures on 960 students and all defects reported both parents and family physician. About 12 children are seen for speech therapy by Miss Sandra Hahn, S.C.

In April the State announced that they were to provide Sabin Oral Vaccine for all children from 3 months of age to 7 years. However, they did not notify any of the local authorities. We held a pre-school and 1st grade registration so that we would be ready when the plans and vaccines were available. In May and June 2700 children received the Sabin Oral Vaccine, Types I and III.

Due to public demand and after consulting with Federal, State and local officials the Board of Health made plans to purchase the vaccine and to conduct their own immunization program for the remainder of the community. We planned to start early in the winter months when it would be safe to administer the live vaccine and the polio incidence would be lower. However we learned in the Fall that our residents would obtain a better immunity from each strain if all persons in the State received the vaccine types simultaneously. We decided to await the State program which would be conducted January, March and May, 1963. We did however hold registration for all school children and adults. We received an almost perfect school registration. The adult population has been slower in responding.

In addition to routine nursing duties, home visits have been made on communicable diseases, premature infants, and any handicapped child or adult.

In March the local Mental Health Association was successful in obtaining the approval of our townspeople to join with North Reading, Reading, Wakefield, and Melrose in starting a 5 community Mental Health Association known as the Eastern Middlesex Mental Health Association and Clinic. After many growing pains

we have succeeded in obtaining quarters at No. 1 Harndon Street, Reading, Massachusetts. The office is easily accessible to each participating community. We have a secretary and a part-time psychiatrist social worker as of December 31, 1962. We would like to report that we were in full staff and operation of same was in full swing. But after many meetings and interviews we feel that we must not sacrifice our objectives just to fill positions. All five towns have decided we will wait to get the right person for each position by early 1963.

Recording statistics, surveys, etc., comprise a great deal of time and effort in addition to routine duties. This would be an impossible task without the full cooperation of Mrs. Robert L. Tufts, especially at school and Mrs. Dorothea V. Flynn at the office.

The many and varied clinics involve interested mothers as volunteers and our sincere thanks are extended to one and all and especially to our permanent volunteers, Mrs. Roland Berry, R.N., and Mrs. Robert Houghton.

We are fortunate to have the interest and cooperation of the entire Health Team, our Board Members, and Dr. Henry Leavitt.

Respectfully submitted,

KATHERINE L. KENNY, R.N.

## REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of the Town of Stoneham:

The Board of Public Welfare herewith submits its annual report for the year 1962.

Following the Annual Town Election, the Board held its first meeting on March 15, 1962, and was organized as follows:

Michael J. Rolli, Chairman  
Donald J. Morrison, Secretary  
Alton W. Estes, Clerk

At this meeting it was unanimously voted that the Board of Public Welfare act as members of the Bureau of Old Age Assistance for the ensuing year and this Board was organized as follows:

Donald J. Morrison, Chairman  
Alton W. Estes, Secretary  
Michael J. Rolli, Clerk

It was unanimously voted to make the following appointments:

Paul E. Houghton, Director of Public Assistance

Charles J. Meehan, Superintendent of the Town Infirmary

Rita M. Meehan, Matron of the Town Infirmary

Meetings of the Board continued to be held on the first and third Thursdays of each month, at which time all policies and activities of the Department were discussed and acted upon.

The office was open daily, Monday through Friday, from 8:30 A.M. to 12:00 Noon and 1:00 to 4:30 P.M.

Any citizen, or client of the department, was given the opportunity to appear personally or to be represented at the Board Meetings for information or to register complaints.

The department personnel continued to consist of a Director, two Social Workers, a Senior Clerk and a Junior Clerk.

All five categories of assistance are handled by this staff and each member is under Civil Service as required by law.

The Federal Government reimburses the town between forty-five and fifty per cent of the Salaries and Expenses of this office. The Commonwealth of Massachusetts also reimburses the town for twenty-five percent of the Salaries and Expenses of all programs but General Relief.

The Federal Government and Commonwealth also reimburse the town for approximately eighty-four percent of Old Age Assistance, seventy-three percent of Aid to Dependent Children and seventy-five percent of the Disability Assistance Program and Medical Assistance for the Aged.

Receipts from the Federal Government are placed in a separate fund and are used only by the Welfare Department. These funds are used in figuring our annual appropriations and our requests from the town are reduced accordingly.

### GENERAL RELIEF

The General Relief Case Load was much lower in 1962 than in 1961 and our expenditures in 1962 were \$14,805.04 which was \$2,163.07 lower in 1962 than in 1961. We were able to return an unexpended balance of \$2,609.51 to the Town, as against \$31.89 in 1961.

The following schedule shows the activity of General Relief during the year:

#### Comparison of Outside Relief Cases Aided 1961-1962

	Cases	Persons	Cases	Persons
	1961		1962	
January .....	11	20	11	22
February .....	11	13	11	20

March .....	13	21	13	18
April .....	12	18	6	13
May .....	14	15	9	12
June .....	12	13	9	12
July .....	9	16	11	17
August .....	14	17	10	12
September .....	16	25	10	18
October .....	12	19	14	25
November .....	13	21	6	10
December .....	16	21	10	18
Total .....	153	219	120	197

#### AID TO DEPENDENT CHILDREN

This category of assistance showed an upward trend during 1962, both in case load and expenditures. As of December 31, we were aiding thirty-one cases at a cost of approximately \$4500.00 per month. This is an increase of five cases over 1961. We are returning herewith an unexpended balance of \$2302.87 to the town.

The following schedules show the activity of this category of assistance during the year:

#### Analysis of Case Load

	Cases	Persons
Cases pending and receiving aid January 1, 1962	26	88
Cases received during the year .....	21	76
Total .....	47	164
Cases closed .....	16	50
Cases being aided December 31, 1962 .....	31	114

#### Receipts and Expenditures

##### Expenditures 1962:

Town Funds .....	\$30,264.03	
Federal Funds .....	20,306.77	
		\$50,570.80

##### Receipts 1962:

Bal. Federal Funds Jan. 1, 1962 ....	\$ 8,133.73
Federal Funds received 1962 .....	23,188.00
State Funds received 1962 .....	14,874.35
	\$46,196.08

##### Less:

Bal. Fed. Funds Dec. 31, 1962 ....	\$11,014.96	\$35,181.12
Net Cost to Town .....		\$15,389.68

## DISABILITY ASSISTANCE

This is a Federal - State - Town participating form of relief which is given to permanently disabled persons, 18 years of age and over. We now have 11 cases on our rolls which cost approximately \$1600.00 monthly. Our case load remained the same in 1962 as in 1961 but our costs were higher due to hospitalization.

We expended \$7251.85 more in 1962 than in 1961 and all of this covered hospital charges. It was necessary to request additional funds for this program.

The following schedules show the activity of this category of assistance during the year.

### Analysis of Case Load

Cases pending January 1, 1962		1
Cases being aided January 1, 1962		11
Cases received during 1962		9
		<hr/>
Total cases for the year		21
Less:		
Cases closed	9	
Cases denied	2	11
	<hr/>	<hr/>

Cases being aided		10
Cases in process		1

### Receipts and Expenditures

Expenditures 1962:		
Town Funds .....	\$16,956.57	
Federal Funds .....	6,423.25	
	<hr/>	\$23,379.82
Receipts 1962:		
Bal. Federal Funds Jan. 1, 1962 ....	\$ 1,334.62	
Federal Funds received 1962 .....	6,416.60	
State Funds received 1962 .....	9,472.25	
	<hr/>	
	\$17,223.47	
Less:		
Bal. Federal Funds Dec. 31, 1962 ..	1,327.97	\$15,895.50
	<hr/>	<hr/>
Net cost to Town .....		\$ 7,484.32

## OLD AGE ASSISTANCE

This category of assistance, as usual, was very active during the year 1962. A detailed report of Old Age Assistance will be found in the Report of the Bureau of Old Age Assistance.

### HELEN STOCKWELL FUND

This fund was created and set up many years ago by the late Helen Stockwell. The income from this fund is used for hospital care for any needy resident of Stoneham who is not receiving relief through the Welfare Department.

The Trust Fund is held and administered by the Boston Safe Deposit and Trust Company and the Welfare Department designates who is eligible for benefits. The Welfare Department investigates all cases and approves all bills, which are paid directly by the Boston Safe Deposit and Trust Company. This fund is set up to be used only in a Stoneham Hospital of which we have one, The New England Sanitarium and Hospital.

On May 19, of each year the unexpended balance is turned back into the principal and the income from the fund amounts to approximately \$5000.00 per year.

#### Cases Aided by Helen Stockwell Fund

Cases	Causes of Hospitalization	Hospital Days	Costs
1	Pneumonia	11	\$112.09
1	Arthritis	6	162.72
1	Quincy Sore Throat	11	298.32
—		—	—
3		28	\$573.13

### BUREAU OF OLD AGE ASSISTANCE

To the Board of Public Welfare

Stoneham 80, Massachusetts

Gentlemen:

We herewith submit the thirty-second annual report of the Bureau of Old Age Assistance. This report is for the year 1962.

The Bureau met on March 15, 1962 and organized as follows:

Donald J. Morrison, Chairman

Alton W. Estes, Secretary

Michael J. Rolli, Clerk

The Bureau held meetings on the first and third Thursday of each month during the year.

All applications for assistance and reinvestigations are considered and acted upon at these meetings and any other business necessary for the carrying out of this program is discussed.

During the year, at least two home visits were made to all recipients and many additional calls were made to adjust grants and discuss problems of the recipients.

Cost of medical care in this category of assistance continues to be a major item of expense. This item is now exceeding the total cost of our monthly grants to recipients.

The Medical Assistance for the Aged Program continues to increase both in number of cases aided and monthly expenditures. Many of the elderly citizens are taking advantage of the use of this program in relation to hospitalization and nursing home care.

It is now necessary to show the activity of both Old Age Assistance and Medical Assistance for the Aged Programs.

The following schedules show the activity and financial status of these categories of assistance:

#### Analysis of Case Load — Medical Assistance for the Aged

Cases pending January 1, 1962		1
Cases being aided January 1, 1962		40
Cases received during 1962		48
		<hr/>
Total cases for 1962		89
Less:

State Funds received 1962 .....	61,664.54
	<hr/>
	\$209,169.50

### Less:

Bal. Federal Funds Dec. 31, 1962	\$ 33,203.43	\$175,966.07
Net Cost to Town .....		\$ 39,825.67

DONALD J. MORRISON, Chairman  
ALTON W. ESTES, Secretary  
MICHAEL J. ROLLI, Clerk

## INFIRMARY REPORT

### To the Board of Public Welfare:

Gentlemen:

We herewith submit our Annual Report for the year ending December 31, 1962.

Number of patients cared for during 1962	29
Number cared for as of December 31, 1962	21
Paying boarders (full or partial) 1962	15
Number of patient days	7041
Amount returned to General Funds from paying boarders	\$10,851.60

Required supervision 24 hours a day is necessary in our home due to senility of some of our patients and chronic illness of others. There is one attendant on duty 24 hours a day and the Superintendent and Matron are on call at all times.

The home continues to be inspected at different intervals during the year from a public health, welfare and safety standpoint. It was inspected by the State Department of Public Health, State Department of Public Safety, the local Board of Health, the local Wire Inspector and the local Fire Department. All required recommendations were complied with.

A new double compartment stainless sink has been installed in the kitchen in compliance with regulations of the State Department of Health.

Our furnace and stoker were completely overhauled and renovated which should assure plenty of warmth for the patients.

Our cow barn, which is not in use, has been taken over by the Stoneham Civil Defense which should make a fine depot for the storage of valuable equipment and supplies.

Our three-car garage and milk house which was severely damaged by inclement weather has been torn down. The base, however, which is of cement, makes an ideal patio with shade trees and an excellent place for the male residents to congregate in their leisure hours.

A small but very productive garden was established and fresh vegetables were provided for the residents; a large quantity was left for canning purposes.

As in the past years, the problem of maintaining a complete staff of inside labor continues. This problem confronts all institutions of this type. We are unable to compete with private industries' high wages.

We wish to extend our sincere thanks to all the townspeople for their generosity and kindness to our patients during the year. Our special thanks to the Police Department for its prompt and efficient transportation of our patients to and from the hospitals. The clergy, doctors, church and civic organizations deserve no end of praise.

We also extend our personal thanks to all personnel for their faithful service to our patients.

CHARLES J. MEEHAN, Superintendent  
RITA M. MEEHAN, Matron

## REPORT OF THE BOARD OF RETIREMENT

To the Honorable Board of Selectmen:

Following is the twenty-sixth Annual Report of this Board:

To the membership as of December 31, 1961, totaling .....	369	
have been added new members numbering .....	66	
and reinstated members .....	7	
		<hr/>
		442
Deductions from membership:		
By withdrawal .....	27	
By death .....	6	33
		<hr/>
making the membership December 31, 1962 .....		409

This total membership of 409 is classified as follows:

Group A:			
Active .....	279		
Inactive .....	26	305	
<hr/>			
Group B:			
Active .....	61		
Inactive .....	1	62	
<hr/>			
Pensioners: .....		42	409
<hr/>			
Employees included in the Special Fund for Military			
Service Credit number as of December 31, 1962 .....			17
Comprised of Employees now in Military Service .....	2		
Returned to employment by Town of Stoneham .....	15	15	17
<hr/>			

During this year:

- 4 members have been retired for superannuation
- 1 Member-veteran was retired under non-contributory
- 1 was added to the pensioners group through Survivorship Allowance under Section 12C, due to the death of an Elected Official
- 2 active members died
- 4 pensioners died

At the Annual Town Meeting, held March 19, 1962, Chapter 647, Acts of 1960, was accepted by majority vote granting an increase to certain pensioners of this system.

In May, Stanley D. Wood was reappointed for a 3-year term expiring June 30, 1965 and was re-elected Chairman for the ensuing term. It is with deep regret that the sudden death of Chairman Stanley D. Wood, on July 14, 1962, must be included in this report. Mr. Wood was a member of the Board of Retirement since February 3, 1948 and served as Chairman from 1949 to his death. He also was a member of the Board of Selectmen from 1956 through February 1961. In tribute to his sincerity to his public duties the following resolution was adopted:

WHEREAS Stanley D. Wood served faithfully and dutifully as a member and Chairman of the Board of Retirement of the Stoneham Contributory Retirement System from February 3, 1948 to July 14, 1962, and

WHEREAS as a member and Chairman of the Board his service to the Town of Stoneham was characterized by zeal and integrity and a willingness to undertake any matter of public or civic concern, and

WHEREAS the Town of Stoneham has lost a devoted public servant by his passing, therefore,

BE IT RESOLVED that the Board of Retirement of Stoneham expresses its full and official recognition in appreciation of the countless contributions made by him, not only as a member of the Board of Retirement but also as an exemplary citizen of our community, and

BE IT FURTHER RESOLVED that a copy of this resolution be spread upon the official records of the Board of Retirement, and a copy presented to Mrs. Wood.

Given unto our hands this twenty-fourth day of July in the year one thousand nine hundred and sixty-two, A.D.

Winthrop A. McCarthy  
William L. Curran

On July 25, 1962, Mr. Paul E. Houghton was appointed by the Board of Selectmen to fill the vacancy caused by the death of Mr. Wood, which term expires June 30, 1965. At the next regular meeting, held August 14, 1962, Mr. William L. Curran, the employee representative on the Board, was elected to serve as Chairman of the Board.

In September of 1962 a copy of Chapter 656, Acts of 1962, an Act increasing the amounts of pensions and retirement allowances payable to certain former public employees, was submitted to the Board of Selectmen for consideration for the Town Meeting Warrant of March 1963.

## **STONEHAM REDEVELOPMENT AUTHORITY**

### **ANNUAL REPORT 1962**

The Stoneham Redevelopment Authority within the past year has conducted, in cooperation with its planning consultants, a General Neighborhood Renewal study of the Central Stoneham area.

This study included comprehensive field surveys of all buildings and land uses in the project area, including a structural survey of the entire area; the preparation of maps showing building outlines, building conditions and existing land uses; market and economic studies of the area; and the preparation of a general plan for land use, traffic and community facilities. The general plan was approved by the Planning Board on May 23, 1962.

The above studies were submitted to the Federal Housing and Home Finance Agency on June 20, 1962 together with an application to begin detailed studies within the first proposed section of the study area. On December 5, 1962 the Housing and Home Finance Agency allocated to the Stoneham Redevelopment Authority the sum of \$111,378.00 for final survey, planning, and studies of this first section (called the Central Square Project). This survey and planning study will include further detailed surveys, acquisition and reuse appraisals, relocation planning and the preparation of detailed documentation to support the submission of a final project report to the Federal Government.

The scope of the final survey and planning is of such magnitude that the Stoneham Redevelopment Authority expects to require about twelve months to complete the work. The final plans for the Central Square Project are expected to be ready for the Annual Town Meeting in 1964.

No appropriation for funds is necessary at the 1963 Annual Town Meeting, nor is the Town obligated for any Federal Grants received for these studies.

We call attention to the last part of our 1961 Report in which the Authority states that "the prime purpose for our existence is to maintain the structures, recreational areas and homes at a standard with which all of us will be pleased. Actual renewal will not take place for some time yet, whether it be clearance, rehabilitation or conservation. Our function will be to keep you advised so that there will be no hasty moves and to allay fears of being moved. Taxes and rent should be paid as usual, for each

person effected by this plan will be given sufficient notice and assistance by the Authority to relocate if necessary." Any citizen having questions about any part of the program will be more than welcome to visit the office of the Redevelopment Authority where we will be glad to discuss and clarify the inquiry.

The final action on this program will be determined by the voters at a Town Meeting when all requirements have been fulfilled.

Stoneham Redevelopment Authority  
Joseph L. Beane, Chairman  
Claude H. Miquelle, Vice Chairman  
Thomas W. Foster, Secretary  
Donald W. Leavitt, Treasurer  
Edwin H. Lombard ,Assistant Treasurer  
Cecil Taylor, Executive Director

## **ANNUAL REPORT OF THE STONEHAM HOUSING AUTHORITY**

Honorable Board of Selectmen

Stoneham, Massachusetts

In compliance with the General Laws of the Commonwealth of Massachusetts the Stoneham Housing hereby submits its annual report for the year ending December 31, 1962.

The Authority organized as prescribed by the General Laws of the Commonwealth of Massachusetts and has functioned continually as a body politic and a corporate entity since its creation by unanimous vote of a Town Meeting on March 24, 1948. The Authority is a body entirely separate from the Town of Stoneham and the Commonwealth of Massachusetts.

The annual meeting of the Authority was held as directed by its by-laws on Wednesday, April 11, 1962. The following officers were elected for the ensuing year:

Edward F. McNevin, Chairman  
Lawrence F. Hurley, Vice Chairman  
William L. Curran, Treasurer

Anthony D'Annolfo, Assistant Treasurer

R. Parker Chase, Member

Attorney John E. Finnegan, Executive Director and Counsel.

In 1962, the Chairman of the State Housing Board, appointed Anthony D'Annolfo as the State Housing Board appointee for a period of five years. Mr. D'Annolfo replaces Mr. Donald Lawson who had been a member of the Authority since its organization in 1948.

The Authority owns three separate projects. Two are Veterans Projects and the third is Housing for the Elderly.

The Veterans Projects total 72 units housed in 24 buildings. There are 12 Quadruplex houses and 12 duplex houses for Veterans. The housing for the Elderly consists of 29 units in 3 buildings of row houses.

The first Veterans Project of 48 Units was completed and occupied on June 1, 1950. The second Veterans Project of 24 Units was completed and occupied on September 1, 1951.

The Housing for the Elderly Project consisting of 29 Units was completed and occupied on December 1, 1957. These Units, although compact, consist of three rooms and a bathroom. There are 21 single units and 8 double units for two persons. The size of the apartment does not affect the rental charges which are \$43.00 minimum and \$49.00 maximum with hot-cold water and heat provided by the Authority in the Housing for the Elderly.

The Veterans Projects consist of two and three bedroom apartments and the size of the apartment does not affect the rental charge. Average rents at the Veterans Projects are \$46.60 per month including water provided by the Authority.

All tenants are separately metered and pay their own electric charges. All apartments are all-electric.

The Authority provided an electric stove and refrigerator for all tenants. Veterans apartments have individual heating system and oil fuel is provided by each tenant at his own expense.

Since May 1959, with the approval of the State Housing Board, the Authority raised the Admission Limit of Salary to range from \$4500.00 per year for families with one child to \$4900.00 per year with three or more minor dependents. The continued occupancy limits were raised from \$5000.00 with one minor dependent to \$5400.00 with three or more minor dependents. This was necessary due to inflationary economic conditions.

Due to the increased demand for homes for the Elderly, the Authority surveyed the situation and decided to request the State

Housing Board to enter into a contract for financial assistance and authorize the construction of forty (40) additional units of housing for its elderly.

The Construction of (40) additional units was authorized by the State Housing Board and plans were drawn and bids requested.

On December 27, 1962, the Authority with the approval of the Chairman of the State Housing Board signed a contract with the Roberto Construction Co. Inc., the lowest of eleven bidders, in the amount of \$500,793.00 to construct (40) units of Housing for the Elderly and a Commons Building.

The Commons Building will be for the use of the Elderly of both the existing and the new project, for recreation and will include a small kitchen and coin operated washing machines and dryers.

The Projects are inspected, inside and outside, twice annually by the Authority.

The members of the Authority and the Executive Director wish to thank the tenants and the various departments and officials of the Town of Stoneham for their cooperation and help extended to us in 1962 as well as heretofore.

The Stoneham Projects are considered by the State Housing Board as among the finest in the Commonwealth both as to Administration and as to fiscal matters.

Respectfully Submitted,  
EDWARD F. McNEVIN, Chairman

January 8, 1963

## REPORT OF THE SELECTMEN

To the Citizens of Stoneham:

The Board of Selectmen, George L. Sullivan, Daniel L. Hurley, Fred A. Schneider, Furio Bracciotti and Edmund J. Moreira, was elected for a term of one year on March 5, 1962. On Tuesday, March 6, 1962, after being sworn by the Town Clerk, the Board met and organized as follows: Mr. Sullivan, chairman; Mr. Hurley, secretary; Mr. Moreira, disburser of veterans benefits. Mr. Sullivan was appointed as Liaison Officer between the Board of Selectmen and Police Department and Mr. Hurley as Liaison Officer between the Board of Selectmen and Fire Department.

At the meeting of Tuesday, March 13, 1963, the following appointments were made:

Winthrop A. McCarthy was re-appointed clerk of the Board for a term of one year. Edwin H. Lombard was re-appointed to the Board of Registrars for a term of three years.

Mary E. Smith and James F. Rowean were appointed to the Board of Appeal for a term of three years. Louis Golini was appointed Associate Member for a term of one year.

The resignation of Kenneth A. Currie, Esq., as Town Counsel, was received and accepted by the Board of Selectmen, and Frank M. Geremonte, Esq. was appointed Town Counsel for a term of one year.

Other appointments by the Selectmen for a term of one year each were as follows: Murat A. Kennett, D.V.M., animal inspector; Chief Bernard C. Vacon, lockup keeper; Wallace C. Dunbar, inspector veterans graves; William L. Curran, director of veterans services, agent for distribution of veterans benefits and burial agent; Thomas O. Daly, dog officer; J. Algernon Forbes, sealer of weights and measures; Bernard H. Corbett, building and wire inspector.

George H. Holden, Town Treasurer and Tax Collector, for the past twenty-five years, retired from his offices and the Selectmen appointed Walter G. Leavitt, administrative clerk, as temporary Treasurer and Tax Collector until the next annual election.

On July 10, 1962, the Board of Selectmen accepted the resignation of Bernard H. Corbett as building and wire inspector, effective July 15, 1962, and Oakes A. Elden was appointed temporary building and wire inspector pending appointment of a permanent inspector.

The Town of Stoneham and the Board of Selectmen were saddened on July 14, 1962 at the death of former Selectman Stanley D. Wood, a highly respected and devoted town officer for many years. The Board, on July 24, 1962, appointed Paul E. Houghton as a member of the Board of Retirement to fill the vacancy caused by Mr. Wood's death.

On October 2, 1962, Anthony R. Ciampa was appointed Building Inspector and John W. Biggio was appointed Wire Inspector, effective October 8, 1962, for a term expiring May 1, 1963.

Package Goods Store Renewal Licenses for 1963 were granted to Center Beverage Company, James A. McDonough, Inc., Franklin Street Package Store, Inc., and Redstone Liquors, Inc.

On October 6, 1962 the Selectmen declared an emergency due to extreme flood conditions throughout the town particularly in the southeasterly section. The Police Department, Fire Department and Public Works Department responded with immediate action to provide relief to the scores of homes with flooded cellars. Metropolitan District Commission officials were summoned to the area, but several days passed before permission was granted by the Commission to lower the water level of Doleful Pond. It was determined also by local officials the high water level of Dark Hollow Pond contributed to the flooding and this factor was the concern of the State Department of Public Works.

Several meetings were held with delegations of residents of the flooded area and proposed legislation was drafted to tie in the Stoneham drainage area with the present M.D.C. drain which is being constructed northerly from Malden to Melrose. The Selectmen will be present at all legislative committee hearings in a concerted effort to obtain the necessary funds to remedy this situation.

The Selectmen, on the petition of the High School Building Addition Committee, called a special Town Meeting on November 26, 1962, to appropriate an additional \$575,000.00 for constructing and equipping the sixteen classroom addition to the High School.

Although 1962 receipts exceeded the amount estimated by the Board of Assessors in fixing the 1962 tax rate, the amount of "free cash" available for the 1963 Town Meeting is \$42,000.00 less than the 1962 figure. This is largely due to the transfer of \$74,357.55 at the November 1962 Special Town Meeting from the Excess and Deficiency Account for the High School Building Addition.

In conclusion the Selectmen take this opportunity to thank all town officers, boards and committees for their assistance and cooperation in the administration of town affairs during the past year.

Respectfully yours,

GEORGE L. SULLIVAN

DANIEL L. HURLEY

FRED A. SCHNEIDER

FURIO BRACCIOTTI

EDMUND J. MOREIRA

## REPORT OF TOWN ACCOUNTANT

February 15, 1963

Honorable Board of Selectmen  
Stoneham, Massachusetts.

Gentlemen:

Herewith is presented the Report of the Town Accountant for the calendar year 1962 as set forth in the following schedules:

Balance sheet showing the financial condition of the Town of Stoneham on December 31, 1962.

Receipts and expenditures summarized for the calendar year 1962.

Schedule of appropriations, other credits, expenditures and unexpended appropriation balances.

Analysis of Available Water Surplus, Sale of Lots and Graves Fund, Sale of Real Estate Fund, Reserve Fund and Excess and Deficiency Account.

Schedule of Debt showing payments due each year, and including the borrowing capacity of the Town of Stoneham on January 1, 1963.

Balance Sheet of Deferred and Suspended Revenue Accounts as of December 31, 1962.

Analysis of Trust Fund accounts and Stabilization Fund, including Balance Sheet as of December 31, 1962.

In conclusion may I take this opportunity to thank all department heads and officers for the assistance and cooperation rendered during the past year.

Respectfully submitted,

WINTHROP A. McCARTHY

Town Accountant

# TOWN OF STONEHAM

directed to notify and warn the inhabitants of the Town of Stone-  
ham qualified to vote in elections and town affairs to meet in Town  
Hall on

## **Monday, March 4, 1963**

at six o'clock in the forenoon to act on the following articles of this  
warrant:

ARTICLE 1. To choose the following officers:

One (1) Moderator for one (1) year

Five (5) Selectmen for one (1) year

One (1) Assessor for three (3) years

Two (2) Members of the School Committee for three (3) years

One (1) Member of the Board of Public Welfare for three (3)  
years

One (1) Town Treasurer for one (1) year (to fill vacancy)

One (1) Tax Collector for one (1) year (to fill vacancy)

Two (2) Trustees of the Public Library for three (3) years

One (1) Member of the Board of Health for three (3) years

One (1) Member of the Board of Public Works for three (3)  
years

One (1) Member of the Planning Board for five (5) years

One (1) Member of the Planning Board for three (3) years  
(to fill vacancy)

One (1) Member of the Planning Board for two (2) years  
(to fill vacancy)

One (1) Member of the Stoneham Housing Authority for five  
(5) years

One (1) Member of the Stoneham Redevelopment Authority  
for five (5) years

One (1) Member of the Stoneham Redevelopment Authority  
for three (3) years (to fill vacancy)

Three (3) Constables for one (1) year

All on one ballot.

For consideration of the following articles the meeting shall be adjourned to meet at 7:30 o'clock in the evening on Monday, March 11, 1963, in accordance with provisions of Section 2, Article I of the By-Laws of the Town of Stoneham.

ARTICLE 2. To choose all other necessary Town officers for the year ensuing in such manner as the Town may determine.

ARTICLE 3. To hear reports of Town officers and committees and to act thereon and to choose committees.

ARTICLE 4. To see if the Town will vote to fix the salaries of the several elective officers and boards of the Town for the current year.

ARTICLE 5. To see if the Town will vote to amend Article XI of the By-Laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by adding under Section 13, subsection (e) the following:

(6) Milk Collector and Analyst. General description of duties: To pick up monthly samples of milk and ice cream from various milk companies, vehicles, schools and stores in Town, analyze all such samples and make detailed report to the Board of Health. He must make thorough laboratory examinations of all milk and dairy products; have knowledge of all dairy laws and regulations of the Milk Regulation Board; have Babcock license and pass test for operating a State approved Laboratory for Milk Analysis.

Personnel Board

ARTICLE 6. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," by striking out in its entirety, under Section 13, subsection (i) Inspection Department, paragraph (1) Inspector, Building and Wires, and inserting in place thereof the following Section 13, subsection (i) paragraphs (1) and (1a):

(i) Inspection Department.

(1) Inspector, Building. General Statement of duties: Under general direction of the Board of Selectmen, to be responsible for the securing of compliance with the General Laws of the Commonwealth and the By-laws and regulations of the Town. He shall be able and experienced in building construction. He shall inspect all buildings under application to raise, enlarge or alter upon and make records of same, such records shall be always open to the inspection of the Engineers of the Fire Department and the Selectmen of the Town; inspect all buildings which are to be moved and

certify that the building can be moved safely; issue permits to erect any dwelling house, stable, shop, store, chimney or other structure or building in the Town providing the plans and specifications thereof conform to the building regulations of the Town.

(1a) Inspector, Wires. General Statement of duties. Under the general direction of the Board of Selectmen, such inspector shall supervise every wire over or under streets or buildings in the Town and every wire within a building designed to carry an electric light, heat or power current, and shall see that all the laws and regulations relative to wires are strictly enforced.

Personnel Board

ARTICLE 7. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan" by adding under Section 13, subsection (i) the following:

(3) Gas Inspector. General Statement of duties: Under general direction of the Board of Selectmen to enforce the rules and regulations adopted by the Board established under Section 12H, Chapter 25 of the General Laws.

Personnel Board

ARTICLE 8. To see if the Town will vote to amend Article XI of the By-laws of the Town of Stoneham, entitled "Wage, Salary and Classification Plan," as follows: Under 1962 Salary Schedule, by striking out the following classifications and rates:

	Min.	1	Max.	Inc.
Bldg. and Wire Inspector	\$5800.	\$6100.	\$6400.	\$300
and inserting in place thereof the following classifications and rates:				
	Min.	1	Max.	Inc.
Building Inspector	\$5800.	\$6100.	\$6400.	\$300.
Wire Inspector	2900.	3050.	3200.	150.

Under Annual Rate by striking out "Dentist \$1200." and inserting in place thereof "Dentist \$1800."

Under Annual Rate by adding new classifications "Physician \$1000."; "Milk Collector and Analyst \$700.".

Under Per Hour Rate by striking out the following classifications and rates:

	Min.	Max.
Part-time Clerks	\$ .75	\$1.60
and inserting in place thereof the following:		
	Min.	Max.
Part-time Clerks, Library page.	\$ .80	\$1.95

Personnel Board

ARTICLE 9. To see if the Town will amend the By-laws of the Town of Stoneham by adding a new Article, to be known as Article IX-A entitled "Inspection of Gas" and to read as follows:

Section 1. The Board of Selectmen shall appoint annually in April an inspector of gas piping and gas appliances in buildings, to be known as a Gas Inspector, who shall hold office for a term expiring on the thirtieth day of April in the following calendar year and until his successor is appointed and qualified. His compensation shall be established by the Personnel Board. He shall have had at least ten years of practical experience in gas fitting. The duties of the Gas Inspector shall be the enforcement of the rules and regulations adopted by the Board under Section 12H of Chapter 25 of the Massachusetts General Laws, and any acts in amendment thereof and in addition thereto. The Gas Inspector may, so far as is necessary for the performance of his duties, enter any building within the Town at any reasonable hour.

Section 2. The Board of Selectmen may at any time appoint, for such terms as the Board may determine, one or more assistant Gas Inspectors to act in the absence or disability of the Gas Inspector and, while so acting, each of them shall have and may exercise all of the powers and duties of the Gas Inspector. Assistant Gas Inspectors shall have the same qualifications hereinabove set forth for the Gas Inspector.

Section 3. The Gas Inspector shall not be interested in any building contract in the Town or have any interest in the furnishing of materials for any building therein; provided however, that he may, with the written approval of the Board of Selectmen, have such interest if he wholly refrains from acting as Gas Inspector in the particular case. In each case the Board of Selectmen shall appoint an Assistant Gas Inspector or shall appoint a disinterested substitute Gas Inspector to act therein, with all the power and duties of the Gas Inspector; and the compensation paid to such assistant or substitute in such case shall be deducted from the salary of the Gas Inspector.

Board of Selectmen

ARTICLE 10. To see if the Town will vote to raise and appropriate, or transfer from available funds, such sums as may be necessary to defray Town charges for the ensuing year.

Board of Selectmen

ARTICLE 11. To see if the Town will vote to instruct the Board of Assessors to use the sum of \$266,000.00 for the reduction of the 1963 tax rate.

Board of Selectmen

ARTICLE 12. To see what action the Town will take for the disposition of all or any part of the unexpended balances of appropriations previously voted for specific purposes as follows:

Northwest Sewer Study .....	\$ 198.79
Weld Rd.-Atwood Avenue Paving .....	1,842.80
Poplar St.-Northgate Rd. Paving .....	19.33
Birch Rd. Repairs .....	295.24
Chapter 90 Construction 1961 .....	1,890.74
Chapter 90 Maintenance 1962 .....	149.85
Sidewalk Reconstruction .....	9.04
P.W.D. Two (2) Dump Trucks .....	53.63
P.W.D. One (1) Dump Truck .....	435.65
Police Dept. Two (2) Cruisers .....	266.95
Fire Dept. Two-Way Communication System ..	429.96
Voting Equipment .....	224.00

Town Accountant

ARTICLE 13. To see if the Town will vote to construct additional classrooms with such other necessary facilities as may be required, raise and appropriate a sum of money for the purpose of engaging an architect to prepare final architectural drawings, plans and specifications for obtaining fixed price bids for the construction of said facilities, determine in what manner the said appropriation shall be raised, authorize the Moderator to appoint a committee of five, including one member of the School Committee, said committee to be granted all the powers and duties to carry out any and all votes passed under this article, and to enter into all lawful contracts and agreements in behalf of the Town to accomplish said votes, or do anything in relation thereto.

School Survey Committee

ARTICLE 14. To see if the Town will vote to create a special unpaid committee to be known as the Regional Vocational School District Planning Committee, to consist of three members, including one member of the School Committee, all to be appointed by the Moderator, which committee may join with a comparable committee or committees, from one or more neighboring towns and/or cities, to form a Regional Vocational School District Planning Board for the purpose of studying the advisability of establishing a Regional Vocational School District, and making recommendations, relative thereto, pursuant to Chapter 71 of the General Laws, Section 14 to 161 inclusive.

School Committee

ARTICLE 15. To see if the Town will vote to raise and appropriate a sum of money to be used as Stoneham's share of planning costs for a Regional Vocational School District, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing, or otherwise, or do anything in relation thereto.

School Committee

ARTICLE 16. To see if the Town will vote to raise and appropriate a sum of money to be used to purchase bleachers to provide additional seating capacity for one thousand (1000) people for Recreation Park, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

School Committee

ARTICLE 17. To see if the Town will vote to raise and appropriate a sum of money for the construction of a school administration building on land owned by the Town of Stoneham and now a part of the High School lot adjacent to Pomeworth Street, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

School Committee

ARTICLE 18. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with provisions of Section 17, Chapter 44 of the General Laws.

Board of Selectmen

ARTICLE 19. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1964, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with provisions of Section 17, Chapter 44 of the General Laws.

Board of Selectmen

ARTICLE 20. To see if the Town will authorize the Board of Health to make appointments from its own membership to the

positions of Health Inspector, Milk Inspector and Sanitarian, and to raise and appropriate money for salaries of said officers or do anything in relation thereto.

Board of Health

ARTICLE 21. To see if the Town will vote to raise and appropriate a sum of money to provide cooperative and complementary facilities to Mental Health Out-Patient Clinics and payment for services to be rendered for such clinics, in accordance with provisions of Chapter 40, Section 5, Clause 40C of the General Laws, any appropriation to be expended under the direction of the Board of Health, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Katherine L. Kenny and 11 others

ARTICLE 22. To see if the Town will vote to raise and appropriate a sum of money to be placed in the Stabilization Fund, said fund created and authorized by the vote passed under Article 84 of the warrant for the annual Town Meeting of 1953, in accordance with provisions of Section 5B, Chapter 40 of the General Laws, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Finance and Advisory Board

ARTICLE 23. To see if the Town will vote to raise and appropriate a sum of money for the purpose of defraying the cost of constructing water mains or relaying water mains within the limits of the Town, determine in what manner the said appropriations shall be raised from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 24. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing sanitary sewer mains or relaying sanitary sewer mains within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by transfer from the Stabilization Fund, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 25. To see if the Town will vote to raise and appropriate, or transfer from available funds in the treasury, a sum of money for the permanent construction of certain streets within the limits of the Town, or do anything in relation thereto.

Board of Public Works

ARTICLE 26. To see if the Town will vote to raise and appropriate a sum of money to reconstruct certain existing tar sidewalks within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 27. To see if the Town will vote to raise and appropriate a sum of money for the maintenance of highways which have been constructed with State and County aid, under the provisions of Chapter 90 of the General Laws, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 28. To see if the Town will vote to raise and appropriate or transfer from available funds in the Treasury, a sum of money for Chapter 90 Highway construction or take any action in relation thereto.

Board of Public Works

ARTICLE 29. To see if the Town will vote to raise and appropriate a sum of money for labor, materials and other necessary expenses for the control of Dutch Elm Disease in accordance with provisions of Chapter 657, Acts of 1956, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 30. To see if the Town will vote to raise and appropriate a sum of money to purchase shade trees, loam, materials, and for other necessary expense incidental to shade tree planting, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 31. To see if the Town will vote to raise and appropriate a sum of money for the purpose of constructing sewers for surface drainage within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 32. To see if the Town will vote to raise and appropriate a sum of money to provide a two way radio communication system for the Public Works Department in accordance with Federal Communications Commission Regulations, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 33. To see if the Town will vote to raise and appropriate a sum of money for the purpose of hard surfacing a section of the existing parking area at Recreation Park consisting of approximately 3466 square yards, determine in what manner said appropriation shall be raised, from taxation or by transfer from available funds or do anything in relation thereto.

Board of Public Works

ARTICLE 34. To see if the Town will vote to raise and appropriate a sum of money for the purpose of resurfacing the existing tennis courts at the Pomeworth Street Playground, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Public Works

ARTICLE 35. To see if the Town will vote to raise and appropriate a sum of money to construct a storm drain from the existing drainage pipe located at the southerly end of Recreation Park in and through land of the Town of Stoneham, land of Boston & Maine R. R., land of Willard W. Fiske, and land of Lombard Lumber Company to connect with the existing drainage pipe located in land of Lombard Lumber Company, raise the said appropriation by transfer from available funds or by borrowing, authorize the Board of Selectmen to take land by eminent domain for drainage easement purposes under provisions of Chapter 79 of the General Laws, where necessary, and authorize the Board of Selectmen to obtain easements for the purpose of enabling the Town to enter upon private land where necessary, or do anything in relation thereto.

Board of Public Works

ARTICLE 36. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department, one (1) two and one-half to three ton dump truck and one (1) 250 foot air compressor, authorize the disposal of the 1945 International truck and the 1938 Worthington air compressor

now in service, authorize the Board of Public Works to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

#### Board of Public Works

ARTICLE 37. To see if the Town will vote to raise and appropriate a sum of money to purchase one (1) one ton dump truck with plow for use of the Cemetery Division, authorize the disposal of the 1952 Studebaker dump truck now in service, authorize the Board of Public Works to make such purchase and disposal, raise the said appropriation by transfer from the Sale of Lots and Graves Account and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

#### Board of Public Works

ARTICLE 38. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Water Department one (1) rubber-tired loader with backhoe attachment and one (1) wagon drill, authorize the Board of Public Works to make such purchase, raise the said appropriation by transfer from the Water Surplus Account and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

#### Board of Public Works

ARTICLE 39. To see if the Town will vote to raise and appropriate a sum of money to purchase for use of the Public Works Department one (1) four to five ton dump truck and to authorize the disposal of the 1949 Mack dump truck now in service, authorize the Board of Public Works to make such purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation, or by transfer from available funds, or do anything in relation thereto.

#### Board of Public Works

ARTICLE 40. To see if the Town will vote to raise and appropriate a sum of money to construct a sanitary sewer main from the existing gravity trunk sewer now located on land of n. or f. Herbert A. Willey, through lands of the aforementioned Herbert A. Willey, Peter Vacca and Maude A. Collamore to Green Street and thence southerly in Green Street to Bow Street, 1525 feet, more or less, and thence northerly in Green Street, 400 feet, more or less, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, or by borrowing, authorize the Board of Selectmen to take land by emi-

ment domain for sewer easement purposes under provisions of Chapter 79 of the General Laws, where necessary, and authorize the Board of Selectmen to obtain easements for the purpose of enabling the Town to enter upon private land where necessary, or do anything in relation thereto.

Rudolph Cataneo and 31 others

ARTICLE 41. To see if the Town will raise and appropriate a sum of money to make a survey of the drainage system in the southerly section of the Town, authorize the Moderator to appoint a survey committee, one member to be the Superintendent of Public Works, or a designated representative, said committee to be authorized to engage the services of a consulting engineer if deemed necessary, authorize the committee to act on behalf of the Town in all surface drainage water problems affecting the Town being undertaken by the Metropolitan District Commission and/or the State Department of Public Works, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

South Side Improvement Association

ARTICLE 42. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of the drainage brook off Avalon Road, from the end of the existing pipe on the northerly side of the property now or formerly of Edward F. Geary on Avalon Road, a distance of 300 feet, more or less, northerly on land of the Town of Stoneham, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing, or otherwise, or do anything in relation thereto.

Edward F. Geary

ARTICLE 43. To see if the Town will vote to accept as public town ways the following ways as laid out by the Planning Board: (1) Waterhouse Road, from Rose Lane to Wagner Road. (2) Brook-bridge Road, from Bow Street Court 1,100 feet, more or less, northerly and easterly to end of previous acceptance.

Residents of Streets

ARTICLE 44. To see if the Town will vote to accept as public town ways the following ways as laid out by the Planning Board: (1) Hotin Road, from William Street to Royal Street. (2) Greenview Road, from end of present public way 220 feet, more or less, to MacArthur Road.

Residents of Streets

ARTICLE 45. To see if the Town will vote to raise and appropriate a sum of money to pave any or all of the public ways accepted under Article 44 of this warrant, under the laws relating to the assessment of betterments, authorize the Board of Selectmen or the Public Works to obtain easements for the purpose of enabling the Town to enter upon private land where necessary, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Residents of Streets

ARTICLE 46. To see if the Town will vote to acquire by purchase, or by taking by eminent domain, or otherwise, land for sewer and drainage easement purposes, title to a certain parcel of land bounded and described as follows: Beginning at a point located at the intersection of MacArthur Road, a public way, and Converse Street, so-called, a proposed street, said point being located 10.08 feet north of a stone bound, the line runs North  $86^{\circ} 07' 40''$  East, a distance of 236.55 feet to a point on Converse Street located at the limits of the proposed street abutting the public way; thence the line runs along the limits of the public way North  $1^{\circ} 05' 20''$  West, a distance of 20.02 feet; thence the line turns and runs South  $86^{\circ} 07' 40''$  West, a distance of 234.96 feet to a point located in the sideline of the said MacArthur Road; thence the line runs along the sideline of MacArthur Road South  $3^{\circ} 26' 40''$  West, a distance of 20.16 feet to the point of Beginning; All according to "Plan of Sewer and Drain Easement abutting Converse Street, Stoneham," dated January 5, 1962, by M. J. Markham, C.E.; to raise and appropriate any sum or sums necessary therefor, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Board of Public Works

ARTICLE 47. To see if the Town will vote to raise and appropriate a sum of money to purchase two (2) new automobiles for use of the Police Department, authorize the disposal of two (2) automobiles now in service, authorize the Moderator to appoint a committee of three (3) citizens to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Chief of Police

ARTICLE 48. To see if the Town will vote to raise and appropriate a sum of money to purchase one (1) new motorcycle for use of the Police Department, authorize the disposal of one (1)

motorcycle now in service, authorize the Moderator to appoint a committee of three (3) citizens to make said purchase and disposal, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

#### Chief of Police

ARTICLE 49. To see if the Town will raise and appropriate a sum of money to remove the existing traffic control stand in Central Square and install an automatic pedestal type traffic control light, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

#### Board of Selectmen

ARTICLE 50. To see if the Town will raise and appropriate a sum of money to revise and update the Assessing Department Block Plan, authorize the Board of Assessors to enter into an agreement with Dana F. Perkins and Sons, Inc., of Reading, Mass., to do such work as is required, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

#### Board of Assessors

ARTICLE 51. To see if the Town will accept provisions of Chapter 268, Acts of 1952, entitled "An Act Providing that Police Officers of Certain Cities and Towns Shall Be Given an Additional Day Off Duty, or, Under Certain Circumstances an Additional Day's Pay When They are Required to Work on Certain Legal Holidays.," raise and appropriate money therefor from taxation or by transfer from available funds, or do anything in relation thereto.

#### Board of Selectmen

ARTICLE 52. To see if the Town will accept provisions of Chapter 640, Acts of 1953, entitled "An Act Providing that Fire Fighters and Certain Others in Certain Cities and Towns Shall Be Given an Additional Day Off Duty or, Under Certain Circumstances, an Additional Day's Pay When They are Required to Work on Certain Legal Holidays," raise and appropriate money therefor from taxation or by transfer from available funds, or do anything in relation thereto.

#### Board of Selectmen

ARTICLE 53. To see if the Town will vote to raise and appropriate a sum of money to pay the rent of quarters or lease quarters for use of Leon E. Warren Camp, United Spanish War

Veterans; Stoneham Post No. 115, American Legion; Sgt. George J. Hall Post No. 620, Veterans of Foreign Wars; Stoneham Chapter 107, Disabled American Veterans; and World War I Veterans, Barracks 395, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Board of Selectmen

ARTICLE 54. To see if the Town will vote to amend the Zoning By-law adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the following described area: Beginning at a point on the Easterly side of Main Street 100 feet distant from the said Main Street at the boundary of land now or formerly of Rutilio Corvo; thence continuing in an Easterly direction by the said land of Rutilio Corvo and by land of the following: Alberta and Mafalda Staffieri; Manuel S. and Clara S. Perry; Edward I. and Ruth H. Tesler; James F. and Janet McDonough; Konstatin and Elena Kreder, 412.95 feet; thence turning and running Northerly slightly Westerly by land of Bear Hill Associates, Inc., 75.80 feet; thence turning and running Westerly slightly Northerly by land of Bear Hill Associates, Inc., 32.16 feet; thence turning and running Northwesterly by land of Bear Hill Associates, Inc., 306.75 feet; thence turning and running Westerly by land of Lillian A. McGaffigan, 283.80 feet to a point 100 feet distant from the said Main Street; thence turning and running in a Southerly direction along the line of the present limits of the Residence "B" District a distance of 370 feet to the point of beginning.

Frank P. D'Annolfo

ARTICLE 55. To see if the Town will vote to amend the Zoning By-law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the following described area: to wit; The land situated in Stoneham, Middlesex County, Massachusetts, and bounded and described as follows: Southwesterly by the north-easterly line of West Wyoming Avenue, seventy-five (75) feet; Northwesterly by land now or formerly of Earl R. Brown et al, one hundred and 2/100 (100.02) feet; and Northeasterly, seventy-two and 91/100 (72.91) feet, and Southeasterly, one hundred (100) feet by Lot 2 as shown on plan hereinafter mentioned; said parcel is shown as Lot 1 on a plan, as modified and approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed in the Registry of Deeds for the South Registry District of Middlesex County in Registration Book 534, Page 142 with Certificate 80892.

William F. D'Annolfo

ARTICLE 56. To see if the Town will vote to amend the Zoning By-law by adding to the present limits of the Residence "B" District, as heretofore defined and set forth, so as to include in the Residence "B" District the following described area: Beginning at a point 100 feet easterly of Main Street on the lot line of land now or formerly of McCarthy and land now or formerly of Steele, thence the line runs northerly to North Street along a line parallel to Main Street and adjacent to the present Residence "B" district, thence the line turns and runs northeasterly along North Street to land now or formerly of Bear Hill Associates, Inc., thence the line turns and runs southerly, easterly, southerly and westerly respectively, along land now or formerly of Bear Hill Associates, Inc., to land now or formerly of McGaffigan, thence the line turns and runs northerly 125 feet, more or less, to land now or formerly of Steele, thence the line turns and runs westerly 216.86 feet to the point of beginning.

Adolph C. Farr

ARTICLE 57. To see if the Town will vote to rescind the existing "Building Regulations" (revised November 1, 1947) and to adopt in place thereof new building regulations as submitted in the report of the Stoneham Building Code Committee to be known as "The Building Code of the Town of Stoneham."

Stoneham Building Code Committee

ARTICLE 58. To see whether the Town will vote to raise and appropriate a sum of money to establish a Code Review Committee, the composition of which shall be made up of a committee of nine (9) persons to be appointed by the Town Moderator, and whose function will be to review the existing and future building code, the electrical code, the plumbing code, the gas code and the code for the Board of Health, including Sanitation and Housing, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds, or do anything in relation thereto.

Stoneham Redevelopment Authority

ARTICLE 59. To see whether the Town will adopt the National Electrical Code, for the reason that the Town has been utilizing same as a guide for a long period of time, and further, that the National Electrical Code is accepted as an excellent standard not only throughout the Commonwealth of Massachusetts, but throughout the entire United States, and further, that it is designed primarily to protect the health, welfare and safety of the community.

Stoneham Redevelopment Authority

ARTICLE 60. To see if the Town will vote to accept provisions of Chapter 646, Acts of 1962, entitled "An Act Increasing the Amounts of Pensions and Retirement Allowances Payable to Certain Former Public Employees, and raise and appropriate money therefor.

Board of Selectmen

ARTICLE 61. To see if the Town will set aside a plot of ground in Lindenwood Cemetery on the westerly side of Main Avenue, across from the existing Soldiers' Monument, for the future erection of a suitable memorial to commemorate the sacrifice of citizens of Stoneham in World War II, or do anything in relation thereto.

Trustees of Stoneham Home Front Committee

ARTICLE 62. To see if the Town will accept provisions of Chapter 223, Acts of 1957, entitled "An Act Authorizing Cities and Towns to Establish Conservation Commissions to Promote the Development of Natural Resources," and to appropriate money therefor.

Furio Bracciotti

And you are directed to have one thousand two hundred (1200) copies of the warrant printed and so serve the same by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place aforesaid.

Given unto our hands this nineteenth day of February in the year of our Lord one thousand nine hundred and sixty-three.

GEORGE L. SULLIVAN

DANIEL L. HURLEY

FRED A. SCHNEIDER
